

Devon Colts end of season report:

On Sunday, the 22nd of February, we played our annual game against the Devon President at Honiton IBC.

We had to play two parents in this game, as we lost several players in the days and weeks before this game was played. Three players made their debut is for the Colts James Kennedy, Hannah Kennedy and Lyle Atkins, all three players played extremely well.

As always, the game was played in tremendous spirit, on the day of the presidents ran out winners (avenging their defeat at the hands of the Colts last year). The Colts had one winning rink and it was a fantastic battle between the two skips (President Leighton and Connor Fielder).

The Colts are in a period of transition now, with 10 new players being added this season to the existing group, what is most pleasing, is the fact that these players are all under 15 years of age, and providing we can keep them all within the sport, these players will grow and gel together for many years to come.

Our final game of the season was played on Sunday, the 22nd of March at Madeira IBC, where once again we played for the Keith Weeks trophy. The Colts played very well against Madeira and at times the result could have been completely different, but for our youngest squad to lose by 2 shots overall was a good result.

We have now added two additional coaches to our Colts set-up and are hoping that with the new younger players that we have, that they will play together for many years to come.
