

Welcome to the FERNWOOD GAZETTE

Happy New Year Fernwood

Happy New Year and welcome to 2024 Fernwood residents. We had a very busy festive period, with Christmas events in the village hall, wreath making workshops, festive markets & carol services plus a visit from Santa! Thank you to all the residents who helped to organise activities or came along to show support. As ever, residents in Fernwood went all out to ensure the village looked amazing with lights and decorations. Plus back in November we saw a good amount of snow - thank you to everyone who shared photos, some of which are printed in this edition! We look forward to planning next years festive activities and taking on board the feedback from residents with our new events committee. The Parish Councillors have continued to engage with residents over the last few months about key priorities and how we can move forward in 2024. We've progressing with the Coat of Arms to ensure value for money, planning to consult with residents on the development of the village hall and the replacement of the Ruby's Avenue play park and still completing due diligence on the potential land takeover. As always we're working closely with developers and outside stakeholders. We're looking to plan in another community litter pick after the success of last year. We're happy that the bus services have been improved but are planning to consult with residents on improvements so we can look to make recommendations. If you have any ideas or feedback for the council, we are very open to new ideas and speaking to residents. Please get in touch!

PARISH COUNCIL UPDATE

Office opening times:

Monday - Friday

10am – 1pm

Fernwood Parish Council, Fernwood Village Hall, Rubys
Avenue, Fernwood, NG24 3RS

Email: office@fernwood-pc.co.uk

Telephone: 01636 613024

Councillors meet most months to discuss issues raised by residents, planning & strategy. These meetings take place at the village hall and are published online beforehand. Residents are welcome at the first 15 minutes of each meeting for open discussion, to raise any concerns or ask any questions.

Upcoming meeting details:

Monday 19th February

Monday 18th March

Monday 22nd April

Agendas are published the Wednesday before the meeting. Draft minutes with decisions and discussions are usually published on the following Monday. Our minutes and agendas are posted online, as well as on our noticeboards which are on the side of the village hall and on Goldstraw Lane, opposite the clock tower.

You can also speak to councillors at the following events:

Coffee morning:

Most Tuesdays

10am -12pm Fernwood Village Hall

Community litter pick:

Sunday 25th Feb at 12 o'clock at the village hall

Residents are always welcome to come into the parish council office in the village hall if they have any queries. You can also follow our Facebook page for regular updates on the Council's work.

From the council

As we move into a New Year, there's lots going on in Fernwood and a busy year ahead. We're working hard to make positive changes & it feels like we're now getting in gear; it's hard to believe we have only been in post for six months!

Thank you to all who got involved over the festive period in the events around the village. As we move into warmer months I'm excited to be on the new events committee, planning large and small events for the village.

As a non-driver I have been on the new bus several times and whilst I hear there's been some bumps, it's brilliant to finally be able to get into Newark without a car. I'm also working with other councillors on the transport & travel survey to learn what residents are really concerned about. Plus championing improvements to the village hall via renovations starting soon and the playpark redevelopment.

Being a councillor has been an interesting ride so far, but I'm happy to move into 2024 with lots of new ideas for Fernwood.

Councillor Kimberley Shepherd
cllr.kimberley.shepherd@fernwood-pc.co.uk

FERNWOOD VILLAGE HALL

Hall Survey:

At our meeting in November it was agreed that we'd reengage with an architect to look at the future of the village hall as we know our groups need more space. We'll keep you updated on progress but in the meantime we're moving forward with some internal renovations to the hall including a lick of paint.

Fernwood Village Hall is an excellent choice of venue for all of your celebrations or events. In the middle of the village, we've got two halls available for hire and a secure outside space with patio and lawn. Fernwood residents are eligible for a reduced rate! The larger, main hall is ideal for the hire of inflatables and soft play for younger parties. We also offer a fully licensed bar provided by Cox Events which is a great addition to those larger, family celebrations. Visit our website www.fernwood-pc.co.uk— for our prices, photos and booking enquiry form. Alternatively email office@fernwood-pc.co.uk or call 01636 613024.

