### **Parish clerk and councillors' update of matters in hand**

Cllr Fox and Parish Clerk met with Jon Beale on Thursday, 11th May, to discuss the area of concern around the bottom of Thame Road near The Green. After a discussion at the site, it was agreed that a single white line would be installed along the bottom of Thame Road to deter cars from parking where the road gets narrow, hopefully. This would allow buses, cars and other users of the road to be able to pass without disruption. 

A hornbeam tree was planted by OCC, and Cllr Fox met with the arboriculture officer from OCC. They will relocate the tree, but the tree has to be on OCC land. Once a suitable spot has been chosen and agreed upon, the tree will be moved.

### **Security in the village**

Residents are encouraged to please continue to report any incidents that they witness or experience to the police via the 101-telephone service or online via the [police.co.uk](http://police.co.uk) website.

### **Great Milton Freecycle Pavilion hall hire.**

The Great Milton freecycle team have asked the Parish Council if they would fund the fee it costs to rent the Pavilion for four events running over the next year. The cost would be £180. The most recent freecycle event was successful, with 97 people attending and 340kg of items freecycled.

The Parish Council discussed the Freecycle events are agreed to fund £90 towards the hire of the Pavilion for the Freecycle events, with a view to reviewing this after 6 months and possibly providing the additional £90 for the remainder of the year.

### **No Mow May**

OCC has cut back on its verge cutting and mowing during May to support this scheme but has been unable to stop all cutting and mowing due to the sheer amount that needs to be done. OCC has updated its schedule to prioritize biodiversity. This item will be discussed at April 2024 meeting in preparation for May 2024.

The next meeting of Great Milton Parish Council will be held on Monday, 19th June 2023, at 7.30pm at the Pavilion. The meeting ended at 8:10pm.

## **Quiz Nights**

Now that The Bull has re-opened for business, it has been agreed that we can begin again to use this facility for quizzes and similar social functions.

With this in mind, we have planned to have our first quiz of the year there on Thursday 29th June starting at 7:30pm. Tickets cost £5 pp and are available from the village shop. Because of the seating space available, tables are restricted to 4 persons per table.

Do please come along and support both the pub and the Old Field Society for whom the funds raised are supporting. Look forward to seeing you there – we really need a minimum of 40 people to make it worthwhile.

Thank you in anticipation of your support.

## The Rector's Pint

I have mentioned the theme of 'ordinary' time before, in 2018 and then very briefly only two years ago, but I believe it's worth revisiting.

The Church's major festivals are not spread regularly throughout the year, but in a way that's a good thing. Following Christmas, there is a gallop through Epiphany to Lent, and then on to Holy Week, Good Friday and Easter, the heartland of the Christian year. Then follow Ascension and Pentecost, but after that we enter 'Ordinary time' in the Church's year, the two parts of the year that fall outside the great seasons of Advent and Lent. The second period of Ordinary time begins after Pentecost (this year on 28 May) and ends with the first Sunday of Advent, so it is by far the longest season of the Christian year.

Of course, plenty of things do happen during this time. We are entering the wedding season, and we have quite a few in the Benefice this year. In June there will be two church and village fetes, one in Great Milton, on the 10th of June, and the other in Little Milton on the 17th of June.

The inter-village tug of war on 24th June, and this year it's in Little Milton. It's always a lively event, and the prize is hotly contested! The Open Gardens Day in Great Haseley was hugely popular last year, and will return on the 25th of July. Sadly, I will miss both of these as I had already booked my summer break before the dates were decided. In the autumn, we will celebrate our Harvest Festivals and Remembrance Sunday, and although these are not 'official' festivals of the Church they are much loved features of the calendar for many of us.

Whilst the great Festivals are a tremendous focus, for a minister like me, Ordinary time is a bit of a relief! There is plenty to do of course, but there is a break from the big 'extras' alongside the day-to-day responsibilities. As I have reflected before, although the word 'ordinary' actually stems from the Latin ordinalis, from which we get the word 'order', 'ordinary' can also be understood as 'everyday,' those times when nothing big or significant happens. Although the big festivals which fill our churches are really uplifting, it is perhaps in this 'ordinary' or day-to-day life when we see God most at work in our lives. The United States Conference of Catholic Bishops puts it in rather more colourful terms: 'Ordinary time is a time of growth and maturation, a time in which the mystery of Christ is called to penetrate ever more deeply into history until all things are caught up in Christ'.

