

MARKETING MANAGERS REPORT

COUNTY AGM 10-11-2019

We have had the delivery of County Shirts and Jackets, which were ordered much earlier this year to beat the rush that seems to happen in the New Year. The manufacturer has increased the cost of the Jackets this year, which when challenged we were told that it was their standard practice to raise the prices every year.

I have been in touch with a company in Gloucestershire called Zapkam, they have seen our County design and seem confident that they can replicate it. I have asked for a sample of each to be made along with their current prices. I will be meeting with them before the A.G.M. so hopefully, I will have some idea of the prices.
