

BEAN PARISH COUNCIL

Bean Recreation Ground, Outdoor Gym COVID-19 Risk Assessment

Bean Parish Council own and manage Bean Recreation Ground, which consists of Junior Play Area, Toddler Play Area, Outdoor Gym and an open grassed area used for football and other ball games. This RA concerns the Outdoor Gym.

Bean Parish Council has volunteers who carry out weekly visual inspections of the equipment and empty the litter bins. General repairs are carried out by the Parish Handyman or when required an approved play-ground equipment supplier. The grass is cut and strimmed under an annual contract with Yeomans (Landscape Services). Play Inspection carry out quarterly inspections including risk assessments.

Risks are associated with all users and contractors.

The risk rating balances the likelihood of a given risk with impact of the risk in question and results in an overall risk rating, as well as a RED (not acceptable), AMBER (reasonably acceptable/action may be required), GREEN (reasonable acceptable/no action required, review) colour indication.

		Likelihood			
		1 Unlikely	2 Possible	3 Probable	4 Highly Probable
Impact	1 Minor	Green	Green	Green	Green
	2 Moderate	Green	Green	Yellow	Yellow
	3 Serious	Green	Yellow	Red	Red
	4 Major	Yellow	Red	Red	Red

SUBJECT	Impact	Likelihood	Risk Rating	Controls Measures in place now	Future potential Control Measures	Impact	Likelihood	Risk Rating	Responsibility (if in place)
	Current Rating					Resulting Rating			Assessment of potential Control Measure
Trips, slips and falls	2	1	2	Weekly visual checks by BPC	Ownership signage for reports to be made	2	1	2	BPC
					Grass cutting/strimming to be carried out regularly	2	1	2	Yeoman/Parish Handyman

				Quarterly checks RA by Play Inspection		2	1	2	
Contact with sharp objects and/or drug paraphernalia, broken glass	3	2	6	Weekly visual checks by BPC	Daily checks could be considered	3	1	3	BPC
					Ownership signage for reports to be made	2	1	2	
Spread of Covid-19 and other contact transmitted diseases	3	3	9	Recreation Area is currently closed, including access to keep fit equipment, removing the risk completely.					BPC
					Encourage social distancing by installing signage on entry to recreation area <ul style="list-style-type: none"> - Outdoor Gym users are encouraged to bring their own towel and hygiene products to wipe down equipment – please dispose of considerately - Wait at a distance until others have finished using the equipment - Do not use taped off equipment or remove the tape - Avoid using benches that are already in use 	3	2	6	BPC

				<p>Example, other warnings/images are suggested.</p> 	<p>Reduce the risk of cross-contamination by installing signage on entry to the play area that depicts:</p> <ul style="list-style-type: none"> - Good hand hygiene. - Catching coughs and sneezes and disposing of tissue. - Using the litter bins. - No eating/drinking. - Not entering play area if unwell or have prescribed symptoms of Covid-19. - Washing hands when returning home. - Advising that play equipment is not sanitised, users should consider wiping down surfaces. <p><i>The provision of hand sanitiser has been discounted due to the risks associated with alcohol-based products in a play setting.</i></p>	3	2	6	BPC
					<p>Could consider daily cleaning of all equipment, but risk would remain the same between each user.</p>	3	2	6	BPC
Step up and hip twist	3	3	9	<p>Unable to maintain 1m distancing as users will be facing each other.</p>	<p>Tape off one side of the equipment to discourage use.</p>	3	2	6	BPC

									
Dip station	3	3	9	<p>Unable to maintain 1m distancing as users will be facing each other</p> 	Tape off one side of the equipment to discourage use.	3	2	6	BPC
					With the control measures suggested, the risk factor could be greater reduced if adherence to signage could be properly monitored and enforced.	3	1	3	BPC

Risk assessment carried out by Cllrs Impiazzi and Munday on Monday 6th July 2020, following site visit, review of available information and consultation with Play Inspection Inspector

The wearing of face masks in a play setting is not safe, children will shout, will face each other, and generally socially distancing will be an issue.

Hand sanitiser that is effective against covid-19 is not suitable for use in a children's setting.
