Hi Richard

I am sorry to hear that, and completely understand. It would be very much appreciated if it could be taken to Full Council, and I have attached an updated document with some added images and photos of the sites in question.

Please let me know if there are any queries or if there is any additional information that you require.

Many thanks
Jack

This message originated from outside your organization

Good afternoon Jack,

Unfortunately your email arrived on Friday after I had left the office for the weekend. I was then on compassionate leave on Monday, Tuesday and Wednesday following the death of my Mother-in-law on Saturday morning. I therefore did not Clerk the meeting on Tuesday for the Transport Committee, so will now take this forward to the Full Council meeting on 14th October. I will get back to you on the 15th with a response from the Town Council, I will circulate non-Councillor members of our Transport Committee and get feedback from them too!

Apologies for this, but as you can see these were unforeseen circumstances.

Best regards,

Richard Bishop
Town Clerk

Good afternoon Richard

I just wanted to follow up on my email below to check whether you were happy with the suggested sites that I had outlined in the document below – I hope that these are in line with the sites mentioned in your previous email?

To confirm, all sites are fine with highways now and are suitable for installation. I am hoping to get Town Council approval for the sites and was wondering how we could best go about this.

Many thanks
Jack

Subject: Swaffham Proposed Bike Rack Locations

Hello Richard

Having taken a look at the proposed locations that you suggested where bike racks could be located I have identified 3 sites which I would like to put forward. I was hoping that you could check the attached document and see if I have gotten the correct locations from your previous suggestions:

- The site by Theatre Street Car Park
- Lynn St, Adjacent to Abbots Estate Agents
- Church Walk, behind the bollards

I appreciate that we wanted to get this agreed at Transport Access & Environment Committee on 6th October, and hoping that this may still be possible.

I have had confirmation from highways that they are happy with the first two sites, but am still waiting to hear back regarding the Church Walk site, as this was put forward after previous options were ruled out. As you said in your previous email, this area is Town Council land, so there really should not be any objection to this from highways.

Let me know your thoughts.

Many thanks

Jack
