COUNCIL NEWS

The weekend before the Annual Parish Meeting the Parish Council was informed its Chairman, Simon Hand, had been taken ill and was in hospital. The Council sends Simon its best wishes for a swift recovery.

As a result the Vice Chairman, Sheelagh Cohen, replaced him at the Annual Parish Meeting which included a display and consultation regarding the proposed Community Facility and Library at the former Barclays Bank. The Council has made its own response to the consultation after hearing parishioners views at this meeting. The Council reported its work over the last year and some future plans, such as a Hamble wide consultation to seek parishioners views on priorities for a plan for Hamble in the next few years. A report of this meeting will be in the next Village Magazine.

As mentioned in the Council News at the end of last year, representatives of Foreman Homes attended a Parish Council meeting to inform the Council that it was in pre-application discussions with the planning authority, regarding a proposed development of 50 residential units in the field between the north end of the footpath alongside the former airfield and the houses in Satchell Lane opposite the Mercury estate. Before a recent Council meeting representatives of the landowners made a presentation to the Council regarding their draft proposals. They outlined the constraints and opportunities of the site and a draft proposal to build 70 dwellings of which 40% would be affordable housing. They had identified the access point to be after the bend opposite the Halyards that would necessitate realignment of the road at the bend. A footpath would be provided along the road and around the site.

It might seem some time away but the Council has been working with some parishioners planning for next Christmas and its festive lights. Representatives of the Council attended a festive lights seminar to seek information about best practice and the regulations that must be met. Councillors have also been on a course about the planning process and will be undertaking training to update them on Local Council Finance.

As it is the end of the financial year the Council has been dealing with a number of financial matters such as audit, final end of year accounts and confirming its financial risk assessment. Although the Parish Council can seek advice from Hampshire Association of Local Councils, it has decided to appoint consultants to assist with Human Resources, Health and Safety policies and provide additional advice.

During the last month works to the dropped kerb from the car park at the Foreshore have been completed to improve access to the public facilities. Eastleigh Borough Council funded and undertook the work. This takes us one step closer to the facilities being open.

The Council has agreed to support and give a financial contribution towards the Borough Council's Summer Park Sport 2017 activities, some of which will be held in Hamble.

As is advertised in this magazine the Roy Underdown Pavilion is available for hire and it is now attracting a wider range of users. As a result the Council is reviewing and updating its conditions of hire. Please remember as well as being used by community groups it can also be hired by private groups for events such as parties. Please contact the Parish Office for details.

Have you any links to Netley Military Hospital?

Do you have any family members who worked there
or who were there as a patient?

All ex Netley RAMC members are especially invited to
meet up with old friends.

Have you any documents, photographs or items relating
to the hospital that you would like to share?

If you have, please bring them to the Prince Consort in
Victoria Road on Saturday May 20th from 12 o'clock
onwards where we would be very pleased to meet you
and talk about your memories.

Hope to see you there.

Message from the Clerk

So this is the second edition of the magazine in colour. We are still experimenting so you might see slight changes in this edition to the last. When we took the decision to move to colour we said we would do it for 3 months and see what the feedback was like. So now is the time to make your views known. You can drop me a line, send me an email or post a comment on Facebook. You'll find our details in the normal place inside front page of the magazine.

On a similar subject the council is now firming up its plans for the consultation exercise titled WeRHamble - A Community Vision. It will start on the 15th May and run to the 30th June 2017. During that period we want to hear from residents, local interest groups, landowners, businesses and stakeholders. We will be arranging community events and hope as many of you as possible will come along. For those of you that can't make it there will be a range of other opportunities to take part. There will be posters going up over the village during the next few weeks and post cards sent out that will give more details, so keep an eye open for them.

Please make sure you make your views are heard. The responses that we get will help us to shape a vision for the village for the next 10 years. It will help us to understand what you want us to spend your money on and the types of partnerships that will be important in meeting your needs and aspirations. It's easy to think that your views won't make a difference but you'd be surprised at how a comment can trigger a chain of responses that in turn result in something changing for the better. So don't be shy!

