

HS2 E Update

February 2021

HS2 Presentation from The Chiltern Society

A member of the Chiltern Society recently gave an online HS2 update. You can view it on YouTube following the link below:

<https://youtu.be/SpBEqYyRU1U>

HS2: Living in Britain's Biggest Building Site

The Sunday Times followed up on the evidence given last month by the Chairman of Calvert Green Parish Council to the Transport Select Committee. The video below shows drone footage of the extent of construction activities in the area and also moving testimonies from local residents.

HS2 New Jobs Site

HS2 Ltd has launched a new jobs site to promote the estimated 20,000 roles that Phase One of the project is creating in the months and years ahead, the first time all opportunities to work directly on HS2 have been available to search in one place.

[The new digital platform, hosted on the HS2 website](#), offers those looking for work or a change of career, the opportunity to search the very latest vacancies with their construction partners and station contractors delivering the London to Birmingham section of the railway. The jobs board allows prospective candidates to search for vacancies by region or specialism, so they can quickly identify opportunities that match their criteria.

HS2 Ltd Chairman Resigns

HS2 Ltd chairman Allan Cook handed in his resignation to enable his successor to focus on the "future momentum of the project". Mr Cook will leave the role at the end of July 2021. Mr Cook joined HS2 in December 2018 and had been due to continue until December 2021.

HS2 ongoing work

You can see the work that is taking place in Buckinghamshire on the HS2 website, Commonplace section, (Buckinghamshire and Oxfordshire) and also sign up for automatic

alerts. HS2 Ltd or contractors are committed to send out Advanced Warning Notices 2 weeks ahead of works commencing:
