Issue No. 220

**June 2019** 

Editor: Ann Williams - Owl Cottage, Wigsley Road, Harby, Newark. NG23 7EF T: 703766 E: ann.owl@btinternet.com

LAST DATE FOR CONTRIBUTIONS TO NEXT ISSUE 20TH JULY 2019

# Herrick TeK

I can help with any tech issue you may have.

Computer stopped working properly? Need help to learn how to use it?

Do you want to learn about home automation? Voice controlled lights, automated schedules to turn devices on or off.

Too many remotes for TV, Amplifier, Sky, DVD.... I can streamline it to use just one remote!

Or having any other problems with your computer hardware or software?

I can help with a whole range of "Tek" issues!

Please Call or Email me (Jason) and let me see what I can do for you.

(Harby) 01522 703662 - sales@herricktek.co.uk

# A3 Document Printing & Laminating Service

Scan, print and laminate documents and posters up to size A3 from just 5p a page.

In Harby Village Hall.

Paper size	Mono	Colour	Lamination (excludes print cost)
A4 single side	5p	10p	15p
A4 double side	10p	20p	15p
A3 single side	10p	20p	30p
A3 double side	20p	40p	30p

Portable **data projector** available for hire by village groups and residents of Harby, Thorney & Wigsley.

# Harby History Group – Louise Herrick 703662-harbyhistory@outlook.com

In March, John Rennison, research officer and Peter Heath, vice chairman of the RAF Ingham Heritage Group visited us to tell us about the history and restoration of this former airfield. The group was formed in 2010 with the aim of creating a heritage centre to remember those who served at RAF Ingham. It was also at times, known as RAF Cammeringham after a nearby village, as there was an Ingham in Norfolk and often supplies would be delivered there in error. RAF Ingham was the home of the Polish Bomber Squadrons. Poland had only been reconstituted as a republic in 1918 and soon after were in conflict with Russia. Many Polish fled to Britain. Those that had been in the air force were keen to help the RAF and their own Polish squadrons were formed. RAF Ingham was opened between 1942 and 1946. The control tower was unusual in that it stood in the middle of the air field, not the edge. Hangers were spread out rather than being all together to minimise risk. Wellington's were flown from RAF Ingham. As there were only grass runways, nothing heavier could fly. There was an instance of an emergency fuel stop by a Lancaster and as it turned out it was completely empty and flying on fumes. After refuelling, it was emptied of everything unnecessary to enable it to take off from the grass runway. John and Peter showed us pictures of the site when it was in use and told us wonderful stories about the crew seen in the pictures. These included a dog that was in a plane when it was lost at sea. The dog managed to swim back to Norfolk and was recognised as being from RAF Ingham because of the tags on his collar and was returned much to the delight of his squadron. There was also the story of a bear cub that was brought up by the crew and had to enlist in order to continue to be fed. It rose to the rank of corporal! Also, a little different to the RAF was that the navigator oversaw the plane, not the pilot. The pilot was merely considered as "the driver". John and Peter also showed us pictures of the aircraft and badges, and of the Wellington Crew Silhouette which is a memorial at the site. Work is now being done by volunteers at RAF Ingham to rebuild a married quarter. We also learned that the larges Polish air force cemetery in the world is at Newark. John and Peter also shared some stories from when they were both in the RAF. John gave us an example of Polish, in which he is fluent, along with Russian and German.

