## Road Safety in West Ilsley Presentation at the Annual Assembly

The Parish Council  
was delighted to  
welcome Glyn  
Davis, Project

# Parish Council Update

Engineer of the West Berkshire Traffic  
Management & Road Safety Team to the Annual  
Parish Assembly as part of the Council's 2007  
Road Safety Campaign.

He reminded us that if a car hits you doing 20  
mph you have a 95% chance of surviving, at 30  
mph it is 55% and if you get struck at 40 mph then  
you have a 15% chance of living. He reported  
statistics that state that nearly 90% of pedestrians  
who survive being hit by a car doing 30 mph will  
sustain serious injuries and that traffic is the  
biggest killer of 15-19 year-olds, and the second  
biggest killer of children aged 5-14.

### Positive Action

We have encouraged the Road Safety Team to  
database our concerns regarding the speed of  
cars through the village and are therefore pleased  
to report that traffic monitoring equipment will be  
set up at four locations in the village within the  
next few weeks to record the speed and  
frequency of traffic. Once this has been analysed  
we will discuss with the Road Safety team the  
various options available to us to manage traffic  
through the village.

### Traffic calming

Many of the more common measures such as  
speed bumps are obviously inappropriate for the  
village and indeed can only be used where street  
lighting is present, something else which is not on  
our 'wish list'. However at his presentation Glyn  
Davis described a number of other strategies that  
can be used including features such as gates at  
the entrances to the village (as we currently have  
at the Western approach); a Road Safety  
campaign van with portable speed indicator signs;  
enforcement action by the Police; and permanent  
Vehicle Activated Signs which tell the driver if they  
are exceeding the speed limit. With regard to the  
latter the West Berkshire team is in the process of  
arranging a site visit to the village to see if there is  
a suitable site for one of these signs. Whilst the  
Parish Council is keen to deploy whatever  
resources we can to improve road safety in the  
village we are mindful of the potential light  
pollution and detracton in amenity value of  
additional street furniture and so will carefully  
consider and consult before installing such a sign.

### 20s Plenty

My personal preference of a 20 mph limit is  
apparently as yet unenforceable by the police and  
is therefore not something that is being used by  
West Berkshire as a traffic control measure. I  
would however, via this article like to encourage  
villagers to pledge to drive through West Ilsley, and  
indeed through our neighbouring villages, at 20  
mph. Not only does it make little difference to the  
time it takes to get anywhere (I have calculated  
that it adds about 30 seconds to the journey time  
from one end of the village to the other), it  
massively reduces the effect of an accident (see  
above) and also reduces noise pollution. It also  
obviously reduces the speed of any traffic behind  
you to 20mph. I would like to seek the co-operation  
of our neighbours so that we all drive through the  
local villages at 20mph. The Downlands 20s Plenty  
Campaign. I rather like the sound of that.

### Feedback

In summary therefore we are extremely pleased  
with the progress we are making in improving road  
safety in West Ilsley. I look forward to being able to  
share with you the data from the forthcoming  
survey and would welcome feedback on this  
subject from all villagers at the next Parish Council  
meeting on Monday July 9<sup>th</sup>.

## LORDSHIP OF THE MANOR OF WEST ILSLEY

Liz Dray

I would like to welcome Allan Ilsley as the new  
Lord of the Manor of West Ilsley. Allan is part of a  
large family of Ilsleys originally from London and  
runs a business with the same name so it was very  
fitting that he should become the new Lord of the  
Manor. Alan is not far away at White Waltham; he  
is keen to help in any way that he can in the village  
and as he runs a wholesale business supplying  
food and drinks to London hotels he is happy to  
help with supplying village events or to donate  
raffle prizes if he can. Hopefully we will see Allan  
at some of the events in due course but if anyone  
would like to make contact with him in the  
meantime please call me and I will put you in  
touch.

## BARNSTORMING

What a night .... the Barn Dance not only provided  
one of the social highlights of the year but also  
raised the magnificent sum of £2,700 for the West  
Ilsley Trust. The success of the evening was a  
tribute to the generosity of our hosts, the Carlisle  
family, to months of hard work put in by a superb  
team of organisers and to the overwhelming  
support of the village. Some 250 adults and 35  
children took their partners by the hand and had a

ball, feasting on hog, drinking excellent beer and good wine and dancing the night away so energetically that one or two people woke up the next day to find that it wasn't just their heads that were aching!

