RESIDENTS SURVEY 2024

Dear Resident,

Staplehurst Parish Council wants to hear your views and priorities. We would appreciate it if you could complete the survey, located in the centre of the Village Update. We encourage everyone in your household to contribute. It is important to get views from across the whole community: young and old, singles and families, local workers and commuters, so that we better understand what matters most to you. It will provide real, meaningful evidence to help inform the shape of services in Staplehurst, the next Neighbourhood Plan, and the Parish Council to lobby on your behalf. Please return the surveys to the Parish Office or use the pre-paid envelope supplied.

The results of the survey will be reported to the Parish Council and published in the Village Update and online.

Best Regards,
Cllr Paddy Riordan

Residents Survey Prize draw:

There is a prize draw with 3 x £100 shopping vouchers to be won. To enter the prize draw, complete the survey and return with your details at the end of the survey.

MERIT AWARDS

The Parish Council recently held its annual 'Thank You' gathering for village volunteers, where the prestigious Merit Awards were presented. The Council acknowledged the invaluable contributions that make Staplehurst a fortunate community.

Linda Savage was honoured with the annual Merit Award for her exceptional dedication. Renowned for bringing smiles to the people of middle Europe during Christmas, Linda has been tirelessly leading this effort since 2016, coordinating the collection, filling, and wrapping of 510 shoe boxes destined for Romania and Ukraine. Linda also provides second-hand warm clothes, shoes, and pet supplies. Although she insists it's a collective village effort, Linda's unwavering commitment sets the foundation for this impactful initiative.

The total number of filled boxes to date stands at an impressive 1768, a testament to Linda's remarkable

achievement and the community's generosity.

The junior award went to Gil Anthony, an avid user of the Jubilee Field skate park. Gil actively engaged with the Parish Council, addressing issues affecting fellow users and proposing solutions. Taking the initiative to gather user opinions, he presented concerns and requests, demonstrating exemplary communication skills during a Full Council Meeting. Gil's ongoing efforts have prompted the Council to address current Skate park issues and explore future improvements, making him a valuable representative of the youth in the community.

His Worship the Deputy Mayor of Maidstone, Councillor Martin Cox, presented the awards, extending his congratulations to the well-deserving recipients. Special thanks were also expressed to JBH Refurbishments Ltd, sponsors of Staplehurst Merit Awards.

CHRISTMAS TIME

While it seems like a long time ago now, the Parish Council was pleased to attempt to brighten up our village during the festive period. Christmas motifs were once again added to lampposts throughout the centre of the village, and a Christmas tree was arranged at The Parade, providing residents and visitors with a warm festive welcome from our community.

The Parish Council intends to explore the possibility of arranging Christmas motifs that are easier to manage and, hopefully, more financially viable. We are well aware that our residents enjoy the festive lighting, and we aim to devise a better, more sustainable system, as the current motifs have been problematic, to say the least.

The Parish Council carried out the annual Christmas tree chipping event in fond memory

of Jon Grimwood, who had managed the event for several years, who sadly passed away last year. His work associate, Neil Jackson kindly carried out the work assisted by parish councillors with machinery supplied by Gary Bridgland Ltd Tree surgeons. £362.50 was raised from kind donations from residents, which will be split between the Heart

of Kent hospice and British Heart Foundation. The photos show Neil and one from last year with Jon, who is sadly missed.

The Staplehurst Neighbourhood Plan Review Group

The Neighbourhood Plan Group is undertaking a review and are now dependent upon the results of the Housing Needs Survey and Residents Survey to add further weight to the document. The document, as it stands at present, will be assessed by an independent consultant who will prepare the Pre-submission Draft document and facilitate a drop-in event for the public, to allow residents to comment. 2024 will be busy.

Employment, Finance and Strategy

The Employment Finance & Strategy Group spend a lot of time during the autumn and winter working on the annual budget for the Parish Council. This includes the annual precept, which is the portion residents pay towards the Parish Council, as part of their council tax.

The group also manages all staff employment matters. Recommendations from the group are provided to the Full Council for decisions.

The Parish Council is very proud of the way financial matters are dealt with for our residents. Financial reports are published in our Annual Report magazine delivered to all residents.

