

Childcare Sufficiency Profile 2016

Swaffham Children's Centre Area

Key Findings

Local data indicates there are sufficient number of 2, 3 and 4 year old places in the area overall. However in the parish of Swaffham, places are marginally sufficient. Depending on the level of eligible working families in the area, this will become more crucial with the implementation of the additional funding entitlement for 3 and 4 year olds

The Out Of School Clubs appear to meet demand

Parents currently have a choice of the type of provider they can access, however all the pre-schools are open term time only. The recruitment of childminders would be encouraged

Expansion is encouraged to respond to housing growth and increased funded entitlement

In this area the Ofsted judgement of Good or Outstanding is at 63% for settings and 85% for childminders

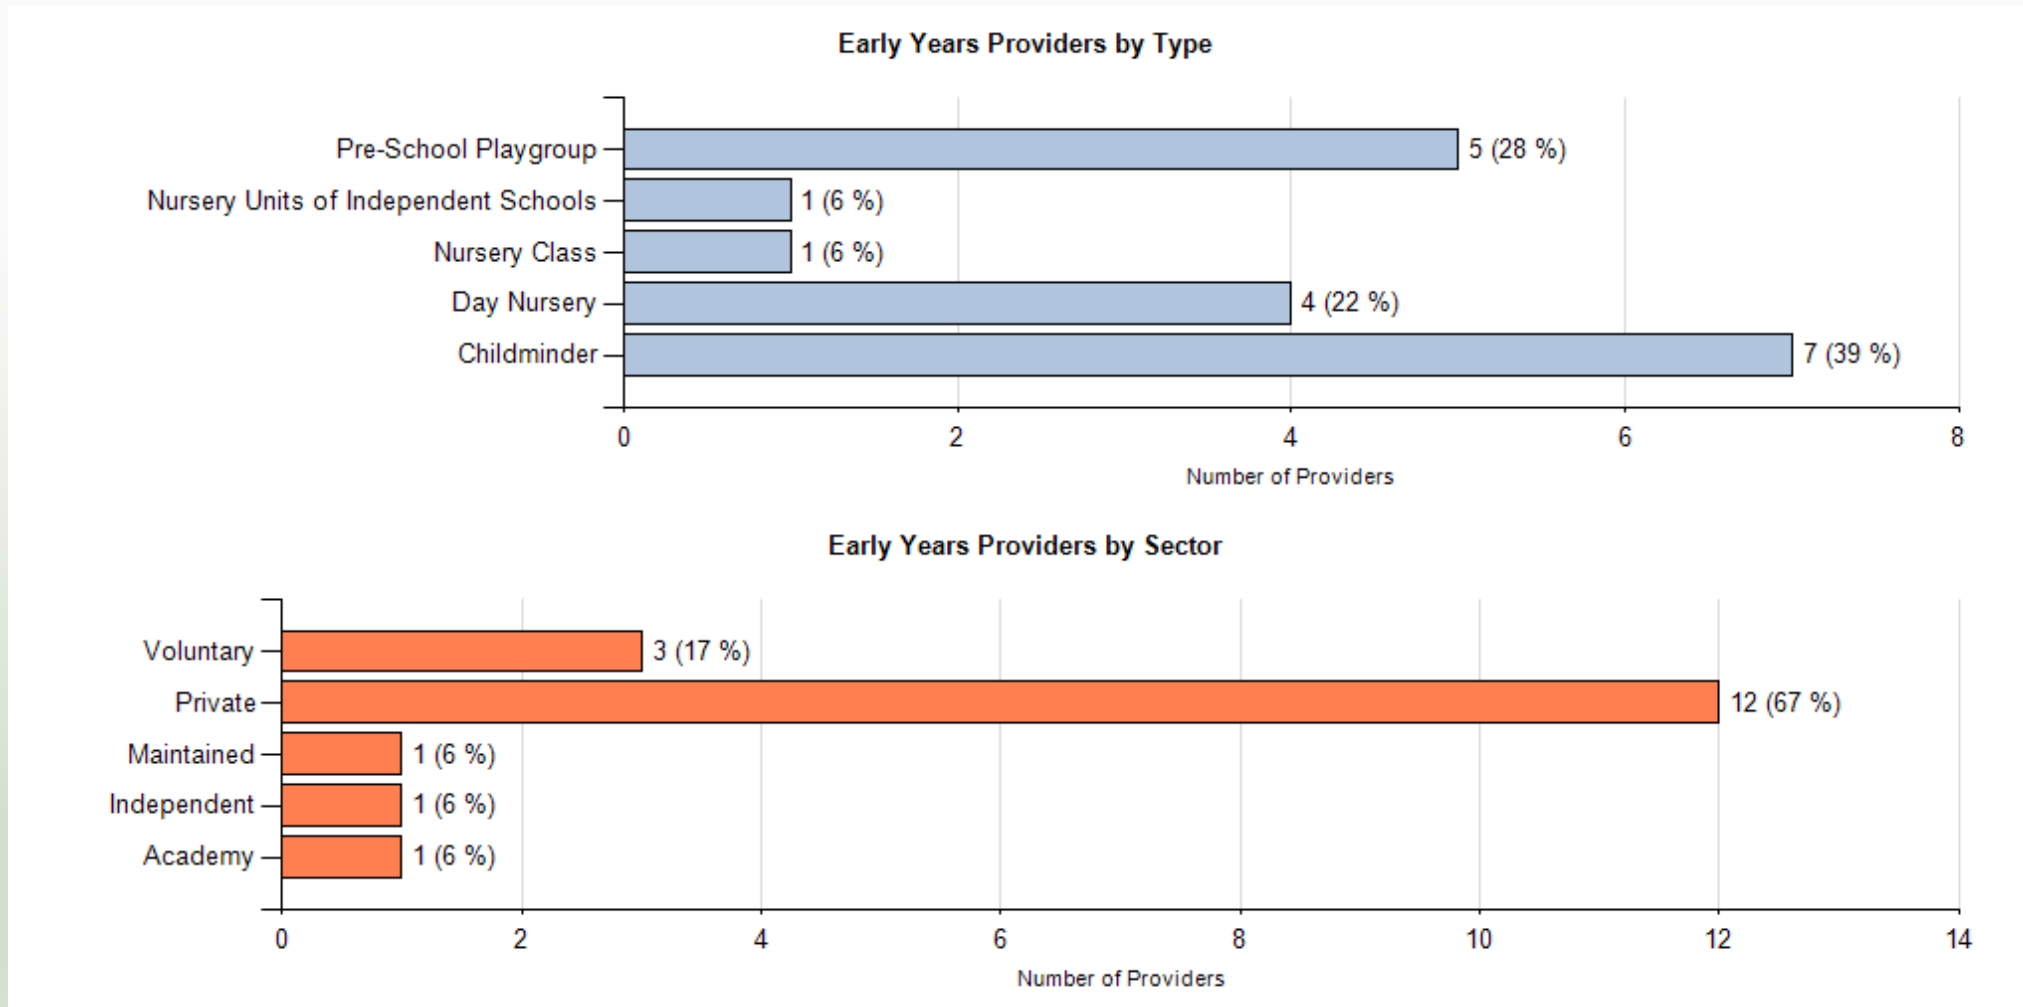

Any new provision would need to be of high quality

Demographics

There are **1093** 0-5 year olds and **414** 3-4 year olds in the area as of November 2016

(November 2016)

Key Data

There are 414 3-4 year old children living in the area

