The minutes of the meeting of 11th March 2008 were proposed for acceptance by Cllr. Clarke, seconded by Cllr. Davis and agreed.

Recreational Areas

- 1. Memorial Recreation Ground** – No items raised.
- 2. Acres** – Cllr Stafford reported that the litter bin, near to the pavilion, had been broken off from its base. The Clerk referred to quotations from Brian Stocks to renovate the football pitch on the Acres. This was proposed by Cllr Reynolds, with the exception of the worm treatment, seconded by Cllr. Clarke and agreed. It was agreed that further consideration should be given to the work to be undertaken on the adjacent field, incorporating the removal of stones.
- 3. Southwell Road** – The Clerk reported that the damage to the soft surfacing had been repaired.

4. **Wilson's Field** – Cllr. Stafford reported damage to the new trees, recently planted in the enclosure.

Footpaths and Highways

The Clerk opened the discussion by referring to the letter received from Newark & Sherwood District Council regarding parking enforcement due to commence on 8th May 2008.

Cllr Stewart outlined the proposals for parking enforcement, generally. He stated that a number of wardens are being appointed to randomly patrol the areas with adequate office support to ensure enforcement procedures are followed. Enforcement will be undertaken dependant upon local priorities, and therefore some local bidding would be required.

Cllr Stewart stated that a meeting had been held in Rainworth regarding the proposed incinerator and various views had been expressed with some experts being against the proposal. It was stated that Farnsfield had raised concerns on highway grounds related to the volume of the projected traffic to service the incinerator and the times of operation.

The deteriorating state of Cotton Mill Lane and Crabnook Lane were raised with Cllr Stewart who agreed to raise the issue with County as these are designated bridleways.

The state of Southwell Trail was also raised as it was becoming badly littered and appeared to have been subjected to some 'fly tipping'. As this trail is managed by the County Council, Cllr Stewart agreed to pursue this matter.

Cllr Reeves raised concerns regarding parking on the Ridgeway estate suggesting that ambulances or fire engines would have difficulty gaining access due to badly parked vehicles. It was noted that there were no parking restrictions in the area and the relevant services had methods to deal with such problems.

Parish Plan Reports

Planning – Cllr Jepson stated that he had received the paper on the proposals to consider 'Strategic Land Availability' in the district from the Clerk. It was considered that there was nothing to raise at this stage as the papers set out the terms of reference for the review. Whilst Farnsfield is likely to be affected any proposals would be referred separately to the parish for consultation. The whole process is

part of central government's proposals to find land in order to build thousands of new houses to meet the projected national shortage.

Environment and tourism – Cllr McDowall had previously proposed that Farnsfield should enter the 'Best kept village competition'. It was agreed to enter for 2008 and gain a measure of the state of the village in light of the competition.

Public transport – no matters raised.

Communications- It was noted that the Newsletter had not been produced due to the fire at the Village Centre destroying the copier. A replacement copier has been authorised by the loss adjuster and it was anticipated that the programme will get back on track in the near future.

Correspondence

The Clerk made available various items of correspondence for noting. The letter regarding parking had been discussed earlier.

It was noted that the Village fete will be held on 5th July 2008 and whilst there was no request for local funding Cllr Stewart had made available funding for toilet provision as per 2007.

Financial matters

Accounts

The Clerk had previously circulated a set of accounts for consideration and approval. He requested that the invoice for Lane Sheppard be ignored as it was being paid separately by the loss adjusters as part of the Village Centre insurance claims, and circulated a revised schedule of accounts containing 10 cheques amounting to £4307.29p. These had been scrutinised by Cllr Jepson and were proposed for acceptance by Cllr Elliott, seconded by Cllr Davis and approved.

The Clerk stated that he had received a request for grant support for the upkeep of the church burial grounds under S 137. He stated that in previous years £500 had been granted.

Firstly relating to speeding vehicles through the village he queried why Farnsfield had no electronic signs similar to those in adjacent villages.

Cllr Elliott informed him that the Parish Council had tried to get these installed on a number of occasions but the County Council had resisted the request but had installed the larger signs, the 'gated system'.

The second matter concerned the Warwick Arms, currently in a deplorable state. He was informed of the action taken by the parish council and Newark & Sherwood DC.

Comments were made regarding the circulation of the newsletter and they were informed that the issue due out in February was missed due to the fire at the Village Centre and that an issue was due out at the end of May. He was also informed that due to the incomplete coverage

of the village spare copies were placed at strategic points in the village.

Hugh Milton commented regarding the parking in the village Main Street stating that there was a short stretch of double yellow lines near to the church that required removing.

Cllr Stewart noted the comments.

He asked if there had been any demand for allotments in the village and was informed that only one enquiry had been made in several years and the enquirer had taken up a plot at Edingley.

The Clerk stated that he had reported the demolished village sign on Mansfield Road to NCC Highways.

Parish Plan reports

Planning – Cllr Jepson reported on the N&S DC Framework Supplementary Planning Document and proposed that the reasons for agreeing were as follows:

- To ensure a development is directly financially committed to :
 1. benefiting the community, e.g. enhancing the community, infrastructure etc.

2. provision of additional facilities/infrastructure which may be needed to improve the well being of the inhabitants
3. to avoid downgrading the existing facilities and environment

General comments – based on past experience consultation should not be confined merely to a paper exercise which appears to be the existing system. Parish/Town Councils should be given the opportunity to discuss at local level with the planning department all aspects of the proposed development and the likely effects on the residents. In the past this has not been the situation and in some instances where a development was to be provided adjacent to existing properties the occupants have not even been allowed to see the proposed landscaping proposals which could affect them. Local problems with the landscape, infrastructure etc. are not always apparent to non residents and this is an aspect that often requires local input verbally.

The comments of Cllr Jepson were agreed as the formal response to the document.

Environment and tourism – No further information regarding the Best Kept Village entry.

Cllr McDowall offered assistance with the footpaths projects when received.

Public transport – Comments regarding lack of bus timetables; the Clerk to acquire copies and place in the bus shelters.
