

S106 Working Party ToR

The objective of the S106 Working Party is to investigate options for £73,331.47 (S106) spend on behalf of Farnsfield Parish Council, with an initial written report available for Monday 19th June. This will form supporting documentation to an S106 spend agenda item for the Parish Council meeting scheduled for the 27th June 2023.

The Working Party comprises 5 councillors and an additional councillor as Chair, all of whom are appointed by Council. Each of the 5 councillors will have responsibility to investigate one of five areas for possible spend 'for the purposes of providing or maintaining community facilities at the Farnsfield Village Hall and the Farnsfield Cricket, Football, Tennis and Bowls Clubs' (ref. S106 Planning Obligation 1 December 2015).

The five areas are: Farnsfield Village Hall, and the Farnsfield Cricket, Football, Tennis and Bowls Clubs.

Each Councillor should consider options for both full, or part, of the total available sum in their investigated area, deliverability on the required timescale, and impact on the community and the environment.

The Chair has responsibility for arranging meetings, facilitating discussion and coordinating the outcome of discussions into one or more Working Party recommendations for Council to consider.
