

South Downs National Park - Installation Update

Issue Date: November 2022

For the latest information about installation of the replacement pipeline, please visit www.slpproject.co.uk or simply scan the QR code.

Ongoing works

- Open cut installation from:
 - Stakes Lane to Wheeley Down Farm Lane.
 - Wheeley Down Farm Lane to Petersfield Road A272.
 - Petersfield Road A272 to Tithelands Lane.
 - Tithelands Lane to Stapley Lane.
 - Stapley Lane to Petersfield Road.
 - Headmore Lane to Gosport Road A32.
 - Gosport Road A32 to Selborne Road.

Upcoming works

We expect to have completed all our works in South Downs National Park by the end of 2022/ early 2023. Generally, we will be reinstating our working areas on a like-for-like basis. The timing of our reinstatement may vary depending on weather and seasonal constraints but will be as soon as practicably feasible after the pipeline has been installed. Reinstatement will take place in spring and autumn months. The plans and nature of reinstatement are based on agreements with the landowners and South Downs National Park Authority.

If you have any additional questions email us at info@slpproject.co.uk.

You can also keep up to date with the latest news by following us on **Facebook @SLPConstructionProject**, **Twitter@ConstructionSLP** or by signing up to our newsletter at slpproject.co.uk/signup to get regular updates.

Keeping 100 road tankers off the road every day*

Based on Esso's 2015 data for its existing pipeline

Key

- Advanced works / ecology mitigation
- ST Strimming
- VC Tree and Hedge Clearance
- Trenchless crossing including work area and access
- Open cut works rural / semi rural
- Open cut streetworks
- Compound in use
- Reinstatement
- SE Seeding
- PL Planting

We are now releasing a local, area specific timeline for installation. This gives an indication of when we expect to be working in each area. We'll let you know at least two months in advance of any work starting and provide further detail of expected duration. Since we are currently progressing detailed design, the timetable may be subject to some additional change as we finalise our plans and work to reduce overall disruption during construction. Please be assured that if our plans change, we'll keep you informed. Once the pipeline is buried, it will be a quiet neighbour.

Community charter

Plenty of notice

We'll let you know at least two months in advance of any work starting and if our plans change, we'll let you know.

Here to help

We'll let you know at least two months in advance of any work. Our local team will be available by phone or email to answer any questions you have.

Information directly to you

Our local area e-newsletter and alerts will let you know what's happening. Where we are working in streets or roads, we'll operate a dedicated text service to inform interested residents.

In your area

We'll make sure information about installation in your area is easy to find on our website, in a way that is easy for you to identify what's important to you. In some public parks, we'll hold pop up events to meet with those using the facilities and give out information about our installation plans.

Talking to landowners

All landowners affected by the installation will have a dedicated member of our lands team to contact to discuss our work.

Open and honest

We'll be clear about our works and any disruption that may take place.

Safe and secure

We'll keep our team safe, and we'll keep you safe. Our commitment to health and safety is at the heart of our business and we'll make sure your safety is not impacted by our work.

Well managed sites

Our sites will use fencing suitable to the location and we'll use things like wheel-washing on our vehicles to keep the surrounding roads clean.
