Afternoon Darryn,

Thank you for your quick attention to the quotation. I note your lead in time but the quote will be discussed at the next Trustees meeting in mid November, that's the way it works in the Museum World. However we have a closed period from 22nd December to 14th February for cleaning and exhibition changes, it is very unlikely that a pre Christmas installation would be required.

I will be in touch as soon as I know more after our meeting! Thanks again Darryn for your attention in this matter!

Regards, Peter.

Morning Peter

Nice to see you again yesterday.

As per previous correspondence, the cost to supply and install a CCTV system at Swaffham Museum, is £3,950 + VAT.

The system will comprise of the following:

- 1 x 16 channel NVR
- 1 x 4Tb Hard drive (28 days continuous recording at 20 FPS)
- 1 x 22" LED Monitor
- 9 x 4MP 2.8mm IP Turret
- 9 x Camera junction box
- 3 x CCTV signs
- Cat 5 cable and sundries
- 1 x NSI Certificate
- 1 x First year's maintenance

We will install new cables and trunking where required and "tidy up" the existing system where appropriate. Please note that there will be an element of redecorating.

If this is within budget, please let me know and I will send over a full specification. I have allowed a week for the installation so if this is required before Christmas, we would need to know soon please as we are booking up fairly quickly.

Kind Regards,
