- 3) **Declarations of Interest:** There were none at this point
- 4) **Public Comments:** A gentleman spoke on the Lyth Hill Country Park. He was aware that Bayston Hill had agreed to fund 50 %of the park through their precept. He said that an officer from Shropshire Council had asked him to do a survey of users of the park. Councillor N Evans replied that Longden would be considering whether they would contribute towards the running of the park later in the agenda.

Another resident was concerned that if the park was not maintained then it would become a place for drop outs and dumping unwanted rubbish. She reminded those present that there was to be a meeting on the Parish Plan on 21<sup>st</sup> September at the Tankerville Arms.

Planning application 16/02395/FUL. A resident spoke on the application for 7 bungalows in Longden, There were many issues with the drainage, and there is an old Oak Tree (which has a TPO on it) which would be in danger from works needed for an adequate drainage system to be put in place. It is not in a sustainable location. Also access to the existing drainage and services is in ground which does not belong to the applicant.

Planning Application 16/02752/EIA

There were very many concerns with this application.

- a) Insufficient room for the lorries
- b) The lanes and hedgerows will be ruined and destroyed
- c) There will be an increase in vermin
- d) airborne diseases
- e) No increase for local work as these units use few staff
- f) There will be an increase in traffic
- g) It is close to the Shropshire Way and will detract for walkers' hikers and cyclists' enjoyment of this.
- h) The odors from 50,000 chickens per unit will be considerable particularly when the excrement is spread on the land.
- i) There are concerns that the excrement spread on the land will leach into the ground and then into the watercourse and stream.
- j) There will be a considerable and continual noise from the 36 fans installed to cool the buildings.
- k) When the chicks are removed there will be Lorries running all night for the changeover. This will be from 2.00 to 7.00am
- l) There is no evidence that the bio diversity of the site has been looked at.

The applicant spoke and explained they were a family business looking to diversify in these difficult times. There are many rules and regulations they have to comply with for the health & safety of the chickens.

He explained that the clean out and chicks brought in has to happen in one day so would not be necessary to go through the night.

- 5) **Police Report:** This had been circulated to members via e-mail
- 6) **Confirmation and Acceptance of Minutes of meeting held on 1<sup>st</sup> June 2016:** It was agreed that these were a true and accurate record of the meeting. Proposed by Councillor C Rigby; seconded by Councillor M Whittall and agreed by all members present.
- 7) **Matters arising:-** Clerk reported that she had received an e-mail and had forwarded it to all members about the speeding in Longden Common and the Safer Roads Partnership from David Perridge. It was agreed that yes please the Parish Council would like the enforcement offered in Annscroft & Hookagate to go ahead as soon as possible. The members would like clarification on what would be considered in Longden Common as we have a VAS there.  
She asked members when they would like to have a site meeting with the Project Manager with E-on. After discussion the members agreed that they would request phased replacement costs for the lights within the parish rather than a site meeting. There will be many demands on the Parish Council coffers in the future and this seemed the best way forward at the moment.

Minutes July 2016

Dated Wednesday 7<sup>th</sup> September 2016

*After discussion it as agreed that the Parish Council do not support this application for the following reasons.*

1. *The access to the development has not been agreed with the Highways Authority .It is off an unadopted lane. The applicant does not own this lane and may not have the legal right to improve the lane to the required standard*
2. *There are concerns about the foul drainage. The application proposes a package treatment plant for this but there is no watercourse available for the outfall to be discharged into. This would therefore not be suitable for their purposes.*
3. *There are proposals to deal with surface water drainage by the use of soakaways. There are 7 properties proposed and the quantity of water from them would be considerable and there is no indication of how the improved part of the unadopted lane would be drained.*
4. *There is a mature Oak tree which would be disturbed by the provision of this development and the drainage channels which would need to be provided to deal with the surface water from the site.*
5. *The development is in conflict with CS6 as this development extends development into the countryside.*
6. *The development is not within the area identified for some development within the village.*
7. *The proposal is in conflict with CS6 as it does not reflect or enhance the natural or built environment or reflect the character of the locality.*
8. *It is not sustainable as it fails to meet the social and environmental elements of sustainable development as expressed in the NPPF*  
*Proposed By Councillor M Whittall; seconded by Councillor C Rigby and agreed by all members present.*

- Reference: 16/02481/FUL  
Address: Thohebro Court, Longden Road, Longden  
Proposal: Erection of detached open market dwelling and garage together with the creation of a new vehicular access.

After discussion it was agreed to support this application. The Parish Council would like the entrance to be larger as it was felt the one proposed was too small and the splays need to be wider for traffic safety and people exiting the site. *Proposed by Councillor C Rigby; seconded by Councillor M Whittall and agreed by all members present.*

### **iii) Council to consider new applications received after 27<sup>th</sup> June 2016**

Reference: 16/2515/FUL

Address: Little Vinnals Bungalow

Proposal: Erection of Holiday Cabin to include the change of use of land.

*After discussion it was agreed to fully support this application. Proposed by Councillor M Whittall: seconded by Councillor K Lovegrove and agreed by all members present.*

Councillor Merrick agreed to do this .The surface at Longden Play Area needs surface cleaning with a pressure washer and brush. Councillor Lovegrove to make enquiries for this.
- 14) **Council to review and adopt Complaints Policy.** The clerk explained that she had taken advice on where members of the public could go to if they were unhappy with the Parish Councils response to a complaint. - 15) **Councillors to report on meeting held on Thursday 9<sup>th</sup> June with regard to the Parish Plan or Neighborhood Plan Light.** At the meeting it had been decided that the working party group wanted to revisit and update the Parish Plan.