On behalf of the West Ilsley Trust, thank you to everyone concerned - to the Carlises, particularly Peter and Sandra for helping to set up the barn and Norman, who made a painful exit but is now thankfully recovering at home; to the formidable Barn Dance Committee of Alison Banks, Sue Carrington, Sandra and Peter, Dries and Amanda, Barbara, Andrea, Isobel, Jo and Cathy, who prepared scrupulously, ran everything smoothly on the night and cleared away so efficiently that any volunteers who turned up after 11am the following day found a pristine, empty barn; to Sensible Shoes for their rousing performance and Thames Valley Meats for the delicious food; to all the bar hands who worked tirelessly in shifts; and to everyone who joined in, from the children who set the early pace and were so good when the time came for them to skedaddle, to the adults who stayed surprisingly sprightly until the band stopped playing and the diehards who carried on drinking when the barn had gone quiet, dark and cold. The friends and family who came along to see what West Ilsley had to offer went away seriously impressed.

It was a big night for the West Ilsley Trust, a new charity set up by the Parish Council to boost fund-raising and put the extra money to good use round the village. We'd now like to hear from any groups or individuals interested in applying for a share of the barn dance money, every penny of which will be spent on good causes in West Ilsley. To apply, please write to Alison Banks, the parish clerk, at The Poplars by July 1 and if possible come along to the next Parish Council meeting at 7pm on Monday, July 9, to make your case. We'll be deciding what to do with the money that evening.

It was also a night to remember for Will and Alexandra Axtell, who skilfully located the raffle "treasure". Their friends confidently predict that the Oakes Brothers wheelbarrow will last a good deal longer than the substantial quantity of booze inside. The lasting memory, though, will be of all our guests enjoying themselves, whether they were 5, 15 or 50 - laughing through the early confusion on the dancefloor as partners were lost and found and eventually savouring the satisfaction of well-rehearsed moves, expertly executed. Thanks for coming!

#### TITTLE TATTLE Polly Muir

The only thing I have to tattle about is the large number of builders in the village...I think builders outnumber residents by 2:1 during the day. Judging by the number of vans I dodge on my way out of the village it looks as if we are hosting a 'Van Convention'. Hope that everyone is pleased with their new whatever!

How was the Barn dance? I expect someone will be reporting back.

I missed the knees-up, but the Isle of Wight was great, thank you for asking. I was amazed how quick and easy it was to get there, even if it cost as much as travelling to Europe club class on a posh airline. In fact, I had driven onto the ferry (having arrived an hour early) and had settled myself waiting for the departure. I was sitting in the car doing some investigative work, to find myself moving...I was sailing on the earlier ferry. What a shock to find yourself afloat - very disorientating when you're not expecting it! Well, the sun shone on the righteous (which wasn't me this particular weekend, but my friend!) and we all had The Time of our Lives.

Is anyone interested in a Pilates Class in Wantage at 10.30a.m. on a Friday morning (in one of the fitness studios)? It is run by a physio and is highly recommended as she modifies exercises for bad backs, knees and shoulders, etc.. I have joined and it has made a real difference...not so good for those less fortunate than me who work on a Friday.

An additional class is being started on a Wednesday evening at 7.45p.m.

### CHILDREN'S CHURCH, ALL SAINTS CHURCH

#### Afterschool Service

In May the children listened to the story of the Ascension of Jesus into heaven; they then attached prayers to a helium filled balloon which was released in the church yard and they watched until it had disappeared from view.

Dates for the next services will be:

**Thursday 14 June – Joseph and the Amazing Technicolor Dream coat**

**Thursday 12 July – Afterschool picnic at the cricket pitch**

Our Afterschool services are held at 4pm in the church and are very informal with songs to well-known tunes, participation from the children and a simple story to listen to. The children have the opportunity to become more familiar with the church and learn about prayer, religious festivals and other topics in a relaxed atmosphere. The

services are aimed at all ages from babies to older ones.

The services are well supported but we would love to see new faces or friends from outside the village. Do come and join us if you have a free half an hour.

**Mums and Tots Coffee morning (for the very young and their carers)**

This is a monthly get together from 10am – 11.30am either in West Ilsley or the surrounding villages. It is an informal gathering where the Mums and carers have a chance to have a coffee and a chat, there are toys for the children and occasional songs. Forthcoming dates are as follows:

Thursday 7 June – 4 Manor Farm Barns – Amanda Hagen - 281855

Thursday 5 July – 5 The Maltings – Tracy Gregory – 281650

We are initially trying a new idea of moving the coffee morning around to different homes and would welcome offers from anyone willing to have us!

