

Notes from C&W WG meeting, 3:30pm on 21st September 2020

Present: Cllr D Wheeler (chair & minutes), Cllr J Gyngell, Bev Marks, Sue Burton

Apologies: Cllr A Russell

The final wording of two letters was agreed today:

- The first, which will eventually be sent to neighbours, landowners and service providers who may be affected by the proposed plans. The distribution of this letter needs to be planned, and this will be the C&W WG's next task, having first found land ownership (Dale and Jane(BTC) are working on this)
- The second, to be sent to Team East Sussex informing them of our proposed plans. To be sent by Jill. See note below

Bev will make an alternative version of the original proposal document, of A4-size and including a single map, which will be more suited for release to the public and third parties. Once this has been completed, the two letters can be sent out with the revised proposal attached

Meeting concluded 4:30pm
