**Presentation on traffic calming measure in Kingsclere:**

Cllr Goff detailed proposals to improve traffic conditions in Kingsclere, giving opportunities for discussion and residents approval.

- 'Unsuitable for HGV' signs to be installed at approached to the village from the north. This proposal was supported with the comment that signs should also be placed at Overton, Whitchurch and Burghclere to deter HGV's from the South.
- It was agreed that the bus shelter layby at Fawconer Road be improved to reduce the risk of further damage to the shelter structure.
- The proposal to extend the 30mph zone on the Basingstoke Road to be pursued.
- Central white line at the bend on Newbury Road to be reinstated and "SLOW" marking added.
- There was overwhelming approval for the introduction of a 20mph speed limit on Swan Street between St Mary's Church and Bear Hill.
- The proposal for bollards on the footway to prevent traffic mounting the kerbs needs to be revisited as many residents express concern. Resident at No:43 was concerned that her property was still not adequately protected.
- The proposals for rationalisation of the signage at Pound Green received overwhelming support. Concern was expressed regarding poor visibility at the give way markings resulting in traffic overrunning the give way lines.

Following the useful discussions the Chairman asked that any further thoughts be submitted to the Parish Council. Members of the public offered thanks to the Parish Council for all the work that had been done so far and for considering their views.