Already the team are looking at the replacement of play equipment and the pavilion at Mount Pleasant. The current equipment has served us well but is now looking dated. We want to talk to parents that regularly use the area, the children themselves and the younger people that use the skate park and youth shelters. We have had a chat with the Head Teacher at Hamble Primary School about coming in to speak to the children to find out what they want and we hope that through HYPE (the youth engagement project) we can do the same with young people. We will be looking at funding and grant giving schemes to help cover the cost of replacement equipment and getting support from local people could make all the difference in being successful or not.

As the warmer months draw on you will see the Grounds Team out keeping the village looking at its best. Their work programme is varied from cutting the grass and pruning work, to emptying bins and tidying up around our various open spaces and pavilions, keeping an eye on the allotments, the dinghy park and churchyard as well. We do get feedback on the difference that they make in the local area but if you like something they've done and you get a chance to tell them, please do. They work incredibly hard and are very proud of the village and the spaces they look after.

Finally we are improving the range of information that can be found on the website. It's not always easy to know what information people find useful so there is an element of trial and error. We hope by the end of the year that there will be lots more information about the services we provide, booking information about our community spaces as well as introducing on line payments. We want people to be able to do business when it suits them not when we are open. As things change I'll keep you up dated.

Amanda

SERVING UP FRESH PRODUCE AND FAMILY FUN AT HAMBLE SPRING FEST ON SATURDAY, MAY 6TH

On May 6th, Hampshire Farmers' Markets will be returning to Hamble for Spring Fest, the first of two fantastic events in the village this year – the second being Hamble Food Festival on September 2nd.

"Around 28 of our producers will be setting up shop in Hamble's Foreshore Car Park from 10am to 3pm," says Alex Handford, business manager at Hampshire Farmers' Markets. "Plus Purbeck Ice Cream are coming, as well as Moo-Shakes, Drover Coffee and Meon Valley Cider."

Just some of the Hampshire producers you will find on the day include the award-winning Ambrose Sausages, as well as some of the best game from Hampshire Game and Newhouse Venison & Game. They will even have venison burgers and jumbo sausages ready to eat all day. Plus if the seaside location inspires you, Kerry's Catch and Catch IOW will be offering fresh fish and fishcakes, among other treats. Perhaps you're after new plants for your garden? Then you can pop along to Cottage Garden Plants' stand or RC Court.

If you need a loaf of wonderful real bread stop by at The Flour Stall's stand and, for something sweet, The Hampshire Confectioner and Fordingbridge Fudge can oblige.

Let's not forget the drinks... Gin distilleries Silent Pool and Winchester Distillery will be handing out samples to try and bottles to buy. Or if you prefer something fizzy, treat yourself to a bottle of Raimes English Sparkling Wine, who will be attending their first ever Hampshire Farmers' Market. Not forgetting Mash Brewery who will be offering a selection of their ales.

There's also a real treat in store from Mrs B's Bees. Bee expert and honey producer Debbie will be bringing along her bee cabinet and will be talking bees to visitors throughout the day. So if you've ever wondered what goes into keeping these wonderful insects, now's the chance to find out.

As an addition to the festival, Oscar Pet Foods will be setting up shop for the day; there will be face painting by Twinkles, plus demos and products from Three Copse Woodland.

Alex continues: "Our free festivals down here in Hamble are becoming renowned for a great day out, plus it's a good way to discover what local produce is on offer during the season."

For more information on all the producers and your local market you can visit the website www.hampshirefarmersmarkets.co.uk

WETWHEELS HAMBLE

Wetwheels Hamble is up and running – a ten metre accessible catamaran capable of carrying up to ten individuals (three of which can be wheelchair users). The aim of this local charity is to provide the opportunity for disabled and disadvantaged people, of all ages to experience and enjoy power boating and thereby improve their aspirations and ability to enjoy life to the full. The boat has 600hp, twin Suzuki engines with a maximum speed of 40knots (50 mph). Since the boat's launch in June nearly 350 passengers have enjoyed the Wetwheels Hamble experience.