In April, guest speaker, Richard Pullen, returned to give a presentation on "The Rise, Death and Rise of the British Motorcycle Industry". The first recognised motorbike was built in 1885 by the German Daimler. Richard, however, showed us a picture of a British bike built a year earlier. Triumph began producing bikes in 1898, followed by Matchless in 1899, Norton in 1902 and BSA in 1910. At the start of WWI, the army could see how useful motorbikes could be, but it had none. It requested that people lend their bikes to it, particularly as the war would be "over by Christmas" and had large collection points. After this the army started to purchase its own and these were fitted with guns but were of no use once the war moved to the trenches, but they were still useful for ferrying people about. Richard showed us pictures of some more unusual motorbikes. One was a German motorcycle/ tank hybrid that had tracks on it. Another was the lightweight fold up bikes that were parachuted down, followed by paratroopers. These were equipped with 50 miles worth of fuel to enable the paratrooper to get where he needed and were then disposed of so are very rare now. After the WWI motorbikes were very popular with women as many had been employed during the war as couriers. Ladies' bikes with lower frames were manufactured. The death of the industry came about in the 60s and 70s for several reasons. Small cars such as Minis came on sale. They were cheap, more comfortable, sheltered you from the rain and could fit in the whole family and its luggage. The Italians started to manufacture scooters. Although the British firms followed, the Italian machines and the advertising was far sexier than the British. Whilst Italians advertised scooters with women draped in bikinis, the British advertised with couples wearing tweed trousers and anoraks.

Politicians refused to help struggling British motorcycle companies. Motorbikes had a bad image because of the leather clad rockers who were considered to be troublemakers. British bikes looked the same as in the 1920s and so did the factories, whilst the Japanese bikes and factories were state of the art. Barry Sheen also helped in killing off the industry by riding the Japanese Suzuki, making that more popular than ever. Eventually in the 1980s the British motorcycle industry started to rise again as it updated itself and its image. British bikes have been popular through time and Richard illustrated this by showing us photos of celebrities on Triumphs, including Marlon Brando, Bob Dylan, Elvis Presley, Steve McQueen and David Beckham.

Coming up: -

29 May-Stow Minster. Trip. 7pm start. Suggested donations of £2 per person.

**26 June-Downhill Lincoln.** Trip led by Brian Taylor. A historic tour of the city. Cost to be advised once numbers known but will be no more than £5 per person.

Please let me know as soon as possible if you would like to go on these trips.

#### THE ALLOTMENTEERS - Carol Dallamore

March came in like a lion but the April showers were late. Recalling the struggles coping with 2018's drought gave rise to some ideas for water saving on the allotment.

Experience has already shown that many plants survive with little watering, their roots going downwards to search out the moisture beneath the surface that we cannot see, this also produces a stronger root system and thus sturdier plants. Many, naturally, will still require regular watering such as lettuce, quick crops, seedlings whose roots are near the surface and those in greenhouses.

With ingenuity, and using kit from the usual Allotmenteer's saved and scavenged store, Hazel's shed has been rescued and now carries guttering draining rain water to a water butt. She has painted it blue, her favourite colour, giving her plot a seaside air also helped by the green and white striped roof covering. Inside had previously been tenanted by rats so with removing the debris and giving it a good clean out all is fresher and safer to work in. Delighted with the finished and now very usable shed she has already transferred some pots, beans sticks, bits and pieces to use on her plot.

Richard has moved a couple of water butts into the poly-tunnel to be topped up with water drained from his house roof. The added bonus is that in Winter, a water butt full of water can absorb heat on a sunny day, this is then gradually released overnight and protect against frost. Covering the butt with black polythene increases the heat absorption producing warmer water and hopefully longer overnight protection.

Richard is also building a large propagator with 1 litre plastic tonic/soda/flavoured water bottles. Requiring at least 12 to make one column there is a risk that he, or Carol, turns into an alcoholic trying to empty the tonic bottles fast enough!! If any one out there can help please, with bottles not drinking the gin and tonics, put the bottles in a bag near the gate of the allotments on Wigsley road, any that are not used will be put into the recycle bin.

So with a seaside air and hot tubs on our little patch we look forward to longer days and balmy evenings. Allotmenteering is not all hard graft.

# "My feet are killing me"

If this sounds like you, then call to book your appointment NOW! Most foot problems can be treated quickly and easily, there's no need to suffer in silence.

#### **Harby Parish Council Update**

#### Clerk

I would like to thank those Councillors (not mentioned last time) who welcomed me to the Parish Council and chose not to stand for re-election, namely Diane Quibell and Stuart Parkin – thank you both for your work throughout your time on the Parish Council. Stuart has served on the Parish Council for over 25 years – your vast knowledge of the local area has been of great assistance to the Council and will be greatly missed, but we wish you well with whatever you do now!

