

NETHER WALLOP PARISH COUNCIL

To note the NDP Steering Group meeting of 26th April was cancelled

The Steering Group meeting (using Zoom) scheduled to take place on 26th April 2021 was unable to take place, because due to last minute apologies, the meeting did not have a quorum.

This is a disappointing occurrence as considerable work on the NDP has been done by some individuals during April, but we were unable to discuss it and therefore have nothing to report to the Parish Council this month.
