

ARTHINGWORTH NEIGHBOURHOOD PLAN

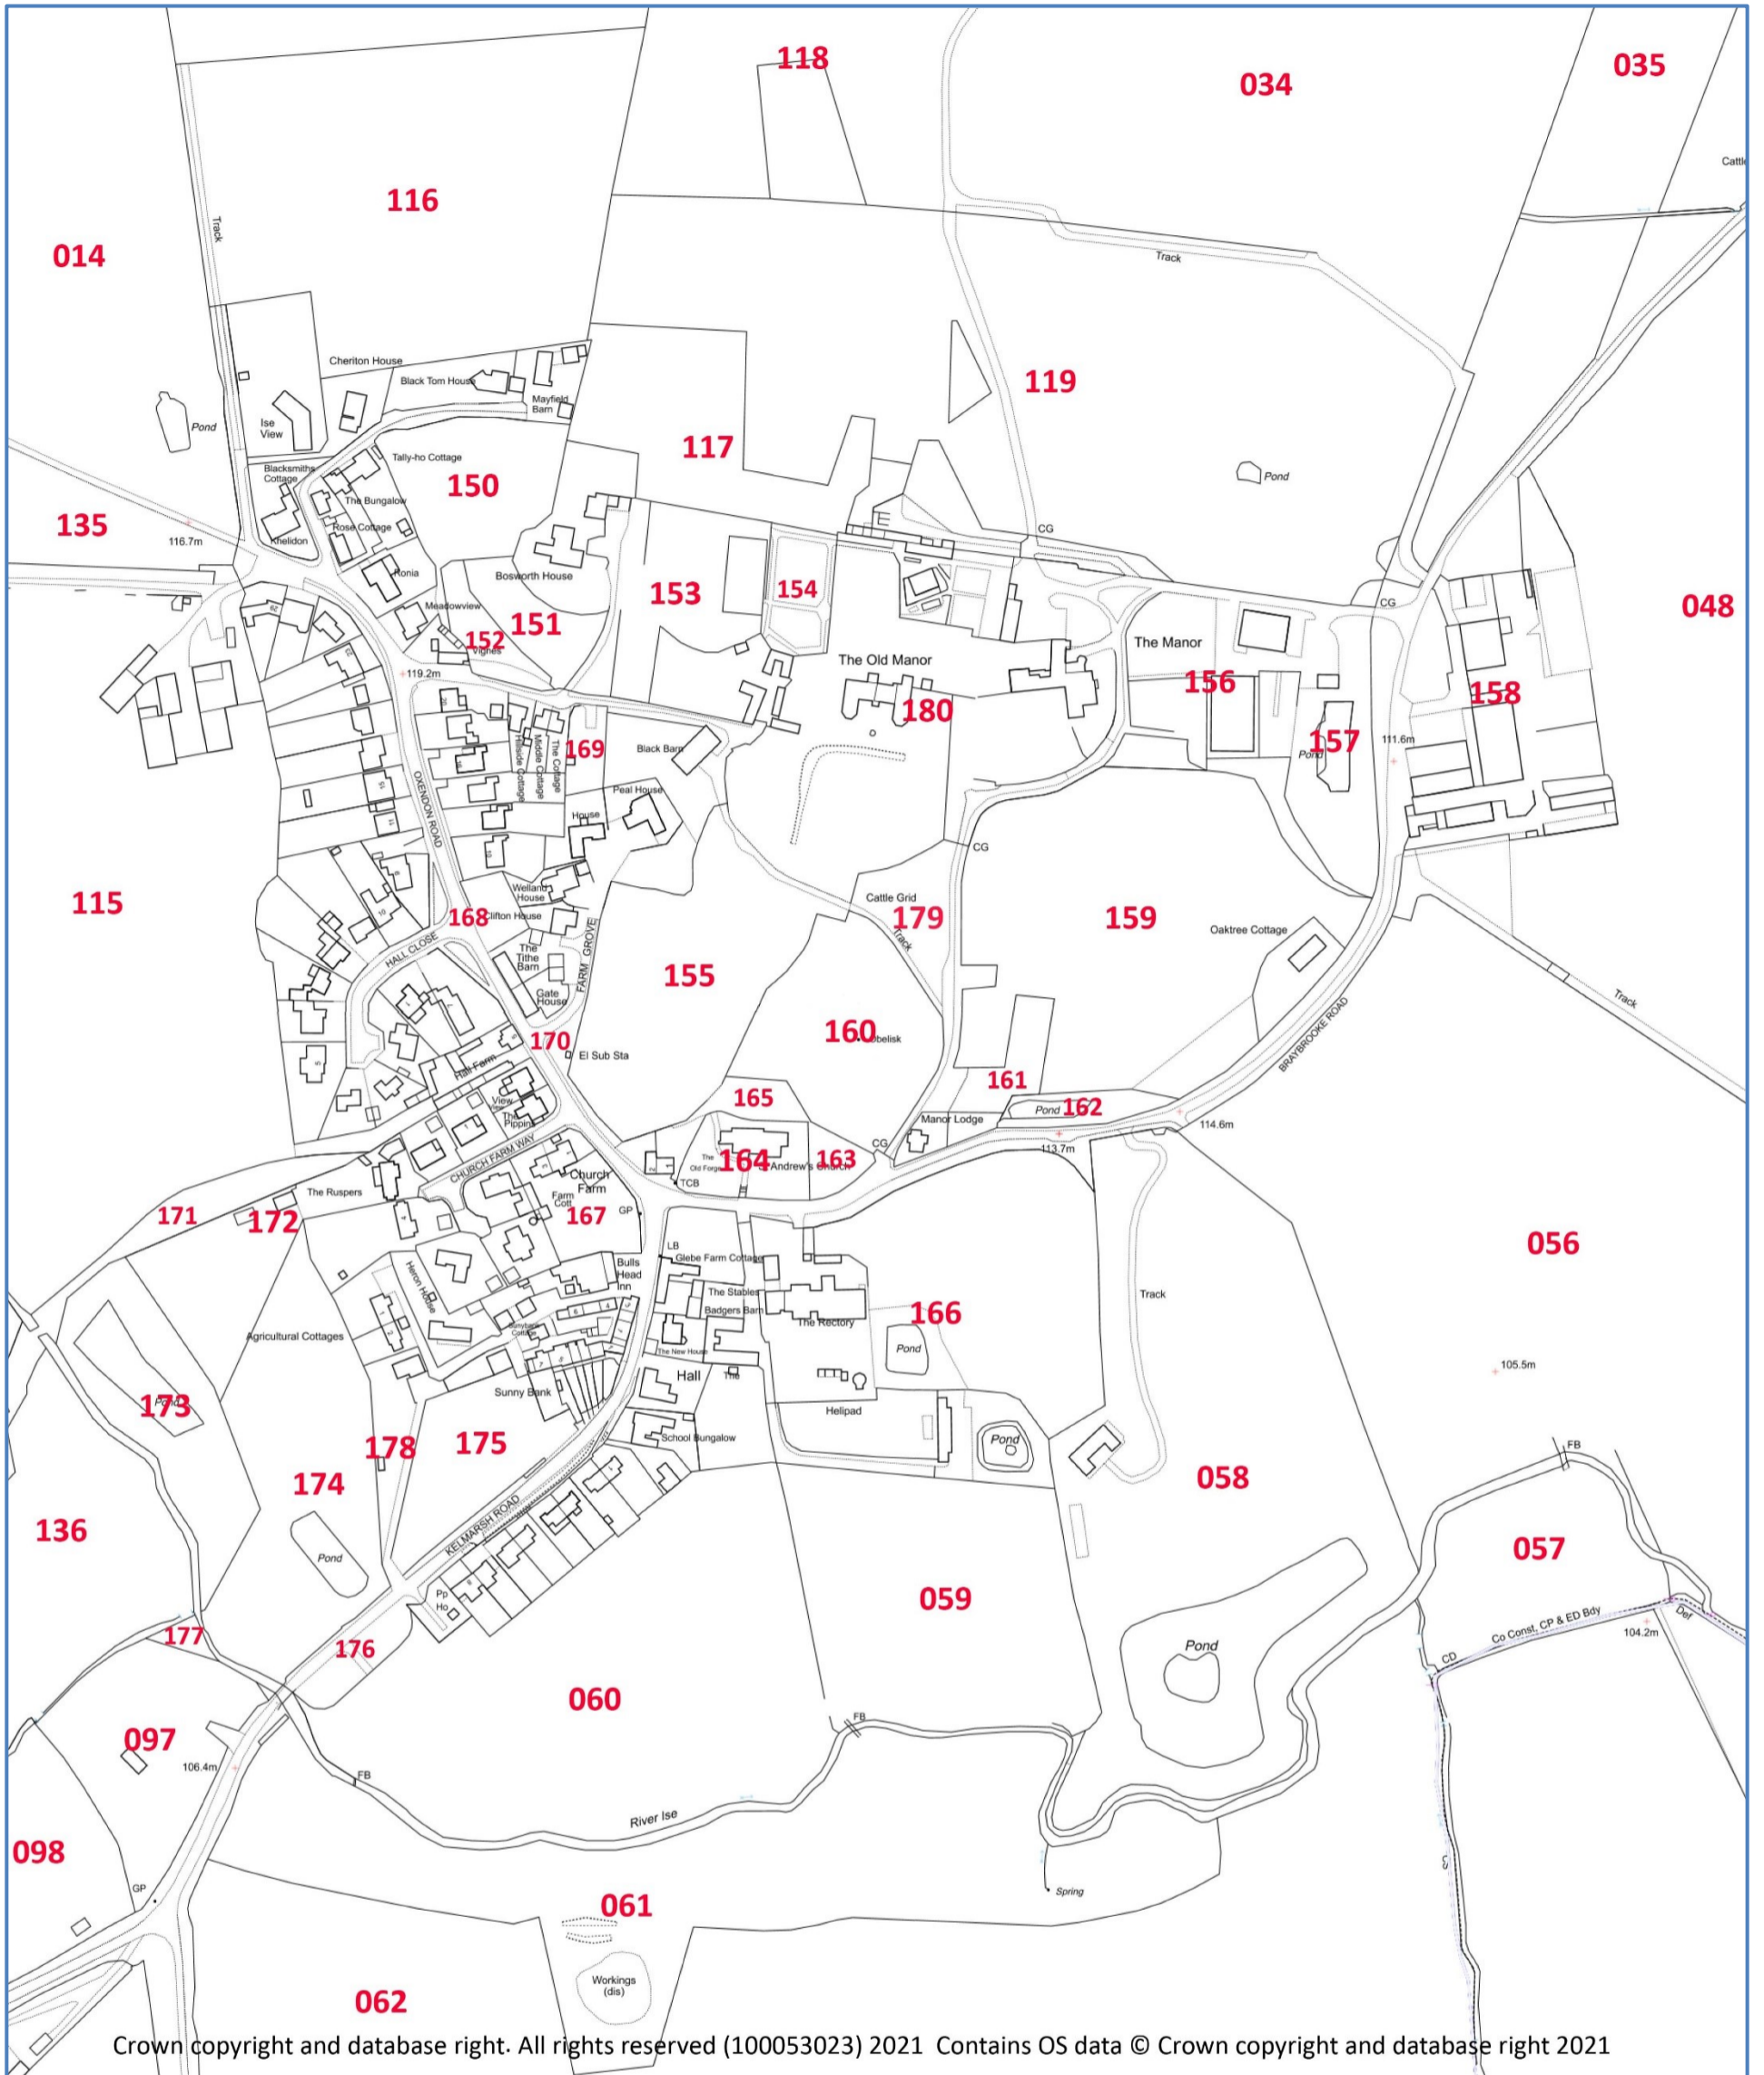

APPENDIX F: INVENTORY OF ENVIRONMENTALLY SIGNIFICANT SITES

1. Scoring criteria and system

Criterion (NPPF 2021)	Score range			Notes
LOCAL IN CHARACTER , not an extensive tract of land	N	Y		Yes is essential for LGS designation. The site should be a single bounded parcel of land, or a small, coherent group (evidence-based, with shared characteristics and in single ownership).
