Alton 26 is FTTC enabled but is around 2.5Km from East Worldham

ADSL Speeds are upto 2.5Mbps

VDSL Speeds are up to 4.5Mbps

So FTTC offers some help, but not to Superfast (24Mbps and above)
Hence a new cabinet (R2) is planned that will bring the fibre closer to East Worldham improving the Download speeds for premises connected to it.

Area map

Alton R2 (New Cabinet) planned for late summer 2019

Serves around 110 Premises