FERNWOOD CHRISTMAS

Over the festive period Fernwood played host to many festive activities across the village. A huge thank you to everyone who helped make the festive season so great for residents of all ages; our Christmas market at the village hall, several wreath making workshops and of our Fernwood Community Christmas event with carols and crafts, plus a visit from Newark & Sherwood Round Table Santa! In 2024 we're planning on hosting a Christmas market again and another main Christmas event as the village continues to grow. If you have any feedback or suggestions on how we can make 2024 even better, please do let us know by emailing office@fernwood-pc.co.uk.

We also got sent a huge number of photos of Fernwood covered in snow throughout December. Thank you to everyone who sent photos; we ended up with so many we haven't been able to squeeze them all into this edition but it looks like everyone had a fabulous time enjoying the snow. Thank you for the fabulous snowman photo from Iris & Sara, plus Stanley & Bobby who proudly showed off their snowman back in December.

YOUTH CLUB UPDATE

Hello,

We hope that you have all had a great festive break and return to school. Fernwood Youth Club will be open on Friday 12th January.

During the winter term we have had a group of young people who have taken part in Shadow 2023 an all-night orienteer event for young people around the county.

We hope there is another group next October who would like to take part in 50th Shadow event held in the county.

The club has had lots of great activities that has delivered this term cooking sessions, sport games, art and crafts and the Youth Clubs first Christmas trip which took place on Tuesday 12th December.

Remember to book in your places for next terms sessions. In order for a young person to attend a parent/carer will need to email the team to book sessions. You will be sent the code of conduct and a membership form which will need to be completed before the young person is allocated a place. Please note you can book for the whole term which will be up to the last session in March 2024.

If you wish to book a place for your young person please email the team via newarkandsherwoodyouthservice@nottsc.gov.uk

Best wishes,

Youth Work Team.

About:

Fernwood Youth Club opened its doors on Friday evenings from April 2022. The club is open to young people in years 6 to 11.

Chris, Lee, Rachel and Sylwiwa Nottinghamshire Youth Service run the club on behalf of Fernwood Parish Council.

Fernwood Youth Club provides a safe and fun space for young people in the community to keep safe and take part in positive activities from 6.30pm to 8.30pm on Fridays.

The youth club has a welcoming and supportive atmosphere. The club continues to offer a wide range of activities which include cooking, sports, crafts, and team building games.

For enquiries or to obtain a registration form contact

newarkandsherwoodyouthservice@nottsc.gov.uk

At our January meeting, the Parish Council agreed we would try to continue the youth club using CIL funds - if we can come to a suitable service agreement with the county council. We are in conversations regarding this at the moment and hope to be able to share more in the coming months.

FERNWOOD COMMUNITY CHURCH UPDATE

In a divided world, with many communities in tension, it's been a joy to experience a sense of 'people united'! At the latest count there were 12 nationalities represented within Fernwood Community Church. We have been blessed with a good age range too.

Our ideal goal is to have a congregation that represents the spectrum of the area in which we serve. We are not complacent and I'm sure that there are people from other backgrounds and cultures that we have not yet met - we look forward to meeting you! There's a glimpse of the final goal towards which the building of Christian community is heading; it is the visionary picture in the last book of the Bible of a vast gathering of people from 'every nation, tribe, people and language'. What unites them? It's faith in Jesus Christ. They all believe that he is their Saviour and their lives are lived in thankfulness for Him and His love. Caught up with love and thankfulness for Jesus, they love and serve each other and that love spills out as it embraces the communities in which those people live.

Usually an advert sells a product as fully developed and shiny new! Fernwood Community Church is not a place for perfect people on show. It's a community of broken people of all ages and backgrounds; people who are experiencing grace and forgiveness. We have found a uniting force of truth and love. We're seeking to put this into practice as we aspire to love and serve each other and reach out into the Community of Fernwood and the area. We're 'a work in progress', but we have found God's grace and acceptance in Christ.

