

Hanslope Parish Council only has one Standing Committee - an Allotment Committee. We utilise the option of Working Groups to carry out other work, as a more practical option. Working groups do not have to be open to the public, issue agendas or minutes, or meet in a public building. They are permitted to include members of the public under certain circumstances, e.g. people with specific knowledge or expertise. Working groups cannot make decisions and can only make recommendations to full council, for decision at council meetings.