The Parish Council is always changing and evolving as Councillors and the Clerk change over time, but this is most evident every four years when elections are held. There are 3 new Councillors to welcome, Carol Dallamore, Andy Durber and Andy Waby. It is hoped that you find the Council a good place to be and will hopefully serve for as long as Stuart did! I know they will be finding their feet for a couple of months at least, but supporting, guidance and training will be provided so that they can represent you effectively.

There does however remain one vacancy to be filled, if you would be interested in becoming a Parish Councillor, please contact either the Parish Clerk or the Chair, Caroline Nolan.

The Annual Parish Council Meeting was held on Thursday 16th May. This was the first meeting of the new Council and election of the Chair took place. Whilst this is a very formal meeting, with the adoption of the Standing Orders (rules of operation of the Council) and the Financial Regulations and all other policies adopted by the Council, this does set the scene for all newly elected members, but also is an opportunity for those re-elected to review the documents that guide the organisation and ensure its legal operation for the following year. The Parish Council also reviewed and updated the action plan, so they know which direction they would like to be driving in over the coming months. Of course if there is something that you think the Parish Council might be able to do to improve the facilities/environment in the Parish, please don't hesitate to let one of the Councillors know.

The Parish Council would like to welcome District Councillor Linda Dales following her successful election in May and congratulate District Councillor Maureen Dobson who was re-elected. We look forward to working with you both over the next 4 years.

You may have noticed changes in the bus service since April – the County Council are coming out on Thursday 27<sup>th</sup> June (in a bus) to talk to residents about the changes and how this has improved (or not) your access to public transport. Please come along and let them know your views, they can only make further changes if they know there are problems, otherwise the current service is likely to remain unchanged – there should be a flyer with more information included with the TRIO.

#### Finally....

The first round of judging for the Best Kept Village takes place, week commencing 10th June for two weeks. The Parish Council have tried to ensure that the communal areas are as tidy and well kept as possible, but need your assistance to ensure that all household frontages are kept tidy too. The competition scoring sheet is included in this edition for your information, please have a look and see what you might be able to do to help increase the score received this year!

The next Ordinary Meeting is Thursday 4th July in the Village Hall Committee Room. Please see the notice board or the website nearer the time for the full agenda. Previous minutes are placed on the notice board and the website for you to peruse at your leisure. Look forward to seeing you at a meeting in the near future.

#### HARBY BOWLS CLUB - Carol Dallamore

A recent conversation has prompted me to say that Bowling is not a game specific to the retired folk! It has been led to appear so because the younger folk these days prefer computer games and less committed involvement. That said, if any one would like to have a go at Bowling give me a call. We can cater around work, college hours and abilities; also the more club members we have means less demand on each to attend matches.

This Bowling Season has started with greens still recovering from last year's drought. Lumps and bumps present quite a challenge when you are trying to get your wood or near the jack.

Understanding and getting used to how your woods move, the tools of your sport, is the key to success. Don't be put off though as even the most experienced bowler will mutter under his or her breath as the carefully aimed wood suddenly diverts from its path. At a match recently we all felt that the whole green was on the tilt as woods continually went against the bias leaving the jack isolated! Finding the 'fine' line we did our level best to keep to it but the human body has other ideas and a slight movement alters the shot completely. Both teams had the same problem so in the end we were evenly matched and to our credit we won the game.

Many Clubs run Bowling Festivals or Tournaments and these can be a great way to practise your skill without worrying about letting your Club down. Generally run over a whole day or even a weekend, Skegness Tournament is over a whole week. Bowlers travel good distances to attend these events and it is good fun to tackle some very experienced players. Watching them can sharpen one's own skills and boost confidence when you win a game, however it may not do much for theirs!

Time between games allows for socialising and, if handy, lunch at a local pub. Last year at Sleaford Town Bowling Club's Tournament we were able to use the Cricket Club facilities next door and watch some cricket as well.

And so, hoping for fair weather with a little regular rain to help the green we all look forward to another good season's Bowling.

## **Best Kept Village Competition 2019**

As mentioned elsewhere in the Trio, Harby has entered the Best Kept Village Competition again this year. Last year the judges' comments were all positive. If everyone can do their little bit to make sure their frontages are neat and tidy, we may be able to progress further this time.

