Address Check

1, Church Cottage, Mattingley Green, ▼ Go

Please note that it can take two weeks after a cabinet goes live to appear as accepting orders on our map.

Please select your address from the dropdown above.

Fibre Journey

The cabinet that serves your premises is live, but your speeds aren't as fast as we'd like them to be. Your area has been reviewed and there is a plan to do further work to increase speeds via FTTP technology.

We follow a different design and build process for FTTP so you won't see updates at each stage. As soon as we have built the network and made services available, you will see an 'Accepting Orders' message.

Go

Please select your address from the dropdown above.

Fibre Journey

Your cabinet is enabled for Superfast fibre however you're not able to order fibre just yet.

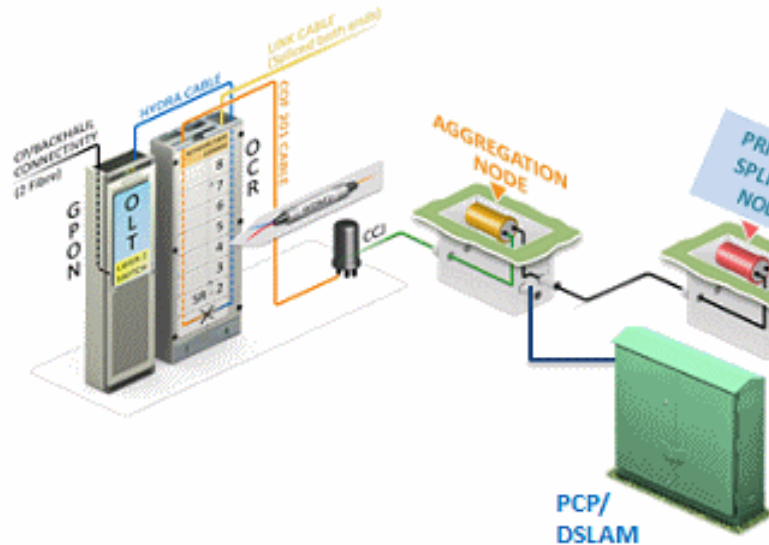

This might be because the length of the line is too long to get Superfast speeds. We're actively looking at other options.
