

President's Report 2022

Congratulations to all Members you have made 2022 a memorable season for our Club.

We have bounced back from two Covid affected years very positively, while we have had some Mixed games cancelled by us, we have played far more matches than any other club we play during the season.

Feedback has been positive and from my observations members have enjoyed bowling this season, good weather with plenty of sunshine always adds to the enjoyment. A fast playing surface helps those who have difficulty playing on heavy greens. You the members have made Wellington a welcoming club for our visitors, very positive comments from many clubs, they look forward to visiting us.

We have seen a good number of new members joining us , some with bowling experience but the majority new to the sport, it is important that we ensure they are made welcome and helped to understand the game, and are encouraged to participate in Rollups and competitive bowling if they choose.

As in all good clubs the work carried out by those in formal post and those who help, often unseen makes the difference to the smooth running. To all those people I Thank You on behalf of all members.

It is with concern I note we have several Key post with no nominations being proposed prior to our AGM. Please do not assume someone else is going to volunteer. If I can amend a famous statement from the past.

YOUR CLUB NEEDS YOU

Paul Kelly