There are 7 childminders, 4 Day Nurseries, 1 Nursery Classes, 1 Independent School Nursery Class and 5 Pre-school Playgroups providing childcare for up to 446 children at any one time

There are a total of 1059 15 hour Early Education Funding places being made available though the number of these places may fluctuate. Providers choose to offer funded places to balance business needs and parental demand

Of the 446 places, 194 are available for funded two year olds

Take up for Early Education Funding for 3-4 year olds was 70% for the summer 2016 claim period

Key Data

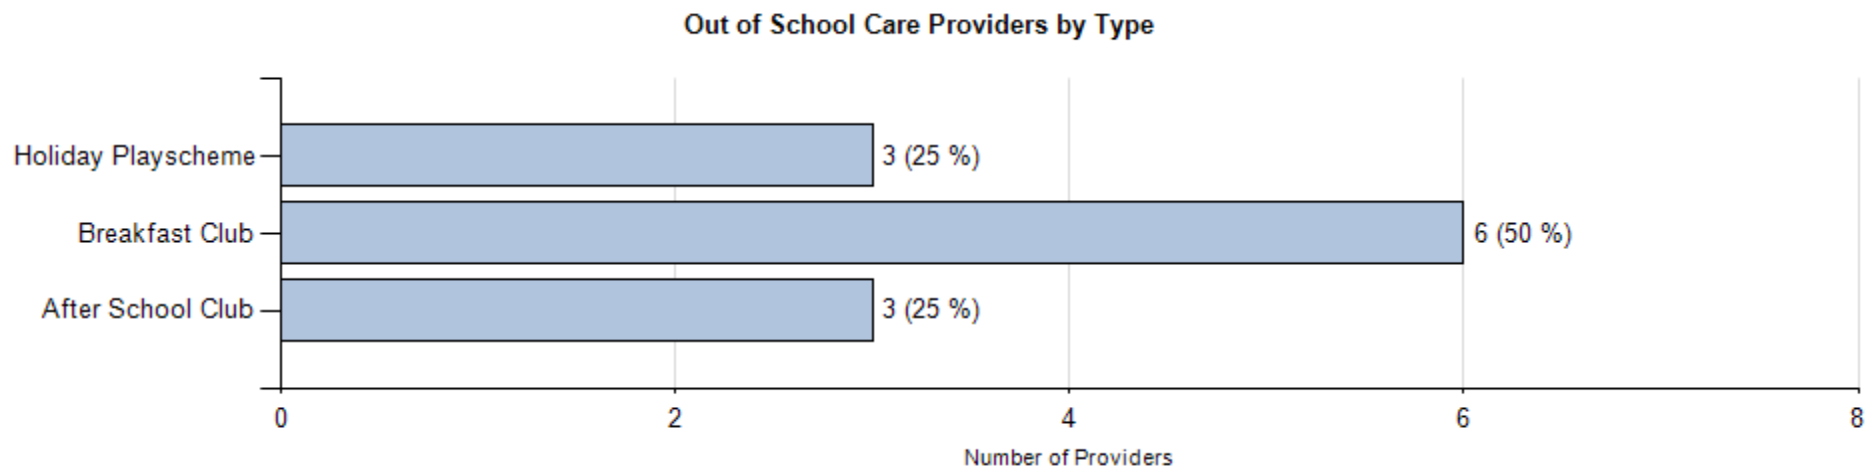

Take up for Early Education Funding for 2 year olds was 79% for the summer 2016 claim period

Of the 446 places, 259 are available all year round and 187 are available term time only

Average distance travelled to access childcare is 1.9 miles with the furthest distance travelled being 22 miles

Existing and prospective childcare providers should always undertake their own market research to understand local childcare needs, other factors such as the location of provision in neighbouring wards, travel patterns and future housing developments need to be considered when planning for places
