Planning Committee

Minutes

24th November 2025

PUBLIC FORUM –

A resident raised concerns regarding 25/504006 – the application is in the Staplehurst Conservation Area, the design is harmful to the setting of the Manor House, with no access and no drainage. The proposed 6 dwellings should be contained within the Manor House extension, and it is 120 metres from the Manor House.

A resident raised concerns regarding 25/504006 – it mentions a dwelling near the application site – it has nothing to do with this application and MBC planning have confirmed no further action.

The Garden Shed is dilapidated 9 ½ ft by 6 ¾ ft. The proposed “replacement” is not consummate with the Garden Shed.

The area has a history of flooding, adding one dwelling providing accommodation for 6 without waste / foul drainage is not acceptable. Note a local pond is a catchment, has no exit and overflows after heavy rain. It is not suitable to be included in a drainage design.

PRESENT: Cllr Arger, Ash, Pett, Sharp and McLaughlin plus the Clerk

CLERK'S PLANNING REPORT:

No further update on "earthworks" at Duckhurst Farm.
Circulated TWBC Local Plan consultation.

FULL PLANNING APPLICATIONS: (for comment/recommendation)

25/504006 **Iden Manor Nursing Home, Cranbrook Road TN12 0ER-** Demolition of existing shed and erection of single storey detached building, to provide temporary on-site staff living accommodation comprising 6no. bedrooms with communal facilities, for a period of 5 years.

Following a debate which included;

- The Garden Shed in planning terms is not relevant – this is a new development providing accommodation for 6 people in the Countryside in the Conservation Area.
- The area has a history of flooding, adding one dwelling providing accommodation for 6 without waste / foul drainage is not acceptable.
- A local pond already overflows during heavy rain and is not suitable to be included in a drainage design.
- South East Water were against the previous application (23/505361) to extend the Manor House as they had concerns on a number of surface water drainage issues.
- The permission application included two conditions 12 & 13, which have not been implemented.
- Access is also an issue in the area – there is no access in the design of this new development.
- The 5-year term is confusing.
- The application lacks detail and information.

Cllr Sharp proposed and Cllr McLaughlin seconded to recommend refusal the application and if the Planning Officer is minded approve, to call into Planning Committee, on the following grounds.

LPRHOU5 - At sites within or adjacent to the Rural Service Centres, Larger and Smaller Villages as defined under policies LPRSP1 to LPRSP8 new residential development will be expected to achieve a net density of 30 dwellings per hectare where that is compatible with the individual settings of those sites.

LPRCD3 - 2 Proposals for new agricultural buildings or structures on land in use for agricultural trade or business which meet the following criteria will be permitted – however this is NOT agricultural use and should not be permitted.

LPRS15 – Principles of good design, especially in a Conservation Area

LPRQD2 - external lighting

LPRQD4 – Design Principles in the Countryside

LPRQD7 – Private open space standards (120 metres from the main property)

Note that track is already in place and this appears to be retrospective.

Defer to the Conservation and Tree Officers expertise.
