The CO2 would also be captured and turned in to fuel. He said the site was well screened. Vehicular access was very good as the site was next A272 and A34 and farm traffic would not need to use adjacent villages for access. He said the project would provide income for local farmers and secure crop diversity. There was likely to be 6 new local jobs created. The Council were positive regarding the application.

i Cllr Porter spoke to say she was chasing an update of the Worthy Rd cycle path. She wanted to raise awareness of a pony and trap meeting at Micheldever which was causing concern for drivers. She was chasing HCC regarding improvements to the School Lane fencing and road problems at that junction. She said she would be speaking to the landowner adjacent to Down Farm Lane to see if some passing places could be installed on the road. She said she had asked HCC to re-think the strategy around closing Andover Rd. A number of roads converged in the same area and she had queried which should be closed and which kept open. She said that the Council would need to pay for the 2 licences for the History Board. It was proposed that the Council applied for Cllr Porter's Councillor grant to assist with the cost of the licences. This was agreed. The Clerk was asked to make the application.

Action: Clerk

ii Cllr Cramoysan spoke to say that there was a new officer to deal with Kings Barton matters – Naomi Arnold. He expressed a hope that this would improve relations with CALA. He said he was aware of some anti-social behaviour in 1A and he would be working with the Housing Assoc to deal with it. Cllr Iredale advised that it was helpful to co-ordinate the response from the residents.

Cllr Rutter and Cllr Hamblin agreed to attend.

Action: Cllr Hamblin, Cllr Rutter

C/22/067 **Council Matters**

b. Update on Increase in the number of Councillors.

It was noted that the July meeting of the Council had had to be cancelled because too few Cllrs were able to attend. Cllr Watters said that the responsibility for a growing community was being spread too thinly. He said that he did not think a full governance review was appropriate at this time because the number of houses was set to grow substantially over the progress of the development. He said that in the meantime it was important to deal with issues that arise and to make robust decisions which could be handed over to a new Parish Council in due course, possibly in 10 years. Cllr Rutter confirmed that the Working Group had been set up to spread the

burden. Cllr Cramoysan and Cllr Porter advised the Council to write a formal letter which they could deal with at WCC. The Council resolved to write to WCC to request an increase in the number of HWPC Councillors from 7 to 12. The Council requested that the increase should be effected immediately and without prejudice to any future Community Governance Review. This resolution was agreed. The Clerk was asked to write to the Worthy Ward WCC Councillors.

The Clerk had circulated an email from WCC's Mr S Lincoln to say that WCC was still negotiating the "dowry" funds with CALA. Also circulated to the Cllrs was a Maintenance Plan for the Open Spaces. Cllr Watters questioned the ownership of the small pieces of land within the settlement. Cllr Rutter commented that ownership by the PC would enable residents to have democratic control. Cllr Watters said he would talk to residents about the PC taking on all open space. Cllr Rutter commented that the Council was likely to need a full time employee for maintenance. A meeting was scheduled with CALA and WCC regarding the next parcel of Open Space to be signed off for handover.

Action: Cllr Watters

d Provide update 1A Playground

The Clerk had circulated an email from WCC's K Morgan which stated that she was unsure if the equipment had been ordered from Timberplay.

e Consider possible temporary Parish Council name change

Cllr Rutter proposed that the name of the PC should be temporarily changed in order to acknowledge the Kings Barton development. She said that she wanted Kings Barton to feel they were an equal and important part of the PC and for this to be recognised publicly. Cllr Iredale agreed that it might help with engagement with Kings Barton. Cllr Watters was unenthusiastic. He felt that a change to two separate PCs was for 10 years time and in the meantime it was a distraction to pretend they were separate. Cllr Welland

suggested that this was a decision for the Working Group. It was agreed to refer the proposal to the WG.

Action: Clerk, KBWG

18/07/22	22/01587/FUL	The Haven School Lane Headbourne Worthy SO23 7JX	Demolition of Existing and Replacement Dwelling and Garage with associated Minor Site Works	13/09/22
Headbourne Worthy Parish Council objects to the application on the grounds that the application is for a very large 3 storey dwelling and is replacing a much smaller bungalow. The Council feels that the replacement property will be out of character with the neighbourhood. The property is positioned in the settlement gap and therefore the Council feels that the housing should be in keeping with the other housing and should not dwarf the dwelling that it is replacing, in order to keep disruption with the settlement gap to a minimum. Care should be taken that the proposed property does not overlook the other resident's property because this proposal is much higher than theirs.