Wetwheels Hamble is the third boat for the Wetwheels Foundation and the boat operates out of the Royal Southern Yacht Club Prince Philip Haven. Where possible the trips are heavily subsidised for disadvantaged groups. The charity is dependent on the generosity of donations and private charters (e.g. fishing) to cover the annual operating costs. Anyone wishing to know more about Wetwheels Hamble to find out about trips, make a donation or charter can contact Wetwheels at office@wetwheelshamble.co.uk or telephone 07733944321. For latest news check out our Facebook page 'Wetwheels Hamble'.

"It is hard to find the words to fully explain the tremendous benefits our students gained from Wetwheels in terms of confidence, personal development and broadening of horizons." Lufton College, Yeovil

"Wetwheels Hamble provides a unique experience for many of our clients to go out on the water and to get the opportunity whatever their difficulties to drive a power boat at speed" Director, Wetwheels Hamble

ADVANCE WARNING LOUD ALARM TEST

at the Hamble-le-Rice Oil Terminal.

The alarm will be tested on

TUESDAY 6 JUNE 2017 at 10:45 am.

The Terminal's high powered community alarm system, which is tested annually, will be sounded on Tuesday 6 June 2017. The test will include the "ALERT" followed by the "ALL CLEAR". It will last for about 5 minutes. It will be followed at 11:00 am by the usual weekly testing of the on-site fire alarm.

Any queries please contact 023 8045 6028

EASTLEIGH MENS SHED

Eastleigh Mens Shed was established early in 2014, by its four founder members Hugh, Bryan, Graham and Andi. From a small group meeting in a pub twice a month we now have approaching forty members meeting at our Hamble base every Wednesday and Thursday.

Eastleigh Mens Shed is a larger version of the typical man's shed in the garden – a place where he feels at home and pursues practical interests with a high degree of autonomy.

Eastleigh Mens Shed offers this to a group of such men where members share the tools and resources they need to work on group projects or one of their own choosing at their own pace and in a safe, friendly and inclusive venue. We are a place of skill-sharing and informal learning, of individual pursuits and community projects, of purpose, achievement and social interaction. A place of leisure where men come together to work.

A Shed's activities usually involve making or mending in wood (e.g. carpentry, joinery, turning, carving, whittling, marquetry, furniture renovation) but may include metalworking (milling, sheet metal, welding, etc.) bike repair, gardening, electronics, tool renovation, boat renovation, model engineering (model railways, planes) and even building a car! Reclamation, reuse and restoration will feature strongly – and some say that is true of the men too! Although Sheds mostly attract older men, some have included men of any age, women and young people. Whichever activities are pursued the essence of a Shed is not a building, which some don't have, but the network of relationships between the members.

TABLE TENNIS FOR SENIORS

We are pleased to announce another new initiative for the local community, following a successful six week trial leading up to Christmas. We are now running a regular Monday afternoon table tennis session for "Seniors".

Play starts at 2pm at Lowford Community Centre, Portsmouth Road, Lowford, SO31 8ES. and runs for an hour. Cost is just £2 per player.

This is a fun session for exercise and enjoyment, not competitive. Some of us only play for the full hour, others take regular breaks, you can play with a regular partner or join in the round robin. We play both singles and doubles games.

For more information ring Andi on 07547 918966 or email info@eastleighmensshed.co.uk

Hamble Local History Society Netley Chapel

At its last meeting there was a much larger than expected attendance with visitors outnumbering Society members. This was because Paul Del-A-More, who is the Hampshire County Council's Senior Project Manager, Country Parks Transformation, gave a talk about the history of Netley Hospital and the current Chapel restoration project. As well as the talk Paul brought along some of the project's volunteers with a display of pictures of Netley Hospital over the years of its existence.

Paul started his illustrated talk by explaining his role in the £3.1 million project and that as a child he lived in Hamble. The need for a military hospital was identified during the Crimean war and Queen Victoria was concerned there was nothing to serve the injured soldiers. Therefore it was agreed that a 1000 bed hospital was required in this country by the sea so the hospital ships from abroad could land the casualties direct to the hospital.

