

Emergency Planning Update as at 5 February 2021

1. Sent a draft of the L&B Emergency Plan 2021 to the Local Resilience Forum and Wiltshire Council on 27 January for initial opinion.

Received a quick response from the Alisa Wickens from the Local Resilience Forum, followed by further extremely useful advice from Sarah Kelly of WC Emergency Planning Department. Much of which has already been added the initial draft.

2. Have requested from WC Emergency Planning Team any arrangements they may have of any other relevant emergency arrangements not already included in the L&B Plan draft.
3. I will continue to liaise and collaborate with Local Resilience Forum and WC Emergency Planning Department.
4. Have also started consultation with the Safe Place/Temporary Accommodation (village Halls, etc) custodians to confirm details. Have had a good response.
5. Next Steps - Plan to have an advanced draft available by the end of February.

Councillor Mike Robertson BEM
