Excellent video thank-you. We're happy to help any groups who might like support in returning to travelling by train @CommunityRail

We've created a handy video to remind schoolchildren how they can get travel savvy before they hop on a train and head back to the classroom.

Supporting rail industry positive messaging for a safe return to travel.

Illustrating examples promoting a safe return to trains on SCRP educational video

Promotion of rail travel via social media and SCRP website

Offering support through Try a Train trips to increase personal confidence

**Objective 4:** Promote rail travel for tourism and leisure

75

Promotion of countryside, towns and attractions within easy reach of the 1066 Line through social media and the SCRP website

1066 Line map shows integration of rail/bus/foot and cycle routes for leisure

Positive messaging about travelling by train to destinations shared with wider stakeholders

**Objective 5:** Promote sustainable projects

Encouraging wildlife friendly gardening at stations such as St Leonards Warrior Square and Robertsbridge

Review of achievements and challenges in SCRP Environment Policy Report Promoting the use of more sustainable travel through the 1066 Line map and future interactive website version

> Reviewing potential conservation sites which have the potential for improvement with Network Rail Sustainability Report in mind

Supporting High Weald AONB in promoting access to the area by train

**Objective 6:** 

Undertake community development around stations to enhance the station environment

Review of potential window art display at Hastings Station with station staff and Love Hastings

Funding assistance for gardening at Robertsbridge with new hanging baskets displayed Development of plans for community hub at Battle Stations Masters house with SER and Railway Heritage Trust

> Review of potential sites for use of disused parts of station buildings at Frant, St Leonards Warrior Square, Robertsbridge and Wadhurst

**Objective 7:** 

Promote the work of SCRP and partners to further the work of the Community rail Network

Successful reaccreditation of SCRP through Community Rail Network and DfT

> Promotion of the work of SCRP though Annual Report, newsletters, website, social media, attendance at forums and external meetings

Collaborative project planning with Kent CRP at Tonbridge

Meetings with SER staff to strengthen

relationships

**Objective 8:** Continual Line officer skills development

> Successful interview and application to become a member of SER's new Accessibility Forum which will involve accessibility training

Project planning for map design and interactive map through Scenic Rail Britain

Community Rail Network Project Evaluation training completed

Mapping walks training via High Weald AONB Education Officer
