

## **REPORT FROM SEEND & DISTRICT RAMBLERS for APM on Thursday 7<sup>th</sup> May 2024**

Seend & District Ramblers have enjoyed another year of Rambling in our beautiful countryside. We have had a good number of members joining the monthly walks, enjoy social events and the weekend away.

Walks have included, something different but very enjoyable, urban walk around Bath and along the River Avon as well as walks from Honeystreet, Smallgrain Plantation (Blacklands, Calne), Monkton Farleigh, Reybridge and Lacock, Wootton Rivers, Drews Pond Devizes, Semington, Biddestone village and Lockeridge.

A good number battled it out in July for the top ladies and gents titles in Skittles which included an American supper. This was followed by a well supported evening walk and picnic at Yatton Keynell.

This year's weekend away saw us return to Minehead where we walked from the hotel to Dunster and returned along the beach. The Sunday walk was from a little village, Horner, which was very enjoyable and ended with a stop at the café for a well earned cuppa and piece of Bobby's bread pudding.

The Christmas meal at The Three Magpies was excellent and full of festive spirit.

As you can see this group continues to thrive but new members are always welcome.

Sandra James

Secretary of Seend & District Ramblers