Either way, it is, in fact, an important season, albeit more a paced spiritual marathon, rather than a hasty sprint!

I wish you God's blessing, however 'ordinary' that might seem.

## **An Appreciation of British Gardens**

**Neighbours' Hall – Sunday 11th June 15.00 – 16.30**

After the bustle and excitement of this year's fete, the Church is inviting you to relax with an afternoon's presentation featuring many of the country's famous (and not-so-familiar) gardens. Keen photographer Fred Cabbage is a former employee of both a regional and the national tourist board. This has given him a privileged opportunity to add to his own private visits to places throughout Britain (plus a Channel Island example). Whatever the weather on Sunday 11th June, enjoy an abundance of pictures of flowers plus a few other surprises at the Neighbours' Hall from 3 o'clock. Tea and cakes will be served in an interval when there will be many guide books to inspect. Blenheim, Watersperry or Waddesdon may be familiar in this locality but the variety of places extends to Beth Chatto Garden in the east or Tresco in the west, Tatton Park, Levens Hall, and beyond, in the north.

The presentation is one of a series of community events arranged by St Mary's Church throughout the year. No tickets required but any donations will contribute to the Church Development Project.

## View from Views

What a wonderful time of year this is everything bursting to life, as I write the “May” some 2 weeks late is a picture in full bloom as, is the case for most flowering trees bushes etc and, with the dawn chorus such a wonderful way to wake up, the birds all busy doing their thing Swallows swooping around after insects with, the incessant sounds of larks arising, plus the snatches of fragrant scents as you walk or drive past certain plants that are in flower, makes you feel the world is at last waking up.

Here we go again me moaning about the weather after rain over the coronation weekend believe it or not, we have floods again, interestingly though in spite of having 15mm rain on coronation day it was not until we had 12mm 2 days later that the river burst it's banks. Now the river meadows will once again be of no use. I think although the wet at the start of May is extremely tiresome, I do not believe it will do any harm just, as long as it does not continue until early June. Due to this extra wet in early May and, the cold spring, it is amazing now to see the resultant growth, it makes me think this is not so bad after all, as hopefully it will be helping things catch up.

We decided to plant our Lupins a little earlier this year into an excellent seed bed, this allowed them to come though the ground within a fortnight and, at the time of writing look quite promising, somewhat different to last year. The conditions were almost perfect as it has been for most other crops which seem to have recovered from the conditions they had to put up with through the winter. This is with the exception of the damage inflicted by Pigeons where there is no plant at all, I think about 2/3 of the area is going to be as good as any other year, with the rest being about 1/2 a crop with about 1/3 of that producing next to nothing. In future we will have to plan to plant the most affected area of Rape with an alternative that the pigeons don't like and see what happens. The prospects for next years harvest look promising, I will not predict any further than that, it is after all early, next months weather will be critical but, with the winter Barley now in ear the current “sweet refreshing rain will help fill the grain”, on the other hand if we have continual rain and some wind many crops will be beaten to the ground and unsalvageable then that's the farming gamble!

Times are difficult not just the general market but to get things done, our telescopic loader (jack of all trades on farms these days with the lack of affordable labour) has been out of action for some 8 weeks weighting for engineers to diagnose the problem and, then to get the spare part. As this is a machine we rely on for the myriad of little daily tasks that just have not been done, not to mention sometimes important

ones like feeding of livestock on a daily basis, it is a vital part of everyday the tasks that we rely on. This is most frustrating as no one seems able or prepared to help with a diagnosis or to speed up delivery of vital parts, as I write I understand it is now running and we can have it back. I mention this as it seems that no one seems to care about anything important any more, plus it is impossible to get hold of anyone to talk to.

I feel I must pay tribute to our recently retired local councillor Caroline Newton to me she has been everything we would want from our local representative, always there to support us in any appropriate way an excellent councillor who will be missed by us all. Whilst on the subject I wish somehow, we could be informed before an election who was standing, as I had not a clue until I saw the names on the ballot paper, there must, another time be a mechanism by which we are informed, local paper or even the council.

