1	07/04/2025	Multiple Residents	Planning	Corbet Arms Planning Application 24/04016/FUL	Clerk/LM	Planning application 24/04016/FUL granted permission for the extension of The Corbet Arms Public house, attached to the planning permission granted was a planning condition that require the applicant prior to commencement to submit a scheme detailing a Traffic Regulation Order, and carry out the works prior to the extension being brought into use. At the request of Uffington Parish Council there has been ongoing dialogue between Shropshire Council officer (Traffic Engineer - Dave Gradwell and myself) and representatives from the Parish Council in relation to the likely extent of the works. However, at this time we have not received a discharge of condition application from the Corbet Arms, I have written to the planning agent but not received a response. The Parish Council are keen to see a scheme implemented and therefore if the works at the Corbet Arms does not come forward they have requested Shropshire Council look to implement a scheme. This would however be subject to funding and formal consultation process. Regrettably, at this time we do not have a timescale for the delivery of double yellow lines either by the applicant or Highway Authority.	Yes - Highways Dept.			***IN PROGRESS***
2	10/11/2025	UPC	General	BESS Working Party	LM	sub-bullet point (excerpt from July '26 minutes - 26/44) and update to RS as lead for UPC BESS – Section 106 negotiations, applicants failed to get connection to grid. Next opportunity for this will be 2035. As planning hasn't been granted, cannot seek judicial review to get it revoked. Alternative is to acquire part of canal to cut off access to site through a Community Land Trust. Started conversation with company Antony Collins recommended by Marches Land Trust. Would also benefit wildlife sanctuary and Canal River Trust. Set up a Board which will then extend to membership, looking at ways to fund this. Possible joint working with Upton Magna. Expression of support and possible financial support.	No			IN PROGRESS
3	13/07/2026	Multiple Residents	Local Plan and scoping	Local Plan working party to be set up to tackle Shropshire's Local plan proposal.	All	Members of the public encouraged to put themselves forward as part of a working party. Interested parties to contact the Clerk by mid-August 2026.	No			***IN PROGRESS***

4	01/06/2026	Multiple MOP	Outdoor Recreation	Canal path (weeds, overgrown/inaccessible areas- Mill Lane) along with broken gate in need of repair. Wooden finger-post sign (near Tower Farm) needs refitting, fallen down and leant against a wall.	LM	Helen Beresford - Outdoor Recreation Dept has taken responsibility. Helen is visiting Uffington 27/7/26 to assess the issues and will report back/confirm action to be taken.	Yes, Outdoor Recreation			***IN PROGRESS***
5	01/06/2026	Multiple MOP	Highways	Village "Uffington" signs: grubby with hedge growing around them, in need of a clean and the surrounding verge trimming	LM	Graham Downes - Highways Dept has taken responsibility.	Yes, Highways			***IN PROGRESS***
6	01/06/2026	MOP	Streetscene	Unecessary noticeboard to be removed (on the wall surrounding Manor Farm) unused and an eye sore	LM	Contacted streetscene and awaiting a response re:area of responsibility.	Yes, Streetscene			***IN PROGRESS***
7	01/09/2026		Highways	Blocked drain (Church Road)	Clerk/LM	11/11/26 Mick Rockett to raise another job to replace a broken catchpit cover 1768102 at this location so that the crews can jet the main carrier pipe in the footway and establish the cause of the blockage 1768146. At present, Highways suspect there may be a broken pipe, potentially as a result of the Severn Trent Water hydrant installations, but further investigation is required to confirm this.	Yes, Highways			***IN PROGRESS***
