CDHS Fellowship Event

Sunday 21st March 2027, 2.30pm – **Alfie Vine** gives a Talk on the US Navy's WW2 aircraft carrier USN ENTERPRISE CV-6.

To her crew and airmen, she was 'the Big E'. To the Japanese, she was 'the Grey Ghost.'

USS Enterprise (CV-6) was the most revered and decorated American ship of the Second World War. From Pearl harbour to the shores of Japan, she came to represent America's fighting spirit in the pacific war. In this talk, we will go over her remarkable story, of every campaign she took part in, the men who served on her and how, for a brief moment, she stood alone against the empire of the rising sun.
