- The corner of Redannack and Lender Lane needed cutting back – the Clerk would contact Coastline Housing.
- FP49 requires some attention. There is a tree overhanging the path from Pembroke House which is quite low. The Clerk will contact the owner and Cormac.

## **6. Report from Cornwall Councillor R Gow**

Cornwall Councillor Rory Gow read a full report, which is attached to these minutes as a separate document.

## **7. Chair and Clerks Comments**

None.

## **8. Public Rights of Way**

One of the rotting planks of wood on the board walk adjacent to the Wesley Field (FP15) had been replaced.

Byway 34 will be resurfaced in with a similar material in November. It is believed that this is in agreement with Cormac.

## **9. Public Open Spaces**

Vandalism had taken place in Mullion Gardens, and around the village. Police patrols were still taking place and anyone with any problems were asked to report them to the Police. Councillor J Pascoe would interrogate the CCTV system. Names of the culprits were being given to the Police.

Dog fouling was still a problem in the park. Names could be supplied to the Dog Warden anonymously.

A fire had been lit in the Cemetery. This had been reported to the Police.

A large cross shaped headstone was leaning in the Cemetery. A stone mason would be asked to assess it and to lay it flat on the grave if deemed to be dangerous.

Landewednack Parish Council had offered an unused defibrillator battery to Mullion for a donation. It was agreed to donate £10 for this.

The war memorial needed to be cleaned before Remembrance Sunday. It was proposed by Councillor M Rowse, seconded by Councillor R Willey and RESOLVED to arrange for that to be done.

Mullion in Bloom had supplied a full report on the electrical works that were required in Mullion Garden. The report had been circulated to Councillors prior to the meeting. It was proposed by Councillor R Willey, seconded by Councillor M Rowse and RESOLVED to the electrical works being undertaken, but not to the installation of CCTV in the Garden. Mullion in Bloom would be asked to seek approval for any further funding that was required over and above the quotes supplied. The Clerk was asked to thank the Chairman of Mullion in Bloom for this extensive piece of work.

The two cars that had been parked in the Forge Car Park for years have now been removed.

## **10. Highways**

Contractors are still accessing Polhorman Lane from the site, which had been reported to Coastline. Contractors are using hoses to wash vehicle wheels instead of a proper wheel wash which would block up drains in the area. The Clerk would contact Coastline again.

Cornwall Councillor Rory Gow was meeting with the Highways Team about the 20mph roll out on the Lizard Peninsula on 4 November 2025. Most of the area had already been changed over, but Mullion had yet to see the changes. There was still concern over changes and Councillor Gow would report those back to Highways.

## **11. To discuss the move to a .gov.uk website and email addresses**

There was no update as of yet.

## **12. To receive any LGA 1972 Section 137 Requests for funding**

A thank you letter had been received from Mullion Extravaganza.

## **13. Finance and Accounts**

It was proposed by Councillor G Atkinson, seconded by Councillor R Willey and RESOLVED to confirm the accounts and to pay the invoices.

The Clerk had investigated the possibility of moving bank accounts due to the introduction of banking charges with NatWest. However, there was no free banking alternative so it was agreed to stay with NatWest.

## **14. Planning Enforcement**

It was thought that a stop notice had been placed on the creation of a track on land to the south of Half Tides, but that surfacing was being tipped there. The situation was being monitored.

The Chair closed the meeting at 8.02pm.