You are SO welcome to join us!

Our main worship service is Sunday mornings at 10:30am. The 1st Sunday each month is a Family Service. Please look on our website for more details: fernwoodchurch.org.uk

Church activities

Sunday

- Service at 10.30am -12pm

Knit & Natter
every Tuesday morning
from 9:30 at the
Village Hall
Everyone Welcome

We are open every Tuesday
10am - 12pm

Serving free tea, coffee &
biscuits
Everyone is welcome

PETANGUE & BOCCIA CLUB

Last year, the Fernwood Petanque & Boccia Club received funding from the Parish Council & the Resident's Association for gravel replacement due to the Piste having been misused. Thank you to all involved plus the volunteers who came along in the pouring rain to help spread the delivery! The club meet on the Village Green at 11am - 1pm on Monday & Friday, bad weather permitting. We are mainly Elderberries but weekend games can be arranged - just call 07806 755603 for information please. All ages can play & we do have spare boules. We are friendly & would love to see you join us. For less able interested players we have Boccia sessions on Wednesday's from 11-1pm in the Salvation Army Hall - £2 a session with refreshments. We have Social events & always welcome a new face. Just wrap up warm in Winter & come along to join us. It involves fresh air, gentle exercise & a great friendship. Try it out for three times & if joining the Club membership is £10 a year.

TRANSPORT & ROAD SURVEY

As we move into 2024, Fernwood Parish Council are keen to understand your thoughts and feedback on transport and road safety in Fernwood. We all welcome the addition of the new bus service and are looking forward to future improvements from wider stakeholders to benefit residents. But we know there's room for improvement. With that in mind we are launching a travel and transport surveying covering things like buses, parking, road safety and giving residents the opportunity to share their feedback or concerns. The link to this survey will be on all of our social media channels, website and a physical copy can be collected from the village hall for those who wish to complete and hand back in person. The survey will close the end of February 2024.

You can find the link to our transport and travel survey here: <https://s.surveypal.com/2eds0xgm>

DISTRICT COUNCIL UPDATE

Cllr Neil Allen

Neil.allen@newark-sherwooddc.gov.uk

Cllr Simon Haynes

Simon.haynes@newark-sherwooddc.gov.uk

Cllr Jack Kellas

Jack.kellas@newark-sherwooddc.gov.uk

We are pleased to be writing to you again in this issue of the Fernwood Gazette and hope that this column, along with our last column, introductory leaflet and Christmas card, demonstrate our desire to keep in touch with you as your community representatives. A new year brings new opportunities and, of course, new challenges which we're here to face with you. When it comes to issues of concern relating to Newark & Sherwood District Council, whether old or new, we're here to help. Last year a number of residents reached out to us and shared their concerns, and we encourage you to contact us if you need our support. One of the greatest concerns raised is Anti-Social Behaviour (ASB) within the community, and we have a very clear message – Report it! Reporting issues when you see them is really important as we know that in most instances resources to tackle issues such as ASB are based on need and informed by data, so it's crucial to report it.

How and Who to Report to:

- For a crime in progress or an emergency, ring: 999
- To report a crime or nuisance, call the Police on: 101
- For environmental nuisance or ASB ring Newark & Sherwood District Council during normal office hours on: 01636 650000, or email us and we will share your concerns with the appropriate officers.

Reflecting on 2023: Last May we were honoured, and immensely grateful, to be elected as your three district councillors. A lot has happened since then, and as they say, no day in politics (even local politics!) is the same. We're thankful for the warm welcome that we've received from our communities, not least Fernwood, and enjoy attending and reporting back to Fernwood Parish Council each time we are able to. If you need support or have any suggestions as to the content you would like to see in our future columns, please do not hesitate to get in touch. Finally, as this is the first issue of the Gazette this year, allow us to wish you a very happy, joyful and prosperous New Year!