SPECIAL TO COMMUNITY:				
PROXIMITY	0	1-4	5	<p>5 = an open space <u>within</u> a settlement</p> <p>4 = adjacent to the settlement boundary (Limit to Development line when defined)</p> <p>3, 2, 1 = successively farther from settlement</p> <p>0 = most distant from main settlement(s)</p>
BEAUTY	0	1-2	3	Subjective, relative (give justification); use consultation 'dot' map results for views. Only the most attractive land in the Plan Area should qualify. Most should get 0 or 1.
TRANQUILLITY	0	1	2	<p>Tranquillity should be judged as a real experience; just being 'a long way from anywhere' doesn't make a site tranquil. Most sites should get 0.</p> <p>2 will probably be limited to e.g. churchyards, well-designed memorial gardens, managed semi-natural habitats where birdsong is louder than traffic noise.</p>
RECREATIONAL VALUE	0	1-4	5	<p>5, 4 = Public Open Spaces designed for sport and recreation or as facilities for children and young people</p> <p>3 = Membership sport facilities (tennis, bowls, etc.). Very well used park or other recreational space with full or comprehensive public access. Managed wildlife site with public access. Semi-natural parkland (trees, grass) with public footpaths and no restriction on access.</p> <p>2 = Paddock or grazing field with 1 or more public footpaths, e.g. well-used for dog-walking, traditional sledging field</p> <p>1 = arable farmland with public footpath but no other access.</p> <p>0 = private property with no public recreational value or access</p>
LOCAL SIGNIFICANCE:				
HISTORICAL SIGNIFICANCE	0	1-4	5	<p>Historical significance can only apply to sites and features that can be seen (to be appreciated) or are proven buried archaeological features. NB cumulative: more features/designations = higher score.</p> <p>5, 4 = statutory site, includes or comprises Scheduled monument, Listed Building, feature or structure. National Trust or English Heritage site</p> <p>3 = site with features in the County <i>Historic Environment Record</i>, Historic England <i>PastScape</i> records. <i>Registered park or garden</i>. Well-preserved <i>ridge and furrow</i>. Site includes feature, earthworks or building with known local historic environment significance – history includes 20th century.</p> <p>2 = Fainter <i>ridge and furrow</i></p> <p>1 = site of local oral or recorded history importance, no actual structure</p> <p>0 = No evidence for historical environment significance</p>
RICHNESS OF WILDLIFE (BIODIVERSITY); GEOLOGY	0	1-4	5	<p>Protection of habitats and species, in compliance with EU Directives and English legislation, at the local level of individual land parcels. NB cumulative: more features/species = higher score.</p> <p>5 = Statutory site, includes or comprises SSSI (biodiversity or geology) or other national or European designation.</p> <p>4 = County Wildlife Trust, etc. <i>nature reserve</i>, <i>Country Park</i> with importance for biodiversity, etc.</p> <p>3 – site with National, county and local biodiversity features, e.g. <i>Priority Habitats</i>, occurrence of one or more <i>Species of Conservation Concern</i> (use national or county Biodiversity Action Plan (BAP) Species lists), mapped Gt Crested newt ponds, bat roosts and foraging areas. County or local site designations e.g. <i>Local Wildlife Site (LWS)</i>, Regionally Important Geological Site (RIGS), <i>Site of Importance for Nature Conservation (SINC)</i>, <i>Local Nature Reserve</i>, <i>Community WildSpace</i>, etc.</p> <p>2 = other site of known local biodiversity importance not recorded elsewhere with e.g. BAP species, species-rich hedgerows, watercourse, pond</p> <p>1 = (parish background level), moderate or potential wildlife value</p> <p>0 = no evidence for natural environment significance</p>
