

Manston Airport

Have your say on our proposals

We're planning the future of Manston Airport and we want your input.

After several years of work to bring the airport back into use as a specialist air-freight hub, we're now moving into Stage 3 of the Airspace Change Proposal (ACP). This is your chance to share your views and help shape our plans.

Have your say

The Stage 3 formal consultation to gather feedback from local residents and representatives is now live. You can take part in the consultation:

- Online through the [CAA Citizen Space Change Portal](#) or

- by post to Freepost 1616.

All the information you need will be available on the [CAA Citizen Space](#) consultation portal, including background materials and guidance on how to respond.

If you'd prefer the information in another format, just let us know. The consultation opens on **16th March** and runs for 14 weeks, closing on **22nd June**.

Please send us your response before the closing date so your views can be considered.

Join one of our events

We're hosting two in-person events and two online webinars where you can:

- Find out more about the proposals
- View large-scale maps and display boards
- Ask questions and share feedback.

Date	Time	Format	Location / Details
