

## Rolvenden War Memorial Trust

### Report for parish annual meeting 2026

The War Memorial Trust has continued with its primary functions of maintaining the War memorial and the two playing fields- The Streyte field and Layne field.

No significant works have been carried out as none were considered necessary, except for basic maintenance.

The Trees on the Streyte field which under consideration for remedial work or felling due to disease made a recovery over last summer, and on advice work has been postponed and will be monitored.

The financial position of the Trust is very healthy and now has sufficient reserves to meet its obligations. We will be in a position to make modest disbursements to the community, with the agreement of trustees and within the Trust remit.

The Trustees continues to meet regularly and review matters.
