- The Funeral Director is responsible for arranging for the grave digger. Where an existing burial plot is to be re-opened the undertaker must make arrangements for the depth of the existing burial to be checked at least 5 working days before the proposed date of the re-opening to ensure there is sufficient legal depth for a second burial. There must be no less than 6 inches of soil separating the first and second interment and no less than 3 feet of soil between the top of a casket/coffin and the normal ground level. The Parish Council does not accept any responsibility for historic insufficient grave depth.
- Where no Funeral Director is used, the applicant is responsible for arranging the grave digger. All soil must be removed from the cemetery. Any soil left behind will incur a £50.00 fly tipping charge. Graves must be re-turfed following the interment.
- All graves must be at least double depth (7 feet)
- Up to four sets of ashes may be interred in an ashes plot, but plots may not be purchased in advance.
