Squadron Leader Turner: explained that Mildenhall Air Base would be closed for approximately six months due to runway resurfacing. As a result, additional aircraft would be operating from RAF Lakenheath, including eleven C31 Hercules Transporters and two C12 Royal Navy aircraft. The Hercules aircraft will fly a little later than at present but weekend activity will be kept to a minimum. Emergency flights will also be arriving, together with

Galaxy aircraft from the Gulf. However, this additional air traffic will be offset by a large number of Lakenheath aeroplanes and personnel being deployed to the Gulf for 3-4 months. Squadron Leader Turner announced this was his last meeting due to being transferred to Q8 for six months.

Cllr Mr N A Vant: thanked the Squadron Leader for his tolerance and good humour. The members wished him well in his future career.

Cllr Mr V E Ashley: was concerned about the risk of fatal accidents under the flight path of RAF Lakenheath because of observers stopping on roadside verges.

Squadron Leader Turner: said that privacy fencing was under consideration. He reminded the Council that MOD Police regularly patrol those areas to prevent people from parking on the grass verges and move them on.

Cllr Mr S J Edwards: was concerned about the traffic lights at the entrance to the RAF Lakenheath main entrance being inefficient. Lights controlling the entrance show green when no traffic is leaving the Base. The filter right light also shows green when no traffic is turning from the main road into the base.

Squadron Leader Turner: said he will bring these matters to the attention of the Base

Highways Authority.

No member of the public wished to contribute to the Public Forum.