Maximum possible score			25

071	Open Fields Project: Areas of Survival of Ridge & Furrow (1999/2021) in Northants Historic Environment Record (HER) Priority Habit (Natural England designation) <i>Good quality semi-improved grassland</i> , with abundant wildflowers. Ridge and furrow confirmed 2021		1	2	2	0	3	3	11
072	Open Fields Project: Areas of Survival of Ridge & Furrow (1999/2021) in Northants Historic Environment Record (HER) Priority Habit (Natural England designation) <i>Good quality semi-improved grassland</i> , permanent grassland with picturesque barn and wildflowers. Ridge and furrow confirmed 2021		1	2	2	0	3	3	11
073	Arable. PLW due to proximity of mixed hedgerow, broad margin. Permissible path (at the moment). *Good view of village from far end*	Yes	2	0	1	1	0	2	6
074	Arable. PLW as surrounded by untrimmed hedgerow.	Yes	3	0	0	0	0	2	5
075	Arable. Broad margin, untrimmed hedgerow with trees.	Yes	2	0	0	0	0	1	3
076	Arable. PLW. Broad margin. Mature mixed hedgerows. Dew pond. Permissive path.	Yes	1	0	1	1	0	2	5
077	Arable. PLW. Broad margin. Mature mixed untrimmed hedgerows, small stand of trees and a corner of scrub. Bordered by BVW. Permissive path.	Yes	1	0	1	1	0	2	5
078	[Parts, as mapped] Priority Habitat (Natural England designation) <i>Deciduous woodland</i> . Part of Brampton Valley Way green corridor (open space typology) Route of LNWR line from Market Harborough to Rugby Local Wildlife Site (LWS; NERC)	No	0	0	0	3	3	3	9
079	Arable. PLW due to proximity BVW, mixed mature untrimmed hedgerow. Small stand of trees in centre.	Yes	0	0	0	0	0	2	2
080	Arable. Bordered by mature woodland and mature hedgerow. Broad margin. Permissive path.	Yes	0	0	0	1	0	2	3
081	Langborough Wood (part) (bordered in part by stream) Three compartments, as mapped, are Priority Habitat (Natural England designation) <i>Deciduous woodland</i> Part of SW compartment, as mapped is National Forest <i>Inventory</i> site (Natural England designation); remainder of SW compartment is <i>lowland mixed woodland</i> (Northamptonshire Environmental Records Centre designation) All Potential Local Wildlife Site (pLWS, pending validation)		0	2	1	0	0	3	6
082	Arable. Woodland on two sides, BVW on one and stream on the other. PLW	Yes	0	0	1	0	0	3	4
083	Langborough Wood (part) Priority Habitat (Natural England designation) <i>Deciduous woodland</i> Potential Local Wildlife Site (pLWS, pending validation)		0	1	0	0	0	3	4
084	Langborough Field Pasture with old pit and pond Potential Local Wildlife Site (pLWS, pending validation). Old quarry area is Priority Habitat (Natural England designation) <i>Deciduous woodland</i>	Yes	0	1	1	0	2	3	7
085	[Parts, as mapped] Priority Habitat (Natural England designation) <i>Deciduous woodland</i> Part of Brampton Valley Way green corridor (open space typology) Route of LNWR line from Market Harborough to Rugby, on embankment and in cutting, including bridge over River Ise and site of Kelmarsh Station. Local Wildlife Site (LWS; NERC)	No	1	0	0	3	3	3	10
086	Includes Potential Local Wildlife Site (pLWS, pending validation) NEEDS CHECKING Northants Historic Environment Record site MNN17694 as site of Kelmarsh Aviation Fuel depot, including earthworks, railway access sidings, etc.	Yes	1	0	0	0	3	3	7
087	Arable with hedgerow	Yes	1	0	0	0	0	1	2
088	Priority Habitat (Natural England designation) <i>Good quality semi-improved grassland</i>	Yes	1	0	1	0	3	3	8