GREENER STAPLEHURST GROUP

As we move beyond the winter solstice, the Greener Staplehurst Group reflects on the past growing season and looks ahead to the coming year. Much like the plants around the village, we try to take this period to regain some energy and focus, and also set our ambitions to reach more corners of the village. Some activity that has already taken place will set us up for this exciting year ahead: the brilliant repair work to wooden planters around the village, especially the ones around the Parade, preparing flower beds and planting an extensive amount of bulbs in existing beds, and the hugely significant Christmas tree shredding, spread around the Parade beds to suppress some of the weeds that tend to proliferate in the area.

Special recognition goes to Shirley Wigzell, our most active and dedicated member, who has taken on additional responsibilities for multiple beds around the village. We extend our heartfelt appreciation to Shirley and her husband for their invaluable contributions. We invite anyone interested in supporting the Greener Staplehurst group, whether through one-time, regular contributions, or donations of bulbs, plants, wood chippings, or mature manure, to contact Natasha Thomas (Thomas.natasha@icloud.com) or Parish Chairman Paddy Riordan. Stay connected by joining our Facebook page - Greener Staplehurst - for updates on planned activities.

STAPLEHURST PARISH COUNCIL RESIDENTS' SURVEY CLOSING DATE: 8TH APRIL 2024

Dear Resident,
Staplehurst Parish Council is the first tier of local government in our area. We work closely with Maidstone Borough, Kent County Council and with services such as the Health Service or Environment Agency on your behalf. This means that we are at the heart of our local community and are here to reflect our resident's views and priorities and to lobby on your behalf on matters affecting Staplehurst.

The Parish Council provides a range of services; the nature reserve at Wimpey Field; Jubilee Field sports pitches/skatepark; Bell Lane public toilets, Christmas Lights; CCTV coverage of key areas of the village; provide local community grants and promote local events. For further information on "who does what in Staplehurst" visit the Council website <https://www.staplehurst-pc.uk/community/staplehurst-parish-council-13607/who-does-what-in-staplehurst/> or Staplehurst Library or Parish Office.

Staplehurst Parish Council wants to hear your views and priorities. We would really appreciate it if you could complete this survey and encourage everyone in your household to contribute. It is important to get the views from across the whole community: young and old, singles and families, local workers and commuters so that we better understand what matters most to you. It will provide real meaningful evidence to help inform the shape of services in Staplehurst, the next Neighbourhood Plan and the Parish Council to lobby on your behalf.

The Residents Survey should only take a few minutes of your time. You can also request additional paper copies of the survey by contacting the Parish Office or complete an on-line survey – www.staplehurst-pc.uk

Please use extra paper to expand on answers. The results of the survey will be reported to the Parish Council and published in the Village Update and online.

Prize draw

There is a prize draw, 3 x £100 shopping vouchers for residents.

To enter the prize draw, complete the form at the end of the survey.

All information will be held in line with the UK - General Data Protection Regulations of Staplehurst Parish Council. This means any report will be anonymised, the data will only be used for this project and then destroyed after 18 months. For further information visit www.staplehurst-pc.uk

COMMUNICATIONS GROUP

We are focusing this year on improving communications with the residents of Staplehurst and enhancing internal communications within the Parish Council. Concerning the former, we have launched two

VILLAGE
UPDATE

ANNUAL
REPORT &
ACCOUNTS

VILLAGE
UPDATE
SUMMER

VILLAGE
UPDATE
AUTUMN

surveys, the second of which is included in this current Village Update, and we are working towards reintroducing Chairman video reports through our social media channels. In relation to the latter, we are researching how to modernise our systems while simultaneously reducing costs.

Upon completing the surveys, we will once again allocate space in the Village Update to active community groups and reinstate sections such as 'News from the Past,' or articles about the history of Staplehurst, and introduce new sections. Additionally, we aim to create a small card explaining the responsibilities of the different government bodies in the parish, facilitating the reporting of issues and complaints.

Finding a suitable logo for the Parish Council is an ongoing project, a task proving quite complex due to the diverse range of opinions. During our meetings, we continually explore new ideas and designs, keeping in mind the results of the consultation launched a few years back, although a suitable design has not yet been identified.

