

The difference in the Annual Precept (box 2) of -£364 was mainly due to planned scheduled work on village trees in 2014/15. The difference in total receipts (box 3) is due to a receipt of £190.07 VAT refund the majority of which relates to our grass cutting contractor now being VAT registered.

The difference in all other payments (box 6) is due to £625 being paid for an arborist to undertake the work on the trees and a donation of £100 to the Village Defibrillator fund in 2014/15 but an increase of £480 for grass cutting payment (now VAT registered) in 2015/16.

The Parish Council's Fixed Assets have reduced by £1 from the 2014/15 accounts due to disposal of the maypole when it collapsed in high winds in November 2015 – nominal value of £1 given as it was donated to the Parish.