Sincerely,

Neil, Simon & Jack

TRANSPORT UPDATE

Fernwood has a new hourly Monday-Saturday bus service starting from Monday 8th January including evening and late night buses for the very first time. The 90 and 90C services operated by Vectare will pick up on the Great North Road (Tawny Owl side) and run via Balderton to Bay A at Newark Bus Station, then on to Farndon, East Stoke, Bingham and Nottingham.

The new six day a week timetable will see fifteen buses in each direction. On weekdays the first bus will leave Fernwood at 6.13am and run hourly throughout the day with a new late night service returning from Newark Bus Station at 11.48pm. Services on Saturdays will start from Fernwood at 7.20am and run hourly through the day with the last bus returning from Newark Bus Station at 11.10pm. There are currently no plans for a Sunday service. One morning and two afternoon weekday services will also call at Suthers School. The whole of the Parish Council welcome the news of improved transport for residents. The parish council has been banging the drum for more buses for Fernwood as one of our election promises and we are delighted that this will become a reality with all day and evening services including on Saturdays starting in January. Fernwood is Newark's fastest growing area with three new housing developments which will grow the parish from 1,200 dwellings to 4,000. We are very pleased that the public transport needs of our expanding parish are finally being recognised. And the extension of the £2 fare cap until the end of December 2024 will make the service particularly attractive from a cost point of view.

Our late former councillor colleague Julia Smith fought hard for more buses for Fernwood and secured our first ever Saturday bus five years ago. We are sure she will be smiling down on us in delight at this exciting news.

The full timetable is available on the Vectare website.

Don't forget!

You can also book the Lincolnshire Call Connect bus service by app or by calling 0345 234 3344. This service offers a pick-up and drop-off in Fernwood but must be booked in advance. It serves many of the villages between Fernwood and Downtown including Claypole, Dry Doddington, Foston and Long Bennington.

The £2 fare cap applies and concessionary bus passes can be used.

Find out more here <https://lincsbus.info/.../callconne.../callconnect-kesteven/>

OTHER VILLAGE UPDATES

Facilities for hire

The Suthers School has fantastic facilities now open to the public and sports teams for hire. This includes grass football pitches, MUGA, 120 person theatre and more.

There's also secure changing room facilities with toilets and showers available and are staffed throughout. For more details, please contact bookings@suthersschool.co.uk

Next Litter Pick

Our next community litter pick will take place on **Sunday 25th February from 12PM**. Residents are welcome to join councillors. Joseph & George have been doing a fabulous job of keeping the village tidy too. Litter pickers and bags are also available from the village hall during weekday opening hours.

Fernwood Coat of Arms

At our January meeting we resolved to frame the Coat of Arms which the council received at the end of last year. This will soon be hung in the village hall in the coming months and you can see the design to the left which shows key aspects of the village.

We have also agreed to look into new village signage at both entrances of Fernwood so the cost of the production can come out of the Community Infrastructure Levy, rather than the councils precept. We will also update email signatures and the website to get additional uses. The focus will be on value for money as we know the sign was controversial initially.

We will keep residents updated on any further developments or decisions.

THE HISTORY OF RAF BALDERTON: PART 4 - THE AIRFIELD

Messrs W. & C. French Ltd, the major contractor completed the work of laying concrete runways by March 1943. The main runway was 6,110ft aligned 08-26 (compass degrees i.e. east/west), with secondary runways of 4200ft at 113-21 and 4211ft at 15-33 with 21 pan-type hardstands.

Accommodation on the utility hutted sites catered for 2,413 persons. Stone for building the airfield was carried by lorry from Leadenham. The usual complement for a wartime airfield was three hangars, Balderton having two T2s and one B1 but two additional T2s were erected to store 32 Horsa gliders; two hangars were to the north and the rest south of the airfield.

