

NETHER WALLOP PARISH COUNCIL
Model Publication Scheme

Purpose and Scope - Nether Wallop Parish Council is required under the Freedom of Information Act to provide to the public as much information as possible on a routine basis. The council's current Income and Expenditure is above the £25,000 limit for that requires compliance with the Transparency Code for Smaller Authorities, but below the threshold of £200,000 that mandates compliance with the Transparency Code 2015. It is therefore best practice to try to comply with as many of the guidelines as possible. This policy is written with due regard to guidance given by the Independent Commissioners Office and the Society of Local Council Clerk's template documents.

The Council will endeavour to make any requested information available unless:

- it does not hold the information;
- the information is exempt under one of the FOIA exemptions or Environmental Information Regulations exceptions, or its release is prohibited by another statute;
- the information is readily and publicly available from an external website; such information may have been provided by the public authority or on its behalf. The authority must provide a direct link to that information;

The following data provides a list of what can be requested, but is not meant to be an exhaustive list.