Netley was chosen as a suitable location and in 1855 a hundred and nine acres of land was bought from the Chamberlayne family for £15,000. Queen Victoria laid the foundation stone with a casket of memorabilia underneath it in 1856. Florence Nightingale was critical of the hospital's design and very few of the changes she suggested were implemented. The hospital had its own pier and it was not until 1863 that it was ready to receive its first patients. It had 138 wards on three floors and its final cost was £350,000.

The hospital became a leading centre for medical research and Paul told of the important doctors that worked there and their achievements in medical discoveries. Netley was a training hospital so there was an operation theatre with a gallery for 100 trainees to watch the doctors undertaking surgery. There was also a museum of military surgery at Netley to help with medical research. Paul spoke about nursing as well and that in 1881 the Army Nursing Service was established.

As well as the hospital there was a chapel, cemetery, billiards room, theatre, school and post office.

The First World War was a very busy period for the hospital and by this time it had its own railway station as the larger hospital ships could not land the casualties at the hospital's pier. These ships went to Southampton Docks and the injured soldiers were transferred to Netley by hospital trains. The hospital

was expanded into the grounds with a Red Cross hutted hospital.

Paul explained some of the treatments that were undertaken on the casualties, such as a strong magnetic machine that pulled metal shrapnel from patients' eyes. The hospital had an asylum for insane soldiers but little was known of mental consequences of war such as shell shock.

During the Second World War the hospital was handed over to the Americans in 1944 but they were not impressed by the quality of the facilities there. It was handed back in 1945. The hospital closed in 1958 and the main building was demolished in 1966, just leaving the chapel and few other buildings.

Paul then went on to tell the meeting about the impressive £3.1 million project he is leading to restore the Chapel, including £355,000 for wider park improvements. There will be four structures to identify the corners of the hospital and another to identify the location of the former pier. These will bring alive the hospital history through images and text and will also tell the story of those who worked there.

At the end of the meeting there was a question and answer session and there was a long discussion about whether an American Jeep had driven along the quarter of a mile long corridor. Paul said as far as he was concerned he believed it was folklore until someone provided any evidence such as a photograph to prove it happened, although a number of the audience disagreed from stories they had been told.

Paul explained the name to be used for the hospital from now will be the 'Royal Victoria Military Hospital', so it can be differentiated and found easily on the internet from a number of other Royal Victoria Hospitals around the world.

If you want to find out more about the Netley Chapel restoration project please see

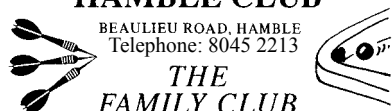

<http://www3.hants.gov.uk/countryside/countryside-service/country-parks/rvcv/rvcv-improvements.htm>

It is hoped that the project will be completed by summer 2018, when access to the Chapel will be free but with a charge for people who wish to go up its tower. A very successful talk with an excellent balance between the hospital's history and the current restoration programme.

Southampton SO31 4RF

Do you know anyone with an interest in wild plants or who would like to learn more about them? As the weather warms and the days get longer we are looking for people to help us.

The National Plant Monitoring Scheme is helping us to understand what is happening to different habitats across the UK and is set to run for a number of years. The Scheme has been running for two survey seasons and over 900 volunteers have signed up and been out surveying. One of the reasons the scheme has enjoyed such good success in attracting volunteers is because of the support of local parish councils. Many of these volunteers are new to plant surveying and have found the scheme accessible, are enjoying taking part and are exploring places to close to them and finding out new things. Volunteers are supported by materials which are sent to them, online resources and free training courses.

Do you know somebody who enjoys being outside? There are still opportunities to get involved with the scheme as a volunteer. In fact the more volunteers we have the more information is generated allowing us to get an even better understanding of what is happening in the landscape.