Balderton's Runways and Dispersals

B1 hangar -NAM archives

T2 type hangars (T-transportable) was the standard temporary hangar for the RAF in WW2, 240 feet (73m) long, 120 feet (36.57m) wide by 25 feet (7.62m) high; constructed of welded and bolted steel typically clad in galvanized corrugated iron sheets (22 gauge for the roof, 24 gauge for the walls). The B1 type hangar had a width of 120 feet (36.57m), 230 feet (70m) long with a door clearance height of 27 feet (8.2m), the steel building weighed 135 tons (137 tonnes) with another 28 tons (28.45 tonnes) for the doors and guides. These were prefabricated buildings to supplement existing hangars on airfields.

Accommodation and working/technical buildings were typical of a 1940s airfield, utilitarian, in a variety of materials from wooden and Nissen huts to brick. The Nissen hut, a half-cylindrical skin of corrugated steel sheets, had many uses including accommodation, messes, churches, offices, armouries, workshops and stores. In three different internal spans of 16 feet (4.9m), 24 feet (7.3m) or 30 feet (9.2m); length was in sections in multiples of 6 feet (1.83m), usually with wooden or brick ends each containing two windows and a door frame; they could be erected quickly and windows and extra doors could be added to the sides by adding either a dormer window form or door frame by taking out a sheet and replacing it. Thousands of all the sizes were mass produced. The Quonset was the United States version.

Similar-shaped huts, the corrugated skin Romney, used mainly for stores and workshops but also messes and cinemas, had a span of 25 feet (7.62m) and be built in 8 feet (2.45m) lengths to suit requirements.

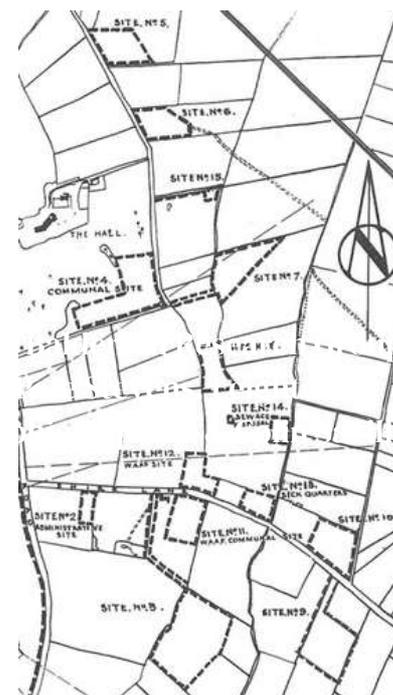

Temporary/Half Brick buildings were designed to have a life span of 10 years; a single brick wide with piers at 10 feet (3m) intervals. The walls supported a light steel frame carrying asbestos sheeting or board and felt roofing. Outside the brickwork was rendered with cement whilst inside the walls were painted, they had concrete floors. The Laing hut was of standard prefabricated lightweight timber wall sections bolted together; end sections had one central door 2 feet 8 inches (80cm) wide. Sides were usually made up of 10 sections each 6 feet (1.83m) and incorporating a steel half window frame which when combined with a left or right hand section formed a standard sized window. The walls were lined both inside and out with plasterboard and additionally the outside covered with felt. Lightweight composite roof trusses were spaced every 4 feet (1.2m) and supported corrugated asbestos sheeting outside and plasterboard inside, a single stove placed in the middle heated the hut.

By 1941 other types of hut had been developed. Seco or Uni-Seco Structures (the Selection Engineering Company) huts, a timber frame clad with asbestos sheets and a timber roof of shallow pitch with a plasterboard ceiling beneath. The prefabricated panels were a sandwich with a wood-wool filling between sheets of corrugated asbestos-cement.

