Perfect for any type of environment, and suitable for adults and children aged 7 years and over, our Recycled Plastic Traditional Seat can sit up to 3 people at any one time. Made from 100% HDPE recycled plastic, the product is maintenance free, does not rot, corrode or splinter. There is no staining or varnishing required, and the product can be left outdoors all year round.

Looking to have the benches secured to the ground? No problem! Our ground fixing plates (for concrete - order item code D18553), and extended legs (for soft ground and tarmac - order item code D18552), these are perfect to add that extra security and peace of mind to the products.
