 - 5.1. Shropshire Council – Cllr Colin Stanford reported that he had attended his first full council meeting. Work on the Northern Relief Road has been paused indefinitely. The new administration continues to have the same financial issues as the previous one which will affect what they can do. As Shropshire Council develop the Local Plan, they will inform Parish Councils how they can feed into the plan. The Pyrolysis Plant in Ludlow is likely to be given the go ahead by Shropshire Council. He has recently attended a planning committee meeting on behalf of another Corvedale Parish Council to support a housing development but the application was refused. He now sits on the Health Overview and Scrutiny Committee and the Shropshire Hills National Landscape Partnership.
 - 5.2. Stanton Lacy Village Hall – Cllr Phil Jones had sent his apologies. Mr Alan Gatehouse, Chair of the Village Hall Committee was asked to report on his behalf. He reported that the thirtieth anniversary of the refurbishment of the village hall would be celebrated on the 16th August with a tea party and showing of recordings of previous events. Solar Panels have been installed at a cost of over £13,000. The hall has not been able to obtain a grant for the cost of the panels and this has been paid for from the reserves. It is hoped that the panels will reduce the amount spent on electricity particularly as a battery had also been installed. Cllr Parker thanked Mr Gatehouse.
 - 5.3. South Shropshire Area Committee – Cllr Robin Gatehouse reported that he had attended the meeting and there was an Update of the Local Plan by the Planning Policy and Strategy Manager. Shropshire is required to provide 2,025 new homes and are preparing the new Local Plan – a draft copy should be complete by the end of 2026. The main issues are the infrastructure required for the new developments. There was some discussion on Shropshire NHS trust rankings compared to other areas, and the issues some Parish Councils are having with solar panel sites. Cllr Stanford added that the last draft of the Local Plan did not have sufficient information on the employment opportunities for the increased number of houses.