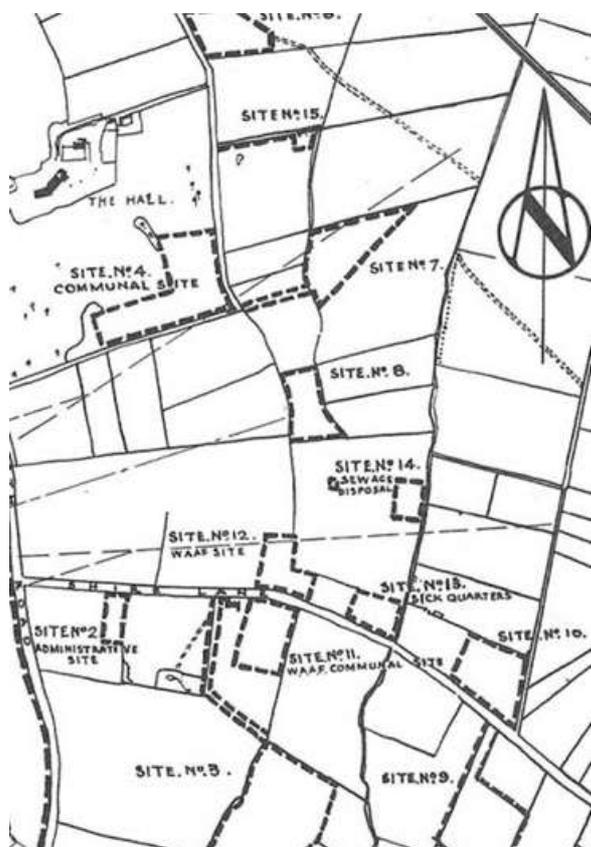

THE HISTORY OF RAF BALDERTON: PART 4 - THE AIRFIELD

Handcraft Huts were made of bolted together asbestos sheets with cement rendered brick structures for the end elevations from the Handcraft Works in Watford, home of the Universal Asbestos Company Ltd. BCF huts were manufactured by the British Concrete Federation; these light huts were made from prefabricated sections of reinforced concrete. Prefabricated 'cruck' uprights on brick plinths held concrete blocks fixed horizontally to form walls, and steel trusses supported corrugated Asbestos roof panels. The huts were usually 65 feet (19.8m) x 18 feet 6 inches (5.6m) in size. Balderton's over 70 Technical buildings were a mix of Brick, Romney, Nissen, Laing, Handcraft and Seco construction.

Stores and Workshops were Romneys, the Radar workshop Seco, offices were Nissens as were the [air]crew locker and drying rooms, WAAF/RAF rest rooms and camera store; temporary brick was used for the Control Tower and guardroom. Handcrafts were used for camouflage storage. One somewhat unusual building at Balderton was two cottages requisitioned in 1941 and used for radio communications; surviving the war and demise of the station they returned to and remain in domestic use.

Technical and Administration sites

Domestic and Sick Quarters sites

Pictures from Newark Cemetery website
Cadet Couzin-Wood was buried in Newark Cemetery, Keith, pictured, was a member of the Southend-on-Sea Squadron of the Air Training Corps and from Leigh-on-Sea, the youngest of four.

Accommodation on the various dispersed sites to the East of the A1 was mainly Nissen or Laing huts but at Balderton included some BCF and Handcraft. Huts lacked any sort of luxury, cold and damp with sparse heating in winter and, the Nissen huts especially, could be hot in summer with probably a mile or more to walk or cycle to and from their workplace for the airmen.

Accommodation Nissen huts was used for all ranks but space depended on the rank, officers had a room each with a batman's room for senior officers. Eight sergeants shared a single room while other ranks were 12 to a room. Laing huts when used for accommodation housed six senior officers plus a batmen's room with a central corridor and a small stove for each room whilst airmen and women were housed 24 to a single room hut, airwomen had the 'luxury' of an internal chemical toilet but men used communal ablutions blocks. Heating was from a single pot bellied stove in the centre.