I recently read that, the Herefordshire farmer who dredged the river Lugg, I would not condone this action but, it does illustrate the frustration we can sometimes feel when it appears no one is listening to us. As a result of this and the support from the local population he acted, now he has to pay the consequences, jailed for 12 Months and ordered to pay £600,000. (I thought the case had been forgotten) I too am fed up with the flooding we have to put up with, caused mainly I believe by all the development that is going on in our area without, the precautions that the developer, I thought had to take. It seems the authorities are either powerless or just useless, so nothing happens, which makes the River systems, more like drainage ditches than, natural water courses. Then if this is the case would need periodic maintenance, destroying all the good works that the Rivers Trusts and, we farmers, are trying to do, to conserve nature. This though pails into insignificance while water authorities are allowed release sewage into the rivers as they do! Please someone get a grip.

## **John Howell MP writes...**

This month with the local elections we have seen people come and people go as councillors. Firstly my thanks to all those who have worked as local councillors, at parish and district in the last four years or more. Having been a councillor myself I know very well the work that is involved and that sometimes it can be a thankless task. You can never please everyone and there are always more people ready to complain than to compliment. Welcome too to new councillors. I look forward to working with you in the future.

Turnout figures show that local elections pass many people by or that many are simply not interested. I think this may be that they do not appreciate the work that is done at a local level and the decisions that local councils have responsibility for. Issues are often raised with me that I have to defer to local councils as the councils are fully autonomous and responsible for their own decisions. So perhaps it is timely to remind people what the different councils do and how elected representatives can help on the relevant issues.

Let me start with the most local level of democracy, the parish council. This the elected body closest to the community. Parish councils make all kinds of decisions on issues that affect the local community. Probably the most common topics that parish councils get involved with are planning matters (as statutory consultees), and campaigning and delivering better services and facilities for the community. They often provide allotment space, manage community centres, play areas and equipment, and deal with issues such as litter, graffiti, dog offences and fly posting. As a formal body parish councils have the ability to influence other organisations that make decisions affecting the community such as the district and county councils, health authorities, police. As such parish councils have an important role in local democracy and can be a

great resource to support a thriving community.

Some smaller communities do not have a parish council but instead have a parish meeting. These have fewer powers and are not required to meet as frequently as a parish council. However they are still formal bodies with a representative role for the community and can often help with relevant issues in the same way that a parish council can.

The next tier of local government in this area is the district council. The constituency is served by two district councils, Cherwell District Council and South Oxfordshire District Council. They are responsible for local services, including planning, housing and associated benefits, rubbish collection, environmental services, leisure services, some car parks and council tax collection. This is the level which has been the subject of much discussion on its continuance or whether it should be merged with the County Council to create a Unitary Council.

Finally we have the County Council. This is a much larger council which is responsible for services across the whole of a county. This Council is responsible for local services, including education, social services, transport, roads (except trunk roads and motorways), public rights of way, libraries, the fire service, culture, trading standards, bus subsidies, minerals, waste and recycling (disposal) and the environment.

Each of these council has elected representatives who take decisions on the relevant issues and are there to help residents in the areas of their responsibility. These people should be the first port of call to raise concerns with as they have direct access to information and, in the case of the larger councils, the officers employed to assist. Contact details for local councils and councillors are usually widely published. However if anyone has difficulty in locating the details for our County or District Councils details are available on my website under the tab labelled 'The Constituency'.

From my own experience as a local councillor, and working alongside many other councillors, I know that most people who put themselves forward for these roles do it because they want to help and support their community. I would therefore encourage residents to take an interest in what they do and seek their support if necessary. In the same way that I have been elected to be part of the parliamentary decision-making process, so they are elected as part of the local decision-making process. Similarly as I can sometimes help with issues relating to central government departments, so local councillors can help with issues relating to their councils' areas of responsibility.

As always, if there is a particular issue that concerns you, please do share your thoughts. If you would like to know more about my work on behalf of the Government, and in the Constituency, please do look at my website. The address is [www.johnhowell.org.uk](http://www.johnhowell.org.uk). My contact details are also on the website.
