MARKERS LIST

The following members are qualified to mark club singles competitions. Please contact them in the first instance when you require a marker.

Markers should not officiate matches in which their partner is competing.

A good supply of knowledgeable Markers enables club competitions to be completed competently and on time. Marking matches is also helpful to less experienced bowlers as it provides a good opportunity to pick up bowls strategy tips.

Please contact me if you would also like to be a marker and instructions will be provided.
