

# St Mary's Ashendon – report 2023

It is with much gratitude that we celebrate the retirement of Peter and Felicity Smettem from the Parochial Church Council and in Peter's case as churchwarden. Felicity has been a member of the PCC for 36 years and Peter has been Churchwarden for 25 years. The legacy that they leave behind is tremendous: they have been at the centre of almost every activity that church undertakes. We can be grateful that under their guidance the church fabric is in as good a condition as can be expected from a building that was constructed in the twelfth century, that our finances are stable and in reasonable health, and that the church has a voice that is heard throughout the village (not least because of the refurbished bells). As they point out that they are not leaving the church, so we hope we can look forward to more years of continued contribution from them both. We thank both of them from the bottom of our hearts for all they have done for the church.

We are running at three services each month: Lego church, worship which involves building Lego models (for both children and adults); a service of Holy Communion which is well attended (given the size of the village) and a more informal service of morning prayer. We are actively looking at how we can further develop our worship to include more people who would be interested in our activities but not in a formal service.

We have started broadcasting our monthly Communion services and our major Festivals on Facebook. There is a small following, which is impressive given we don't really advertise this service. This is in addition to the weekly Zoom service of Compline held every Sunday, technically managed by Peter Johnson and Imogen Holbrook.

The number of members of the village who support the church in one way, or another is breathtaking. This ranges from everything from keeping the church clean, tidy, and beautifully decorated with flowers through mowing the churchyard, organising, and helping run events such as the Harvest Supper and the Christmas Bazaar to the clerical work involved in administering a church. The attached list has 20 headings (which is certainly not all the activities) and lists 56 individual names, plus the WI (behind which stand yet more names). That is around 20% of the village (Our apologies to anyone we have accidentally omitted). We are grateful for this support and to celebrate this, we had a service of thanksgiving for all this support ("Love your church").

Looking forward we are not without our challenges. Looking at the infrastructure, the roof of the church is starting to show signs of needing replacement (it is over 70 years old) and there is movement in some of the stonework that will need close monitoring. Looking at our worship, attendance at some of our festivals is waning, such as Mothering Sunday, Harvest and Remembrance. We need to find new ways of keeping ourselves relevant in the modern world. However, we believe that we are well placed to face these challenges and look forward to report on them in the years to come.
