## 8. 93/25 Planning

Steve Lee's regulation 18 draft response:

Cllr York has added some Highclere-specific wording to the draft document. He will work with Colin Wall to add more information on the proposed extra 20 house allocation to Highclere. The deadline for completion is 23 January 2026.

Cllr MacIver has created two more documents, one a summary of the HPC response, the other a more user-friendly guide to why HPC is objecting to Oakley Farm. Both will be added to the website/Facebook etc.

**Action:** Clerk to add Regulation 18 documents on Facebook/website when complete.

Impact on the developing Neighbourhood Plan: Colin Wall attended and also provided a position summary:

*Since the report from the SEA of the HNP was published, Basingstoke & Deane BC (B&D) have put a revised Local Plan Update (LPU) out for a consultation which concludes on 23/01/26. This LPU raises the Housing Requirement (HR) placed on HNP from 10 dwellings to 20. This will likely need a new SEA which may or may not bring the same result.*

*The same LPU includes a policy allocation of 500 dwellings on the site of Oakley Farm on the opposite side of the Andover Road to the recently authorised Watermill Bridge development of 270 dwellings of which some 150 lie within the HNP Neighbourhood Area (NA).*

*Since the SEA was published the Government has put a new Draft National Planning Policy Framework (NPPF) out for consultation until 10/03/26. This is significant for providing a variety of conditions under which NP HRs may be made or revised.*

*Despite the above changes our objective remains to complete the NP as expeditiously as possible. However, until the full implications and validity of the latest changes have been explored, understood and agreed we are unable to move forward.*

### *What we need to move forward*

*In order to restart the process we need know if we can we get the SEA revised for 20 without redoing the whole exercise- AECOM have yet to respond to those questions. We want an HR for the whole NA. Currently we can see 650 dwellings and 1500 residents coming to Highclere, doubling the Parish population. The Watermill Bridge numbers now seem set at 270 of which approximately 150 are in Highclere. It seems the Oakley Farm developer originally asked for 550, the SHELAA suggests 440 but the LPU says approximately 500.*

At this point, *it was agreed to suspend advancement of the Neighbourhood Plan* until HPC gets clarification on the Local Plan and funding required for completing it. Advice may still be sought from Plan-ET on an as-required basis.

### **Meeting with Cllr Harvey 15 January 2026**

HPC, EWPC and Ashmansworth councillors are invited to attend this meeting at Woolton Hill Church Hall.

Cllr York will introduce Highclere's position, with other councillors asking specific questions on sustainability (Cllr McIver), Neighbourhood Plan (Colin Wall), DC committee (Cllr Falconer), and what Highclere get out of it in terms of facilities (Cllr Eyre).

## **9. 94/25 HPC Action Plan**

The new ElanCity SID has been purchased at a cost of £2489.99. Once received, Cllr Easton will investigate the data potentials before Kevin Tooze (SID contractor) places it along the A343.

There is no update on National Landscapes (no reply received).

Cllr Morrey has still had no response from Savills ref The Glebe.

Projects identified at the previous meeting are still to be included for discussion in February.

Footpaths- Clerk will report two broken footpath signs on the Hants website.

**Action:** All to consider HPC projects for next meeting.