The first round of judging will take place between Mon. 10<sup>th</sup> June - Fri 28<sup>th</sup> June.

The following areas in the village will be judged -

<u>Domestic Properties</u> - general maintenance, gardens, hedges, verges & frontages

<u>Commercial Premises</u> - shops, farm buildings, works entrances

<u>Community Facilities</u> - churches & churchyards, schools and playgrounds, car parks, playing fields, village hall, notice boards, footpaths, street furniture e.g. signs & benches, verges and gutters

Any other obvious efforts for the benefit of the community - evidence of volunteering, community activities, care for the elderly, engagement with young people, general involvement in Best Kept Village Competition.

DATES FOR TRIO: ST HELEN'S CHURCH, THORNEY WITH WIGSLEY

SUNDAY 2<sup>ND</sup> JUNE 10.30am HOLY COMMUNION

SUNDAY 16<sup>TH</sup> JUNE 10.30am MORNING WORSHIP FOR FATHERS' DAY

A special Morning Worship starting at 10.30am. If you would like to give thanks for, or celebrate having a dad, come along! This informal service will be followed by light refreshments. All are welcome.

4pm **HYMNS AND PIMMS** at Ivy Cottage, <u>South Clifton</u>. Great fun and all welcome.

SUNDAY 30<sup>TH</sup> 9am AN EXTRA Holy Communion

**JULY 2019** 

**OPEN CHURCHES WEEKEND**: St Helen's will be open from 11am to 4pm on both Saturday 6<sup>th</sup> and Sunday 7<sup>th</sup> July with a special CLP (Community Led Plan) exhibition showing achievements so far and future plans. Refreshments available. Do come along for a look and a chat about plans for our village. Lots of churches in the area will be open too, for those who would like to visit several.

SUNDAY 21st JULY 10.30am MORNING WORSHIP

SUNDAY AUGUST 4<sup>TH</sup> 10.30am HOLY COMMUNION

SUNDAY AUGUST 18<sup>TH</sup> 10.30am MORNING WORSHIP

Church is open every THURSDAY between 2.30 and 4pm for quiet prayer or contemplation. There are candles to light and cards for you to leave prayer requests if you wish. Please feel welcome to come along.

#### **NEWARK FOODBANK**

We are collecting once again for the Newark Foodbank. Perhaps when you shop you might like to get one or two extra items and bring them along to church. **Items MOST NEEDED at the moment are:** Tinned fish, peas, Instant mash, sponge puddings, sugar (500g packs preferred), plus deodorants and shower gel for men.

There is a long list of items which are *always* needed in church, near the collecting box. Thank you!

#### LIBRARY VAN AND COFFEE MORNING

Our Coffee Mornings are every four weeks, to coincide with the Library Van visit. Come along and support the library so that it continues operating. Tea/coffee are available in church, between 10.30 and 12 noon and there is usually a Raffle too. It's a good opportunity to catch up with village news and you will be very welcome. Children welcome during school holidays. FUTURE DATES: WEDNESDAYS 5<sup>th</sup> June, 3<sup>rd</sup> July, 31<sup>st</sup> July....

Our GOOD FRIDAY ACTIVITIES FOR FAMILIES went really well this year. Children made Easter gardens and nest cakes, parents decorated church walls with beautiful garlands all about Easter and everyone ate Hot Cross buns! We read the Easter story together and Rev Mandy helped us to answer some tricky questions! Thanks to all who came and to all who helped in any way. On Easter Sunday Rev David White led us in worship to celebrate the resurrection and afterwards children hunted for Easter eggs in the churchyard.

#### Collingham Medical Centre Presentation - Memorial Hall, Collingham

The Collingham Medical Centre (CMC), supported by the Patient Participation Group (PPG), welcomed people to an update on the current provision of medical services within the Practice area (7046 patients across 132 square miles)

#### **Current position**

CMC has a "GOOD" rating by the Care Quality Commission (CQC) in all inspected domains. CMC cares for many older patients with a prevalence of long-term conditions higher than the England average. Services are tailored to reflect this, resulting in lower than average numbers of hospital admissions and fewer attendances at A & E.

