South Huish Neighbourhood Plan Questionnaire Our chance to influence the future!

South Huish Parish proposed Neighbourhood Plan Area

Introduction

South Huish Neighbourhood Plan (2015-2030 – 'The PLAN') will allow the Parish Council to have more influence in the planning decisions of South Hams District Council. The PLAN will provide Parish input into managing development pressures and seek changes so that the environmental, economic and social needs of local people are taken into account. The PLAN builds on the Localism Act (2011) which provided greater self-determination powers on communities than ever before. This should make South Huish a more cohesive, progressive and pleasant place in which to live, work and play.

The PLAN covers the whole parish incorporating the Hopes 'Inner' and 'Outer', Galmpton, South Huish and the residencies outside the village boundaries. The map above shows the area of interest.

In summary The PLAN will seek to:

- Influence the location, scale and type of development(s) in the parish of South Huish, especially housing.
- Deliver services and infrastructure to meet the day-to-day needs of residents.
- Protect local interests and influence new infrastructure linked to nearby developments.

- Protect and enhance the conservation areas within the parish, particularly the Area of
 Outstanding Natural Beauty, the South Devon Heritage Coast and the Coastal Preservation
 Area see map below.
- Maintain and enhance the footpath links within the parish and to neighbouring areas.
- Assist local businesses to achieve their potential in line with the wishes of the community.

The Neighbourhood Plan Steering Group wants to ensure that local residents, businesses and home owners have opportunities to get involved in The PLAN throughout the process. This questionnaire is about key issues and the potentially different options to address them.

A Neighbourhood Plan is:

A guide prepared by residents, to identify the characteristics of the neighbourhood that they value most. It provides guidelines on how these should be respected in any future building work and focuses on design features that are acceptable to the community. It identifies the current services and facilities available to the community and suggests ways of developing these to meet future needs. It is based on the analysis of consultations with all residents, and is therefore very democratic.

The 'neighbourhood' is here defined as the limits of the parish. The area has been approved by the district council. On occasions the questionnaire will refer to the 'vicinity' which is here defined as taking in the neighbouring parishes and Kingsbridge.

A key aspect of Neighbourhood Plans is that they are written and researched by the local communities themselves, with only advisory input from the Unitary Authority. Without such a plan, a community may be much more vulnerable to undesirable development and less likely to obtain the facilities it needs. A neighbourhood plan may take up to two years to develop and get adopted but then The PLAN has formal status in the planning system. It must be taken into account when assessing planning applications.

The process

In accordance with the guidelines, a Steering Group has been formed to take the process forward for South Huish. The Steering Group's aim is to consult with as many residents, businesses and home owners as possible, to create a valid profile of the community in all its aspects. Responses to this questionnaire will provide us with the community's views. The responses will be analysed and used to create a profile document, which subsequently will be distributed to the community. An application for approval to proceed will then be made to South Hams District Council. If they approve, the results will be used in the preparation of a draft Neighbourhood Plan. Following final consultation with the community, this will be presented to the District Council for adoption.

The questionnaire is being sent to every individual on the Register of Electors. A single copy is also being delivered to each dwelling with no listed elector (holiday and second homes). Each copy is numbered for ballot security purposes. The distribution listing will be destroyed after the whole process has been completed, therefore ensuring no person's views will be identifiable.

The information that is collected will be used solely for the purposes of creating a database to undertake production of The Plan. No information will be shared with any third party.

COMPLETED questionnaires should be taken to the Malborough or Hope Cove Post Offices / shop and handed in over the counter.

Alternatively a member of the steering group will collect questionnaires from your household. The closing date for completed questionnaires will be Monday the 18th of April. If you would like your questionnaire collected in the parish please contact Tom Windle tel: 01548 562 021

The steering group will collate and analyse all responses and then produce a Neighbourhood Plan. This plan will be sent out in the same way as the questionnaire. You will be asked to comment and vote on its acceptability. The ballot paper will be a simple 'Yes' or 'No'.

If the answer is 'Yes', the plan will become adopted, and South Hams District Council will be required to note its views on all planning matters.

Please complete this questionnaire in order to let us know what you think is important when planning for the future of our village. The questionnaire is quite long but it is hoped that the information gathered will serve the community well and provide relevance for the next ten years. Please answer as many questions as you can and use the comments areas to record additional thoughts. If a question has no relevance to you please write N/A next to the question. Thank you.

Pop-in sessions will be held at the Fishermen's Reading room (Inner Hope) from 10 am until 4 pm on Thursday March the 24th and Thursday March the 31st.

Description of South Huish Parish

The parish is one of the smaller parishes in the South Hams being only 3.3 square miles. At the 2011 census it had 428 residents and 484 properties. It occupies one of the most attractive and scenic coastal locations heavily protected by the designations of **SOUTH DEVON HERITAGE COAST**, an **AREA of OUTSTANDING NATURAL BEAUTY** and of the **COASTAL PRESERVATION AREA**. The entire parish lies within the AONB and 70% is in the South Devon Heritage Coast and Coastal Preservation Areas – see map below.

The Parish has three distinct areas; Hope Cove split between Inner and Outer Hope with 328 properties of which 82 (25.5%) are permanently lived in, Galmpton with 102 properties of which 74 (72.5%) are permanently lived in and South Huish valley which runs from Court Barton down to Thurlestone Rock where there are 64 properties of which 9 (14.1%) are permanently lived in.

The 2011 census reported that 38.1% of the population was 65 and over; this means our average age is one of the highest in England - the country average is 16.0%. In total it is estimated that the permanent population to be just over 400 of which around 10% are 18 years or younger.

As a parish we are very dependent on adjoining parishes and the map above clearly shows that the major conurbation of Kingsbridge is around 4 miles away; Malborough and Salcombe also have necessary services. On occasions the questionnaire uses the term 'Vicinity' and this refers to our adjoining parishes and the town of Kingsbridge – see map below.

And lastly perhaps it is worth recalling the 1989 to 2001 South Hams Local Plan in relation to the area, it stated; "... The communities of Inner and Outer Hope occupy adjacent valleys ... recent development [1989 to 1991] has spread inland and crept across the hill dividing the villages, merging them together. Many properties have become second homes ..." [Now said to be more than 70%].

"... The landscape setting of Hope Cove is particularly important. The village lies entirely within the Area of Outstanding Natural Beauty, where there will be a presumption against development except where this is necessary to the economic or social well-being of the locality or will

enhance its character. The village is also closely contained on all sides by the Coastal Preservation Area. Any development proposals in the village should carefully respect this sensitive coastal landscape..." This survey will set the scene for the parish for the next 10 to 15 years.

The vicinity: showing straight line distances to towns and villages with infrastructure that serves South Huish.

- Kingsbridge: medical facilities, schools, transport connections, post office, retail outlets covering all normal needs.
- · Salcombe: medical centre, chemist, primary school, post office, petrol station, retail outlets.
- Thurlestone: post office, primary school.
- Malborough: primary school, post office, petrol station / shop.
