

The Seend Fund

Report for Annual Parish Meeting 7th May 2024

In the year ending 31st December 2023, the Seend Fund made 11 donations to relieve hardship among people living in or closely associated with the parish of Seend. These amounted to £3,960.

Additionally, the Seend Fund made it's annual mandatory donation of one-quarter of the previous year's income to the PCC. This was £840.26.

Donations exceeded income by £1,411.66. In these difficult times, this is not a matter of immediate concern because there is still a reserve of some £16,600.

There is a regular reminder at the front of Spotlight magazine of the availability of the fund for those in need.