#### **Appointments**

In 2014/15, unacceptable waiting times led to changes in the team. The Senior Clinical Team of GPs and Clinical Practitioners work with an Advanced Nurse Practitioner, a Clinical Pharmacist, Specialist Care Nurse, Specialist Respiratory Nurse alongside trained Patient Care Advisors signposting patients to the most appropriate appointment. This means the wait time for a 'first available appointment' is now 1 to 2 days. Considering patient preferences then a 'second available appointment' wait time is 6 days, or 10 days for the 'third available appointment'. There are now 9 prescribers in the Practice. Extended hours appointments are available in collaboration with the Lombard Street Practice.

CMC thanked the 97% who attended their appointments in 2018 but around 1200 appointments were missed. **Please cancel if you cannot attend** so the appointment may be offered to someone else.

We were reminded that antibiotics only act against bacterial infections and that some conditions are self-limiting. Overuse of antibiotics is causing resistant bacteria strains.

#### **Dispensing**

The dispensary is owned by the partners of CMC and has General Pharmaceutical Council rating of "GOOD".

The pharmacy can offer advice on Healthy Living and Self Care and supports the Pharmacy First Scheme and operates under the Falsified Medicine Directive by scanning every box received into the Pharmacy to ensure that we receive genuine medicines. The dispensary offers a delivery service, subject to eligibility. Amidst the uncertainty surrounding Brexit the Pharmacy will strive to provide our usual medicines but may have to use some alternative brands.

#### **Patient Participation Group**

The PPG's aim is to strengthen the relationship between patients and practice. We help with communication and give practical support to CMC. The PPG updates can be found in the CMC newsletter, village notice boards, village magazines and visits to community groups.

One area of achievement of the PPG has been the increased return of the 'Family and Friends Test' (FFT). This form with the deceptive title is actually a rating of the service you received at an appointment. The CMC is measured by NHS England using this form. Members of the PPG are present once month in the waiting room to encourage the return of the FFT. Since beginning to do this the return rate has increased from about 1 a year to 250 at present. 85% say they are Extremely Likely or Likely to recommend CMC. This is a useful tool to provide comments to the Practice

The PPG collected comments from the patients creating a "You Said, We Did" action plan.

The role of the Patient Care Advisors has been explained and they now introduce themselves when talking on the phone, and photographs have been added to the screen in the waiting room.

#### **Befriending Service**

The need for a befriending service for the Collingham Patient Area was identified by the Practice and following work by the PPG, a Befriending Service has been launched. Newark Live at Home Scheme has been providing a professional and friendly service for over 20 years. The scheme provides hour-long visits to the user once a week. They will run the Collingham Scheme and referral to this service will be through CMC.

#### **Future Development**

These include a 'Health Pod' to take various readings and feed them into your medical record, to have more clinical pharmacist time, to appoint a 5th GP partner and the development of more clinical practitioner skills, to increase social prescribing for example, the Befriending Scheme and appropriate activities.

#### To sum up

#### CMC is a " GOOD" practice.

To help them to help us to get the right care first time please engage in signposting by sharing information with the trained Patient Care Advisors, give consent to share records if appropriate, allow 6 weeks for travel needs and cancel appointments if you cannot attend. Remember your Annual Review is in your birthday month and you can give feedback on our services via the FFT form and the PPG. More detailed information can be found in the Practice Leaflet and the regular newsletter. (Author: JW)

#### **Forthcoming Events Diary**

#### June 2019

Sun.2<sup>nd</sup> - Car Boot Sale, Harby Playing Fields

Sun. 2<sup>nd</sup> – St Helen's Church Thorney, Holy Communion 10.30am

Wed. 5<sup>th</sup> – Mobile Library Harby - Station Road 9.50 – 10.05, Queen Eleanor Primary School 10.05 – 10.40, Millfield Close 10.45 – 11.0–0. Wigsley – Post Box 11.05 – 11.15. Thorney - Church 11.20 – 11.50 Coffee 10.30 – 12.00
