PRINTING QUOTES
Is there VAT to pay?

No VAT, books are are classed as zero rate.

Who are we paying for the printing?

I am contracting the printer, so you'll be paying us.

Who is the printer?

Hobbs.

I assume that when we have agreed a quantity to print, you will send us an invoice for this.

Correct, I will raise the print invoice.

Any advice on gloss or silk for the cover?

I prefer Matt, I think it looks classier, otherwise technically it makes no difference.