ROAD SAFETY

Hopefully, you are benefiting from the new improved Sainsbury's shuttle timetable! At last, people can get their shopping done in a sensible amount of time.

We have requested that Kent Highways repaint the white lines at the Sainsbury's roundabout and crossroads and elsewhere. Some lines seem to have been done, and we hope that the crossroads and roundabout will be soon.

Unfortunately, there is no Parish Council hotline to Kent Highways to get potholes sorted out; we have to do the same as everyone else and report them online at kent.gov.uk. The likelihood is that the more reports of the same place having a pothole, the swifter it will be dealt with.

The Highways Improvement Plan (HIP) with Kent Highways (KH) is how KH can plan to implement major improvements, budget willing. Of the two live projects we are allowed yearly, we have requested improvements to the High street and the Cranbrook Road / Quarter end of the village by the garage. We are also actively campaigning on the Hawkenbury Bridge which continues to suffer mysterious damage, apparently not the result of any Road Traffic Accidents (RTAs) !

So, if you know of any RTAs, let us know via staplehurstroadinfo@gmail.com. It helps to build a picture to lobby Kent Highways. We also have a Speedwatch Group who are trained to monitor traffic through the Village, encouraging everyone to drive safely. Please do contact us if you would be interested in joining.

3G WORKING GROUP

The 3G Multi-sport project at the Jubilee Field is moving forward following the consultation in 2023 and we are working on three key areas

- Business Plan
- Design and planning
- Management
- Ongoing Consultation

The first draft **business plan** was presented to Council on the 29th of January 2024 and is available on the Parish Council website – we are taking on board the comments from Councillors and the public as the project evolves.

Design and planning is moving forward. We have met MBC planning officers on site and received their pre-application comments. We have only just received pre-application comments from KCC Highways – which has slowed down the design. The aim is to present a draft of the whole site design at a Parish Council meeting in the near future, to enable involvement from Councillors and the public.

Management of the Jubilee Field is being transferred from the JFMC trustees to the Parish Council. The Parish Council will manage the Jubilee Field in the near future but is looking at potential leisure contractors to manage the whole site if the 3G multi-sport pitch is built.

Consultation, we have published a Consultation Feedback Report and the updated Frequently Asked Questions on the Parish Council website.

We are continuing to engage with the public – public presentations and with an emerging Staplehurst Youth Council to focus on the views of young people.

PLANNING COMMITTEE

Approximately every 3 weeks, the Parish Council planning committee meets to review Staplehurst planning applications and submit our recommendations as a formal consultee to the Maidstone Planning office. Although we have no obligation to, we try to post a notification to neighbours about planning applications to enable everyone to comment. It's always best to use the MBC planning portal and upload your comments there as well.

Most of what we see are extensions and associated works. We always look at planning conditions when assessing the appropriateness of developments, which come from the National Planning Policy Framework (NPPF), Maidstone Local Plan, and our own Neighbourhood Plan. These give guidelines about what is considered acceptable and what isn't.

MBC will consider the planning application at their planning committee meeting, if it has been called in by Borough Councillors or the Parish Council, where applicants and other relevant parties can speak for 3 minutes about the application. MBC also provides pre-planning advice for applications.

Search for a planning application at MBC website: <https://maidstone.gov.uk/home/primary-services/planning-and-building/planning/search-for-a-planning-ap>

SCENIC

We are currently working on a number of projects. We are hoping to provide a defibrillator for the southern end of the village, installing it in the old telephone box, assuming the electrical connection is strong enough. There are defibs at the Kathie Lamb Centre, Library, and Sobell Lodge with 24-hour access.

We continue to be very happy with the way Growing Concern maintains the tubs in the village, so a big thank you to them.

Our biggest project currently is to ensure the Youth Club building maintenance is completed so it can reopen. It's been an unforeseen and frustrating process that will hopefully be resolved very soon.

It's that time of year when we start tidying up our gardens from the winter hiatus. One of the things that we look into is hedge complaints. Residents, especially pushchair and wheelchair users, often advise us about hedges that are encroaching on the public footpaths. We pop a letter through your door politely asking if you can trim it back to your boundary to enable everyone to be able to use the pavements safely.