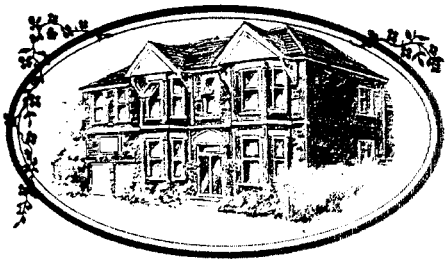

Who we are and what we need:

This scheme is a partnership between [Botanical Society of Britain and Ireland](http://www.bsbi.org) (BSBI); [JNCC](http://www.jncc.gov.uk); [Centre for Ecology and Hydrology](http://www.ceh.ac.uk) (CEH) and [Plantlife](http://www.plantlife.org.uk) and is backed by the government. Volunteers are recruited and supported to survey 5 plots in a kilometre square close to where they live. The plots will be surveyed twice a year. The kilometre squares to monitor have been identified by stratified random sampling. The plants have been chosen as indicators of the health of individual habitats. There are 3 levels volunteers can participate at depending on confidence and knowledge and support will be provided both through training; web and telephone.

To sign up please visit www.npms.org.uk or for further information please email support@npms.org.uk or phone 01722 342743.

Thank you for your support

"THE SUN IS SHINING - THE GREEN LOOKS GOOD - WHAT ARE YOU WAITING FOR - COME ALONG AND TRY BOWLING!"

Folland Bowling Club is once again offering to show you how to bowl for free. So come along on any evening in May from 6.00 p.m. We will provide the equipment, expert tuition, friendly faces and a cuppa! We are a thriving club but always like to welcome new members. You will find us just inside the gate of GE Hamble on Kings Avenue. We would just ask you to wear sensible shoes. We look forward to seeing you.

For any further information contact Terry Brook on 02381 782080 or email terry.brook@talktalk.net

HISTORY OF HAMBLE SEA ANGLING CLUB

The Hamble Sea Angling Club was formed in 1978 with thirty members. Since then the club has hosted its own competitions as well as entering in the mid-eighties against other clubs. They started to do really well. By 1992 they were fishing in the national competitions and that same year saw Tony Spridgeon win the Wessex Boat Champion of Champions in Jersey. In 1993 the Club won the N.F.S.A. National Boat Championship Four Man Team in Penzance and has gone from strength to strength ever since. The Club has continued to take part in competitions with 1st places and gold medals being won on a regular basis over the years.

Last year in The Home Nations Boat Championship the HSAC actually had three members fishing for the England Team. Steve Batchelor managed the team as well as fished, while John Bellamy had his first experience with The England Team and did really well. Colin Searles doubled up with The Home Nations as well as The World Championships and helped win the Home Nations GOLD Medal. WELL DONE ALL!

FROM THE COUNCIL'S RECORDS

100 YEARS AGO – Board of Agriculture suggesting that Food Production Societies should be formed in every Parish that any costs incurred in the destruction of Rats and Sparrows could now be charged on the rates **MAY 1917**

100 YEARS AGO – Sanitary Complaint that there had been several complaints made as to nuisances caused by some Tenants of Copperhill Terrace, by emptying Slops & Refuse in Well Lane **MAY 1917**

75 YEARS AGO – Salvage to send a letter to Mr C.A. Cooke, Salvage Officer to ask if he would have removed from No.8 Allotment in Verdon Avenue, an accumulation of parts of Cars, Bicycles and other salvage, as the Allotment had been let. **MAY 1942**

75 YEARS AGO – Mortuary that the Mortuary at Hamble has been completed & he thought it was a very good job **MAY 1942**

50 YEARS AGO – Hamble Welfare Committee Proposed warning bell system for the elderly. Advising that the emergency bell system has been demonstrated to their committee. The Committee felt that the sum of £100, would be necessary to provide this aid for the elderly **MAY 1967**

50 YEARS AGO – E.B.G. Stagg Foreshore Ramp Putting forward an alternative scheme for the protection of the Ramp, he is of the opinion that a fence would completely block off the view of the River from the seats. Mr Stagg said that he would be pleased to discuss the matter with the Foreshore Committee. **MAY 1967**

25 YEARS AGO – Parishioners' Question Time The Clerk, introduced Sergeant McMamara and PC Woolcock, the new Station Sergeant at Netley Police Station and the new Village Policeman.
..... a social and presentation evening for Mr Ray Williams who had been a retained Fireman in Hamble for 33 years **MAY 1992**
