

Minutes of Winterborne St Martin Parish Council (V1)

Monday 23 March 2026

Magna Community Room

Present: Cllrs, Nuttall (Chair), Fitzgerald, Hutchings, Walker, Pemberton, Eversden

Apologies: Cllrs Hosford

Democratic Period:

A parishioner expressed concern about the increasing amount of litter in the village and surrounding lanes. They described:

- Significant litter on the road to Hardy's Monument.
- Rubbish blown from recycling bins during storms.
- A lack of organised litter-picking beyond Dorset Council's pre-cutting clearance.

They explained they had begun litter-picking independently and proposed a volunteer-based "adopt a road" system. He emphasised he did not wish to organise large group events and was not seeking council funding, as equipment was inexpensive.

Cllr Nuttall suggested Facebook for volunteer recruitment; the parishioner expressed reluctance but acknowledged its reach. Safety concerns were raised, particularly avoiding litter-picking on the carriageway.

Cllr Eversden reported persistent fast-food litter attributed to drivers visiting McDonald's and that he currently clears the area informally.

Cllr Walker suggested that the high-visibility vests from the former Speed Watch group may still exist and could be repurposed.

A representative from Hardy Half marathon requested permission to use the village green on Sunday 7 May to facilitate event support and confirmed:

- Coordination with the church to avoid service clashes.
- Use of the church water point.
- Traffic management plans, including marshals for occasional vehicle access.

There were no objections from the Cllrs, but Cllr Nuttall requested their risk assessment must be submitted before approval.

A parishioner thanked Cllr Marsh for recent work on the ditch outside their property.

A parishioner asked to speak during the Washpool agenda item.

230/2025 Declarations of Interest

Cllr Nuttall declared a non-pecuniary interest in the co-option item due to knowing one candidate through a charity group.

234/2025 To consider applications for co-option to the parish council and resolve to appoint

Cllr Nuttall advised the two candidates that there is currently only one vacancy on the council and asked them both to give a brief supporting statement.

Candidate 1:

- Resident since 2009; children grew up in the village.
- Professional background in project management.
- Keen to contribute now that work commitments have reduced.
- Priorities: improving footpaths, addressing litter, maintaining village character.

Candidate 2:

- Longstanding connection to the village; returned three years ago.
- Runs a small flock of sheep and manages a large farm professionally.
- Practical and organisational skills.
- Strong interest in drainage, ditches, and watercourse management.

Cllr Nuttall thanked them both and the following questions were asked to both.

Views on development -

Both candidates acknowledged development is inevitable and must be managed sensitively.

Candidate 1 emphasised “organic growth” and protecting green spaces; Candidate 2 emphasised community involvement and ensuring development respects village character.

The Cllrs then voted using a written vote which resulted in a tie, Cllr Nuttall asked Cllrs if they wished to change their vote. None did, so after two successive votes, it was proposed by Cllr Pemberton and seconded by Cllr Fitzgerald that the Chair should use his casting vote. All agreed.

a) Area around Wash Pool. Discussion of obtaining lease of land adjacent.

Motion:

To set in train process of arranging Parish Council lease of land adjacent to wash pool on 99-year lease and costs of approximately £600/700 for solicitors costs.

Proposed by Cllr Nuttall and Seconded by Cllr Fitzgerald

A discussion took place regarding this motion.

Arguments in favour:

- The parish council would gain clear responsibility and control for maintenance and improvement.
- The arrangement mirrors the existing lease for the village green.
- The Chair noted that attempts to establish ownership through the Land Registry had been unsuccessful.
- Leasing provides legal clarity, enabling grant applications and long-term planning.

Concerns raised:

- Legal status:

Cllr. Hutchings questioned whether the land is legally manorial waste without a formal claim. The Lord of the Manor stated no claim was required.

Legal representation:

Several councillors and parishioners questioned whether the Lord of the Manor's solicitor could act for both parties. The Chair agreed this required clarification.

Parishioners referenced past land issues and urged caution.

- Alternative options:

Councillors acknowledged the complexity of manorial law and the need for clarity. The Chair emphasised practicality and the long-term benefit of securing control of the land.

A vote took place on the motion which resulted in 3 in favour, 3 against. Chair used casting vote in favour with the decision to proceed with the lease process. Resolved. Chair to seek clarification on legal independence.

Cllr. Hutchings and Cllr Eversden requested their objection and request for independent legal advice be minuted.
