- Please note the Priority column MUST be those issues which are regarded as the most important (No 1 being your highest priority, then filtering down) KCC is unable to guarantee that all your requests will be deliverable, but Project Managers can investigate your top 1 or 2 priorities per year.

Live Priorities Record

Priority	Location	Problem/Concern	What do you feel are the potential solutions?	KCC Comments (This column is to be completed by Project Manager ONLY)
1.	Flete Road	Excessive speed of vehicles travelling south once they leave the last speed hump.	Install 4 th speed hump – we are in the process of purchasing a strip of land which will be passed over to KCC to enable a lamp post to be erected. The 4 th speed hump can be then installed.	11.01.23 -Parish is still in the process of purchasing the land –will contact the officer (James Wraight) who was involved in the original design for speed humps on Flete Road. 3.01.24 On cllr Dearing's request, Land Registry is now expediting land ownership process
2	B2050 In Manston Village	Frequent speeding and reckless driving is putting residents at risk	Install 4 or 5 FULL WIDTH speed humps in village section of B2050, Manston Rd.	
3	Preston Road, Manston	Rat run traffic is increasing coupled with reckless and dangerous driving and	. Reduce speed limit to 20mph, and provide adequate speed limit signage, Recent traffic census indicates that average speed is compliant with lower speed limit.	

Please Note: Highway Improvement Plans will only be accepted if they are in this prescribed template format. **PLEASE DO NOT ALTER IN ANY WAY.** Whilst this is intended to be a living document for your Parish Council, KCC can only make resources available to review your HIP annually – **Manston's review is on or after January each year.**

		is putting local residents at risk.		
4	Manston Road B2050 from east boundary of Manston village to Haine Rd junction	Speed limit is currently 60mph and frequently speeding cars crash into the fields or onto the golf course	Reduce the speed limit to 40mph	<i>11.01.23- Will send the information on setting local speed limits from the Dft-The road is unsuitable 30mph but could possible be suitable for a 40mph-Speed survey results could support this. Will provide an outline design and cost for the Parish.</i>