If you would like more information about either of these services please contact Denise Brown on 01635 281825 or Liz Dray on 01635 281688.

I am delighted to report that Ilsley Under Fives has secured funding (£2,991) from the Local Network Fund for Children and Young People to install a pair of toddler swings at West Ilsley's proposed play area. Their installation should prove very popular with the many young children in our village and also with those of visiting family and friends.

Our first session following our week's break at Whitsun will be on 6<sup>th</sup> June when we will be hosting a visit from Phoenix cards/ Usborne books. As always, the Toddler Group will receive 10% of takings and so this will be an excellent opportunity for members (both past and present) to stock up on stationery and books at the same time as raising funds for the Group.

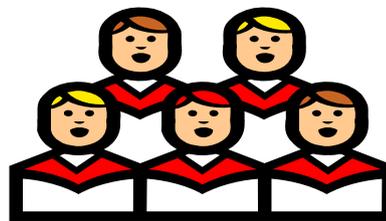

(Ilsley Under Fives Toddler Group meets on Wednesday mornings: 10:00 am – 11:30 am in West Ilsley Village Hall (term time only). We have heaps of toys, ride-ons and a baby area for the littlest ones and tea and coffee for the parents/carers. New faces always welcome! For further details please feel free to contact me (281609).)

## FROM THE HORSE'S MOUTH

News from The Ilsleys Primary School

Felix Rayner - Headteacher

The summer term has begun brilliantly here at The Ilsleys; every child is focused on learning and achieving their best. The term is an important one as most children will take part in assessments during May, the results from these will be used to help us to continue to make our school an even better place. I know the children will do their best and will be supported by staff and families to reach their full potential.

As always sport continues to be an important element of our school life. The football team have played in a number of tournaments and the children have taken part in a cross country running competition. After school sports clubs continue to be very popular with the children – with summer sports, tennis, football, tag rugby and cross country running - the children are very lucky indeed.

These sports clubs have been joined this term by Gardening Club. This popular club enables the children to have hands on experience of growing and nurturing plants, not only in the school grounds but also at the new school allotment.

Talking of after school clubs in general I would like to take this opportunity to thank all the staff and parents who make these activities possible. The range of activities for such a small school is outstanding.

In March we were visited by the Life Education Centre bus. This fantastic resource focuses on helping children make healthy choices in a range

of topics. The children loved interacting with puppet characters, making this area of the curriculum really enjoyable.

The summer term is always full to the brim with fun, sunshine, laughter and learning. As always we have lots of exciting things planned – sports days, trips, concerts and school plays. They say a busy school is a happy school – I hope we prove the point.

As always, if you have any queries about the school or want to know more please don't hesitate to contact me on 281225.

## THE RIDGEWAY & THAMES PATH NATIONAL TRAILS

**Join a guided walk to experience a National Trail in spring and summer**

The Ridgeway and Thames Path Guided Events Programme, covering May to September 2007, is now available. The popular programme, produced by the National Trails Office, features a wealth of guided walks and events taking place on sections of both of these two National Trails. Experienced National Trails volunteers, local walking groups and representatives from other organizations lead the walks, the majority of which are free of charge. The programme features over 30 individual walks throughout the season which allow people to experience the beauty and variety of the countryside in different locations along a Trail. You can enjoy the scenery and wildlife and view features unique to each Trail - locks and watermills along the Thames or ancient castles and burial mounds along The Ridgeway. Some walks give opportunities for bird, butterfly or wild flower identification, or the odd spot of photography. There is also information on a range of sponsored/long distance events and where visitors can combine walking with other leisure activities - steam or boat rides, watching swan-feeding for example. The aim of the programme is to encourage visitors to the Trails and to showcase the very best that these National Trails have to offer. We try to include as much information as possible, providing details on length and difficulty of walk, whether suitable for children, if toilets and refreshments will be available, directions to the start, and other useful facts. Guided walks are a great way to get out and enjoy walking and to see some fantastic countryside that the Trails pass through. The National Trails Office maintains and promotes The Ridgeway and Thames Path through funding from Natural England and Highways Authorities. The Trails provide two clearly signed linear routes through many remote scenic and tranquil places in this busy part of England, including The Chilterns and North Wessex Downs Areas of Outstanding Natural

Beauty. To obtain a free copy of the latest Ridgeway and Thames Path Events Programme send a stamped addressed envelope to: National Trails Office, Environment & Economy, Holton, Oxford OX33 1 QQ.
