The Clerk asked if the KBRA were aware that these reviews only happen in 15-20 years and asked if this risk had been factored into their decision making. Mr Antonio said he would bring it to their attention. Cllr Watters commented that he felt that there was a functioning Parish Council in Kings Barton but not enough Cllrs from Kings Barton. Cllr

Rutter commented that CALA's low buildout rate of only 70 homes was hampering these community decisions.

b. Andover Rd access plans

A report by HCC addressing the Andover Rd (KB/22/130ii) decision was circulated before the meeting. The document stated that access to the properties in Andover Rd was likely to be via Kings Barton. Some parts of the road would be kept open.

b. Roads in 1B

The Clerk circulated a letter (KB/22/136) that she had written to Cllr Porter asking HCC to put pressure on CALA to bring the roads in 1B up to an acceptable standard. CALA had agreed to review the condition of the 1B roads the next month. Mr de Stefano said that now CALA was aware of the issues they could be held liable for any accidents that occur due to the poor surfacing.

a. Update of progress of plan implementation

Mr De Stefano expressed dissatisfaction with the progress of the plan implementation, he queried the reasons for HCC holding a resident's survey and said that he wanted to ensure that the survey would ask the right questions. He queried why HCC, which had been in receipt of funds for a bus from CALA, could not implement a service. Cllr Rutter commented that because the build out rate was low and there were less people in residence than the agreement expected therefore the bus route was less viable. Mr de Stefano said he favoured the Clerk's suggestion of running a community minibus service that was targeted to the needs of the residents. The Committee agreed to explore this proposal and the Clerk was asked to contact Cllr Porter.
